VANCOUVER PAYS HOMAGE TO ROYAL COUPLE

TRANS-ATLANTIC FLIER STILL UNREPORTED

AIRPORT OFFICIALS GIVE UP HOPE

Flight Of Thomas H. Smith In Midget Plane Described As Sheer Madness.

LONDON, May 30—(Tuesday)—(AP)—Officials at London's Croydon Airport early today gave up hope of sighting Thomas H. Smith, attempting a trans-Atlantic flight in a midget plane, and snapped off the boundary lights at 3 a. m. 11 p. m. ADT Monday.

The young Californian had been en route from the United States nearly 42 hours, the extreme limit which he had estimated his gas would last.

The midget 65-horsepower craft had been reported over Londonberry in Northern Ireland, Port Patrick at Wigtonshire in the extreme southwest of Scotland and St. Bees Head, Cumberland, Northern England, but none of the reports was official and identification of the plane as Smith's was not certain.

Scores of other reports had been received by newspapers from persons telephoning that they had seen a tiny plane at various points. Officials, newspapermen and photographers kept watch at Croydon in the hope of giving the 24-year-old Californian a welcome. But the crowd that gathered in the afternoon had disappeared by midnight.

Flying a 670-pound, single-engine monoplane, Smith attempted to span the Atlantic in the smallest plane ever taxed with that assignment since the first successful North Atlantic crossing 20 years ago.

Officials at Croydon openly expressed doubt he would make it.

Eleven Degrees Are Presented At Commencement

85th Session Of St. Dunstan's University Completed With Largely Attended Graduation Exercises Held Yesterday.

As educated men "the public will expect you to become leaders in both private and public life," Hon. Senator J. A. McDonald of Cardigan told the graduating class of St. Dunstan's University yesterday afternoon at the 85th commencement exercises of the institution.

"The opportunity is yours," he told the eleven graduates who received their bachelors of arts degrees from the hand of His Excellency Right Rev. J. A. O'Sullivan, Bishop of the Roman Catholic diocese of Charlottetown and Chancellor of the University. "But do not fail to accept and measure up to the responsibility it involves," he continued.

Graduation and opposition would be met along any road chosen, the speaker reminded the graduates. "Beat your opponent in the race if you can, but do it squarely and fairly never allowing any devious or dishonest method to lend you assistance." He quoted the well known statement "It is to their own self that they follow as the night the day that cannot not then be false to any man."

Those receiving bachelor of arts degrees included:

Paul-Louis Brunelle (cum laude) Victoriaville, P. Q.

James Ira Higgins, Kensington, P. E. I.

Frederick Fitzgerald Howatt, (magna cum laude) Roxbury, Mass.

Lawrence William Landrigan, (cum laude) Cambridge, P. E. I.

Leon Leclerc, Grandby, P. Q.

Donald Joseph McNeil, Summerside.

Charles Russell McQuaid, (cum laude) Charlottetown.

James Wilfred Pineau, North Rustico, P. E. I.

John Raymond Sullivan, Vernon.

Somerled Eugene Trainor, Bedford, P. E. I.

Ivan Vincent Walsh, Charlottetown.

Mr. Somerled Trainor was valedictorian.

The program yesterday opened with a chorus "O Canada" by the Glee Club of the college. Then came presentation of medals and prizes followed by the annual report of Rector Rev. J. A. Murphy, D.D. The Glee Club again furnished entertainment with a selection "Happy Days Are Gliding."

Mr. Trainor's valedictory and the conferring of degrees was followed by the address to the graduates by Hon. J. A. McDonald of Cardigan.

Following this formal part of the program His Excellency spoke briefly congratulating the students and the college staff on the work and the college's future.

He expressed hope the graduates "would always be as enthusiastic about life as you are today." One of the dangers of life was its tendency to make the individual cynical, the Bishop declared.

Other speakers were Premier Thane A. Campbell and His Worship Mayor E. A. Foster. Both speakers had warm words of congratulations to the graduates and students.

Premier Campbell congratulated St. Dunstan's University on its "vision and courage" in undertaking the erection of a new science building.

Mayor Foster in a message to the graduates reminded them the "person without push is the person who needs push."

Yesterday's graduation exercises were very largely attended, not only by relatives and friends of the students from city and country but by many other well wishers.

