FORMER MAYOR RECOMMENDS IT

"You Will Hardly Know Me When We Meet Again," He Writes Friend.

One of the latest additions to the list of leaders of thought and action who have come forward with their unqualified endorsement of Tanlac is the name of Hon. Frank V. Evans, former mayor of Birmingham, Alta., ex-state examiner of public accounts of Alabama, and onetime editor of the South's greatest newspaper—the Birmingham Age-Herald.

Writing to a personal friend in Atlanta, Ga., Mr. Evans says.

"* * * By the way, you will hardly know me when we meet again, because I am getting well and strong again. As I told you while in Atlanta last month, I have been suffering for a long time with gastritis, as the doctors call it—really a disordered stomach, with consequent constipation, pains in the shoulders, headache, belching, heartburn, loss of appetite, loss of sleep and fainting spells. For weeks I could not sleep on my back.

"One week ago, upon recommendation of friends who had tried the medicine, I purchased one bottle of Tanlac and began taking it. Since my second dose I have suffered none of these troubles to which I refer, and really believe I am going to get perfectly well and strong again. Won't that be wonderful at my age? Well, certain it is that Tanlac is a wonderful medicine, and you know that I am not given to "puffing" mere experiments and am rather orthodox as to materia medica.

"I shall continue the treatment with perfect confidence in the final results.
(Signed) "FRANK V. EVANS."

Commenting on this splendid endorsement og Tanlac, G. F. Willis, international distributor of Tanlac, said:

"Although the list of prominent endorsers is a long one, I recall a few leading names that lend both dignity and credit to the entire army. Some of them are:

"Hon. C. W. Mangum of Atlanta, Ga., ex-sheriff of Fulton County; Rev. A. H. Sykes, pastor of Watkins Park Presbyterian Church, Nashville, Tenn.; Hon. Archie R. Anderson, former sheriff Harris County, Houston, Texas; Dr. G. W. De Periere of Windsor, Ga., one of the best known physicians and capitalists in the State of Georgia; Rev. W. C. Norton, pastor of the Wesley Memorial Church, 528 Estell Street Jacksonville, Fla.; Mr. C. C. Cooper, president of the Georgia Home Cotton Oil Co., Lawrenceville, Ga.; Dr. W.H. Brown, founder and president of the Tennnessee Protestant Home for Girls; Mr. H. W. Hill, bank president of South Pittsburg, Tenn.; Mr. J. F. Carroll, cotten mill superintendent of Chattahoochee, Ga.; Hon. S. S. Shephert, ex-city councilman of Atlanta, and many others whose names have heretofore been given to the public."

Tanlac is sold in Charlottetown by Reddin Bros.

Luminoscopy Shadow Test System
Looking into the Eye
The most advanced science of Eyesight Testing known. This system measures and corrects any hidden or latent trouble. It is especially valuable in old chronic hard cases, and those who have not received satisfactory results elsewhere. We also use in our Test room the Ophthalamometer Retinoscope, Phorometer and other delicately adjusted apparatus for determining just in what degree if any, your eyes fall short of perfection. If in need of glasses come in and "SEE" Superior Eye Service.

Hope, was a recent visitor the guest of Mr. Hudson McDonald.

NINEVEH.

A city, great and flourishing,
Along the Tigris spread,
Whose sins came up before the Lord
Whose were scarlet red.

In worldly riches they fared well,
Had plenty and to spare,
They thought not of eternity,
But lived without a care.

They evil did from day to day,
In wickedness they sped,
Their sinful lusts they satisfied,
And blood of man was shed.

But word from God has come to them
Of Nineveh's overthrow;
At once with sack-cloth they are clad,
In ashes sitting low.

The time is short, but forty days,
And God their doom will seal;
The words are sounding in their ears,
As thunders loud that peal.

The prophet's message they believed,
They knew their deeds were bad,
And they were moved with sudden fear,
Their visages were sad.

The King has taken it to heart,
A fact he did proclaim,
That ev'ry man and beast should be
In sack-cloth dressed the same.

