LIVED ON BUTTER ON A DESERT ISLAND

PROVIDENCE, R. I., April 29—"I'll tell you all about it," said what is left of the old sailorman whom the boys call captain.

"I counted up the stock on the trees and found that there were fourteen nuts ripe enough to eat, and I saw my finish if I wasn't taken off before many days.

"I sweated on oil ships and lumber schooners in southern latitudes, but the smell of kerosene or pitch is balmy alongside of sugar—raw sugar in bags.

"I lay on my back, getting a breath now and then, thinking that Evelyn had lost a good first mate and wondering how long I'd last out in that sea.

"I dug my heels and hands into the sand and managed to hold on until the wave receded. Then I rolled over and crawled up the beach a few yards and dropped off to sleep.

"After stretching every joint I managed to stand up and saw that I was on a small key, with nothing in sight but four coconut palms and some wreckage.

"I swam on my back right into the combers, and the next thing I knew I was flung on a hard shell beach, so exhausted that the next wave rolled me over and washed me hither and yon.

"I was in the water maybe a couple of hours and the squall had blown itself out. The moon came out from the top of a wave, but there was no ship in sight.

"I was on a small key, with nothing in sight but four coconut palms and some wreckage. I walked all around the little island and back to the trees where I clubbed down a couple of coconuts and pounded them together until I broke one of them and drank the milk.

CHOES FROM THE WESLEYAN

The Wesleyan Says—Rev. R. Williams is recovering from an attack of gripe. Revs. Crowell and Aikens have been giving interesting Sunday evening addresses in Halifax on the Missionary Congress.

An exciting game of baseball was played between the MicMacs and Teddy Bears at Victoria Park on Saturday afternoon. The game was fast and clean throughout and a large number of spectators found things as interesting as they could desire.

"I opened one of those cans with my knife and didn't stop eating until I had emptied it. My, but it was good! I allers did like butter and could make a meal any time of bread and butter or sea biscuits with butter on them.

"I did the Crusoe act for fair without any man Friday. I set up a flag-staff with my shirt on it and made the big smoke by day and the kerosene flares by night.

"I was in the water maybe a couple of hours and the squall had blown itself out. The moon came out from the top of a wave, but there was no ship in sight.

Floorglaze makes floors sanitary

No carpeted floor is ever clean. Neither is any floor coated with the usual floor-finish. The one is dust-laden always. The other harbors disease in its cracks and seams.

Floorglaze coats a floor with a sheer sheet of unbroken beauty, without a crevice a germ can dwell in. And it won't wear off, no matter how you treat it.

Floorglaze is the Enamel that comes in ten beautiful shades, to suit any decorative scheme. A gallon covers 500 square feet. It dries hard over night with a fine brilliant gloss.

Floorglaze makes floors really sanitary, dustless, washable,—and it will stand outdoor weather as well as in floor wear.

They have Floorglaze at the store. Else, please let us know, and we will see you get it. You would find our Free Book interesting reading. May we send you a copy? Ask on a postcard.

HER PHYSICIAN ADVISED

Taking Lydia E. Pinkham's Vegetable Compound

Columbus, Ohio.—"I have taken Lydia E. Pinkham's Vegetable Compound during change of life. My doctor told me it was good, and since taking it I feel so much better that I can do all my work again. I think Lydia E. Pinkham's Vegetable Compound a fine remedy for all women's troubles, and I never forget to tell my friends what it has done for me."

Another Woman Helped. Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth more than gold to me. For the sake of other suffering women I am willing you should publish my letter."—MRS. CHARLES BARCLAY, R.F.D., Graniteville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.