Below are the prize winners followed by the text of the address by Senator McDonald, the report of the Rector and the valedictory.

Accidental Death Is Jury's Verdict

MIDDLETON, N. S., May 29—A verdict of accidental death was reached by a coroner's jury which today pronounced the death of Charles G. Shaw, 65-year-old restaurateur, from injuries suffered as he was struck by an automobile driven by Edward Green, Lawrenceston.

Gave Report

REV. J. A. MURPHY, D.D.

Rector of St. Dunstan's University who presided at yesterday's Commencement exercises, and gave a report of the year's work.

Ten Persons Lose Lives In Palestine

(By The Canadian Press) JERUSALEM, May 29—Three separate incidents took 10 lives and injured at least 27 today as terrorism continued in the Holy Land. Most of the victims were Arabs.

Jerusalem was shaken by two bombs which exploded tonight in the Arab-frequented Rex Cinema Palace. Incomplete reports said 21 persons were injured, 10 seriously. A British soldier and two Jews were among the casualties.

Five Arabs were killed and five wounded by shots fired through the windows of their homes in a village near Jaffa. British authorities expressed belief Jewish extremists organized the raid, carried out by a party of 20 men who drove to the settlement from Haifa in taxicabs.

Five Arabs were killed and one wounded in a skirmish near Safed against an armed Arab band and a detachment of the first battalion of the Welsh Regiment recently arrived from Gibraltar. Five Arabs were captured with a large quantity of arms and munitions. The Britons suffered no casualties.

Crushing Defeat Suffered By Jap Troops

(By The Canadian Press) OHUNGKING, China, May 30—(Tuesday)—Chinese sources today credited General Chiang Kai-Shek's troops with having dealt a "crushing defeat" to the triple-pronged Japanese offensive launched four weeks ago against Sanyang and Fanchow, on opposite banks of the Han River some 90 miles northwest of Hankow.

The Japanese attempted to converge on the cities from the south, southeast and east, but were astoundedly stopped by the Chinese defence. An important battle was said to have taken place around Sushien, near the Tangho railway where Chinese dispatches said the Japanese suffered 20,000 casualties before they retreated to reorganize their forces.

Quebecois Seek Action Against U. S. Magazines

(By The Canadian Press) MONTREAL, May 29—Quebec Province residents today sought on two fronts Dominion Government action against the United States magazines "Time" and "Life" which, they said, contain accounts of the "slur" on French-Canada.

A few hours after Wilfrid Garfield, Liberal Member for Three Rivers, told the House of Commons that "Life's account of the 'slur' contains an absolute lie," Montreal City Council voted unanimously to ask Hon. Fernand Rinfret, secretary of state, to seek rectification and retraction of their reports.

(Under one picture of the King and Queen in Ottawa, Life said: "Here in good British Lapointe, their Majesties ride in an open landau with footmen and outriders instead of the Chrysler with bullet-proof glass used in French-Canada.")

Garfield referring to Their Majesties' arrival in Quebec, said: "In a big maroon, convertible sedan with top down and the bullet-proof glass, the King and Queen were whizzed up the winding road from Wolfe's Cove."

Garfield called the Life statement "something that should not be allowed in any magazine." He urged steps to stop this magazine at the border.

Revenue Minister Healy replied the matter would be considered. Justice Minister Ernest Lapointe, a Quebec member, said he had no doubt that the article was "crazy" but he did not think it should be given any wider publicity.

NEW CLASHES ON BORDER ARE REPORTED

Russian Foreign Commissar To Speak On Foreign Policies.

MOSCOW, May 29—(AP)—Unconfirmed reports of fighting between outer Mongolian troops which are under control of Soviet Russia, and Japanese-Manchoukuo soldiers were received in Moscow tonight.

These accounts from the far east preceded by a few hours an announcement when the Foreign Commissar Vyacheslav Molotov that he would speak Wednesday on foreign policies.

It was taken for granted he would speak on Great Britain's revised proposals for an Anglo-French-Soviet pact.

Molotov, who on May 3 succeeded Maxim Litvinoff as head of the foreign ministry, made his announcement when the supreme Soviet-U. S. S. R. parliament rose at the end of tonight's session to inquire if he would address the body on the international situation.

"If the members of the supreme Soviet wish to hear me on this subject I will speak to them May 31," he replied.