Themselves they humbled to the ground,
Where sitting down they moan,
Their tears are falling plentiful,
And now and then they groan.

Their evil ways they all gave up,
And now they live with care;
And mightily they cry to God,
That He their life would spare.

God heard their cry and spared their life,
Respite to them is given;
That they should walk before their God,
Preparing now for heaven.

The Ninivites shall rise with us,
On the great Judgment Day,
And the impenitent condemn,
Who in their sins would stay.

But soon repentence they forgot,
And sinned against their God,
And walked in ev'ry sinful way,
In which their fathers trod.

God made her grave for Nineveh,
And put her out of sight,
Because her sins were very vile,
And could not bear the light.

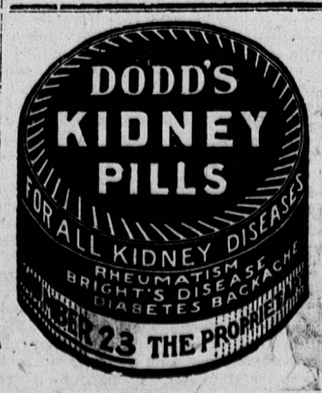
'Tis sin that separates from God
And brings men every woe;
At last consigns them to that place
Where mercy He won't show.

Oh, by the fate of Nineveh,
Repent, and sin no more,
For sin will bring its punishment,
And shut up Heaven's door.

Repent, then, ere it is too late,
And mercy's day goes by;
At once be reconciled to God;
Salvation now is nigh.

Return not to your sins again,
But on your way pursue,
And gain the everlasting prize,
A crown of life's in view.

—D. MacLean.



EASTERN PERSONALS.

..*Miss Ella Lanigan and Miss Clara Lanigan of Cambridge, were visiting at Mr. Daniel Clarke's, Sturgeon Mills, on July 1st. They also caught several large trout.

SAVE THE CHILDREN

Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe during the hot weather. Stomach troubles, cholera infantum and diarrohea carry off thousands of little ones every summer, in most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets relieve these troubles, or if given occasionally to the well child will prevent their coming on. The Tablets are guaranteed by government analyst to be absolutely harmless even to the newborn babe. They are especially good in summer because they regulate the bowels and keep the stomach sweet and pure. They are sold by medicine dealers or by mail at 25c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Minadr's Liniment Relieves Neuralgia

ROD AND GUN

Anyone reading "Fish, Fishing and Fishermen" by George R. Belton in ROD AND GUN IN CANADA for July cannot help thinking of the good old days when a bent pin, a piece of string and a willow switch made the best fishing tackle for shiners, chubs and rock bass. "The Albino Bass Of The Ottawa" is the title of a real fishing story from the Dominion Capital which is one of the several good stories in the national outdoor magazine for July. The six illustrations showing the capture of a Newfoundland salmon are the best this year. They accompany a splendid article on the Humber, King of Atlantic Salmon Streams. The interesting departments, Guns and Ammunition, Fishing Notes, Conservation, Kennel and Trap are all up to their usual standard and along with the second instalment of that interesting serial, "The Bear Of Silver Dale" go to make up one of the best summer issues of the Canadian National sporting monthly. ROD AND GUN IN CANADA can be obtained from any bookstand or direct from the publishers, W. J. Taylor, Limited, Woodstock, Ont.

IN MEMORIAM

MISS SARAH BURNETT.

The death occurred at Fort Augustus Monday, June 30, of Miss Sarah Burnett, at the age of fifty-seven years. The deceased had been ailing for some time and recently underwent an operation in the City Hospital, but despite the best medical treatment her ailment could not be overcome and her gentle spirit passed to its eternal reward.

The deceased was of a kind and loving disposition, possessing an exemplary Christian character, and her passing away has caused widespread regret in the community. She leaves to mourn four sisters and two brothers, who have the sympathy of many in their sad bereavement.

The funeral, an exceptionally large one, took place to St. Patrick's church, Fort Augustus, Wednesday, where a requiem mass was offered by the Rev. A. J. McDonald, P.P. May her soul rest in peace.