Many airplanes have participated in the far east fighting, which Japanese circles in Moscow asserted had been under way since May 24 about 150 miles southwest of Manchuli, in northwestern Manchoukuo. Soviet quarters declined to confirm the reports.

Many Airplanes Many airplanes have participated in the far east fighting, which Japanese circles in Moscow asserted had been under way since May 24 about 150 miles southwest of Manchuli, in northwestern Manchoukuo. Soviet quarters declined to confirm the reports.

Foreign observers here are accustomed to getting far eastern news indirectly and in fragmentary form—early reports of the Russian-Japanese battles at Changkufeng last year having come by way of Tokyo—but just what was going on in outer Mongolia admittedly was a mystery.

The situation was more complicated than at Changkufeng, the area at the junction of Siberian, Manchoukuo and Korea borders, since outer Mongolia nominally is an independent republic although closely allied to the Soviet Union.

Moscow and Tokyo, however, always have reacted quickly to any conflict developing between outer Mongolia, which uses Soviet planes and munitions, and Manchoukuo, which always can count on Japan for guns, planes and troops.

The possibility of border fighting developing into a major conflict is always present but what some observers here are inclined to believe is that the Mongolian clashes is "a demonstration" originating either in Tokyo or in Moscow.

Whether it be a move by Tokyo to warn the Soviet Union not to get too closely with Britain and France or whether the outer Mongolians are demonstrating the need of closer Soviet-French-British cooperation in the far-east is a point on which observers differ.

Fishermen To Be Represented On Salt Fish Bd.

OTTAWA, May 29—Fishermen-producers will have a majority representation on the advisory committee to the proposed Salt Fish Board, it was decided in the House of Commons today.

The bill passed through committee after the Fisheries Minister Michael obtained adoption of an amendment to reduce the membership of the advisory committees from five to three.

The Board will consist of three members appointed by the Governor in Council. The advisory committees of three, two of whom must represent fishermen-producers, may be appointed by the Board, with the approval of the Governor in Council.

Strike Still Unsettled

NEW YORK, May 29—(AP)—Officials of the Eastern Steamship Company, whose 14 coastwise vessels have been tied up by a strike, and a 17-man committee of the Seafarers International Union (American Federation of Labor) failed to reach an agreement on a new wage-hour contract today.

Presented Degrees

RT. REV. J. A. O'SULLIVAN

Bishop of Charlottetown and Chancellor of St. Dunstan's University who presented degrees, diplomas, prizes and medals at the Commencement exercises yesterday.

ROYAL PARTY SEES RESCUE OF YACHTSMAN

By ARTHUR MERKEL, Canadian Press Staff Writer

VANCOUVER, May 29—The King and Queen watched the rescue late today of an unidentified man who fell from a power yacht as they sailed out of Vancouver towards Victoria through a strange, informal guard of honor composed of 500 flag-decked yachts and fishing boats.

As the steamship Princess Marguerite, carrying the royal party, neared the Lions Gate Bridge spanning the harbor mouth, a yachtsman became so excited he fell from his craft.

The Queen noticed the man's plight and quickly pointed out the accident to the King. Their Majesties stayed by the Marguerite's bridge rail until the man caught a life buoy and was pulled aboard his boat.

At times the double line formed by the yachts was so narrow the Princess Marguerite almost brushed their hulls. For several miles the steamship was barely able to edge her way along at slowest speed.

Jap Spokesman Denies Blockade

SHANGHAI, May 29—A Japanese naval spokesman indicated tonight the Japanese did not plan to repeat such incidents as those of last week in which three liners were boarded and searched off the China coast.

The spokesman denied there was a general blockade, as the navy had indicated. He asserted the bar was against Chinese ships only. In explaining the boarding incidents he said there had been "flagrant abuse of third-power flags and it was sometimes necessary to stop a ship's registry."

The ships stopped were the British Rappara, the French Aramis and the German Saterland. Japanese naval officers examined the vessels' papers over the commanders' protests.

Although indicating the Japanese would be more cautious, the spokesman said that "should any ship be considered suspicious, Japanese naval authorities will examine her papers without reluctance."

Recovers Bible Lost 34 Years

MONTREAL, May 29—It took a long time—32 years to be exact—but Dr. H. M. Tory of Ottawa finally has recovered a Bible he laid aside absent-mindedly at McGill University, when he was professor of mathematics there.

Bill Gentlemen, caretaker of the arts building all those years, had kept it and returned the volume to Dr. Tory today.

While cleaning a room, Gentlemen found the Bible several years after Dr. Tory, native of Guyville, N. S., left it at McGill University, when he was professor of mathematics there. Bill Gentlemen, caretaker of the arts building all those years, had kept it and returned the volume to Dr. Tory today.

Enthusiasm And Pageantry Mark Glorious Welcome

600,000 People Join In Demonstration Of Loyalty And Affection. Japanese & Chinese Cheer Couple Along A 52-mile Route.

(By R. K. Carnegie, Canadian Press Staff Writer)

VANCOUVER, May 26—Vancouver, its normal population doubled to 600,000 welcomed King George and Queen Elizabeth in typically British fashion today.

For Their Majesties it was like going home to England with the sea at hand and predominantly-British Vancouver shouting in accents reminiscent of their homeland.

But strange new sights opened before Their Majesties' eyes. They heard Japanese and Chinese in native costumes cheering them as they drove along a 52-mile route—longest of their Canadian tour—through this great port and its suburbs and heard 25,000 Scottish-Canadians singing "Will Ye No Come Back Again?"

They paid as high as \$30 for seats on hundreds of bleachers dotting the royal route, carried camp stools, kitchen chairs and even step-ladders to be sure of a good view of the King and Queen.

The Queen's smile and the King's salutes recognized the cheers of the massed thousands, many of whom had waited since early morning.

There was a special smile and wave from the Queen in reply to the singing Scottish-Canadians as the couple passed through Little Mountain Park.

There was a touching scene as Their Majesties paid an unobscured visit to Shaughnessy Military Hospital to the joy of seven war veterans too ill to join their comrades along the route.

On veteran, H. A. Ross, who overcame with emotion as the wind whipped his blanket away and the King carefully replaced it around his shoulders. Their Majesties shook hands with each of the veterans and chatted a minute or two. Ten nurses also had the thrill of a presentation.

All Vancouver was beautifully decorated. Gold and a yellow velvet, floral arches dotted the route, at least equalling the decorations in any other Canadian city. Their Majesties have visited.

Uniformed members of the American Legion from Bellinham, Wash., Germans, Austrians and Hungarians in national costume any part of the Empire he visits.

Vancouver boasts Canada's only civic mace and the only mace struck during the brief reign of Edward VIII. It was given to the city by Sir Percy Vincent, former Lord Mayor of London.

The city hall show went off without incident except that six-year-old Margaret Robertson, whose missing two front teeth worried her while she prepared for the royal visit, almost lost her frilled bonnet in the wind as she presented a bouquet of pink roses to Queen Elizabeth. She grabbed for it and the Queen told her: "Take care of your pretty bonnet."

For the arrival in Vancouver the King donned the Greyish blue uniform of the Royal Air Force with the insignia of his marshal's rank. The Queen wore a blue crepe ensemble, the sleeves banded with lace and an off-the-face hat in matching blue with grey gloves, shoes and bag.

Victoria Cross Holders Presented In the ornate city council chamber the King and Queen stood on white sheepskin rugs as seven holders of the Victoria Cross were presented together with city council members and their wives.

Outside the crowds included thousands of Americans who came here from the northwestern states to join in the reception and thousands of British Columbians who came by coastal steamers from as far north as Prince Rupert.

Royal Program For Tuesday

(By The Canadian Press) The King and Queen spend a busy forenoon today in Victoria and then rest until they leave Wednesday morning on the long eastward trip that will take them to Halifax from where they sail for home June 15. Following is today's program:

3.15 p.m.—A.D.T.—City Hall reception. Presentation of members of City Council and their wives.

3.42 p.m.—Provincial Government reception at legislative buildings.

6.00 p.m.—Government luncheon. The King's speech will be broadcast on national C.B.C. network at 7.10.

7.40 p.m.—Presentation of colors to Royal Canadian Navy. Note: Times given above are five hours faster than Pacific Standard Time effective in Victoria.

FORECAST

Maritime East: Moderate winds, increasing at night; partly cloudy and cool.

High tide this morning at 8.06 and tonight at 9.14.

Sun sets this evening at 7.37 and rises tomorrow morning at 4.18.

Full moon June 11, 11 p. m. Summertime tide eighteen minutes later than Charlottetown.