ANGUS L. SMITH.

When one has enjoyed the pleasures of life for three score years and ten, and then passes away, we think of death as a deliverance, but when young manhood such as Mr. Angus L. Smith, of West Cape, passes out from us we are shocked and find it difficult to reconcile ourselves to it. The deceased who passed away on Monday, June 30, was in his 24th year, and had been suffering keenly since his return from the Old Land, where he had gone over with the "boys." It is true he did not die on the battlefield, yet, nevertheless his death was in every way that of a hero soldier. Thus on Wednesday afternoon residents from many miles around met at the home of the deceased where a brief service was held led by Rev. Robert M. Brodie, after which the casket was removed to the Methodist church at Maddock, where a very solemn service was held as follows: Hymn "Asleep in Jesus;" prayer; hymn "Going Down the Valley;" Scripture reading; duet "God's Acre" by Mrs. (Rev.) Brodie and Mrs. Jas. MacDougall; lesson, by Rev. Mr. Brodie, "How should we be influenced by this solemn truth;" hymn, "Abide With Me;" Benediction. After the service the remains were laid to rest in the Methodist cemetery adjoining the church. The pall-bearers were, B. McIsaac, E. Dunville, Charles Collicat, John McWilliam, Leslie McLean and Jacob Sabine. Much sympathy is felt for the parents of the deceased, Captain and Mrs. Smith, also the sisters and brothers, one of whom is still with the "boys."

FOX DISEASE — QUESTIONAIRE

Following is the questionaire sent by Mr. J. A. Allen, Assistant, Pathologist of the Dominion Department of Agriculture, now in Charlottetown, to the foxmen throughout the Province in the hope of discovering and preventing diseases that may develop in the ranches.

1. (a) Are you having now or have you had at any time serious losses among foxes? (b) Have the losses been chiefly confined to young animals? (c) Have any dogs or cats suffered from similar diseases in your locality?
2. Describe briefly the nature of the disease or diseases that occasioned these losses.
3. Are you willing to allow us to investigate the conditions on your ranch?
4. If necessary, may we conduct experiments on or in the vicinity of your ranch for the purpose of studying your difficulties?
5. (a) Do you make a practice of administering worm remedies, and if so will you state what remedy you use? (b) Do you get good results from your treatment?
6. Will you agree to send to our office at Charlottetown, foxes that die on your ranch, in order that a post-mortem examination may be held? In each case a note should be sent with the carcass, giving your name and address, the date of death, and a brief history of the illness.
7. Give the approximate number of foxes on your ranch.
8. (a) On an average, how many pups are born on your ranch yearly? (b) How many of these live to maturity?
9. It is to be understood that experimental treatment conducted on any ranch will be entirely at the owner's risk. Do you agree to this?

PUBLIC EXAMINATION

The public examination of the Graham's Road School was held in the school room on Friday afternoon June 27th. Although the weather was very unfavorable, a goodly number of parents were present, manifesting their interest in education and particularly the welfare of their own school.

The teachers, Miss McLeod and Miss Reid were assisted in the examination by Messrs Alfred and George Green and others. The pupils in the several grades of both departments were questioned in most subjects of study and were found in general to be up to the average while in some subjects marked progress was distinctly noticeable.

Miss McLeod has a very promising entrance class of four young girls and many expressed the hope that she would have the satisfaction of seeing their names far up on the list of successful candidates. It was a matter of common regret that the school work had been so seriously interferred with by the Influenza epidemic, the school being closed for six weeks. At the close of the examination proper, the principal requested Mr. Green to act as chairman for the purpose of presenting the school leaving certificates to the successful students. The Misses May McGregor, Jennie MacKay, and Irene Murray in turn were asked to come forward and receive the certificates which they had won making honors in most of the subjects.

Both teacher and pupils were congratulated on their work and they are certainly worthy of commendations for their enterprise in connection with the department of education.

Two other pupils also made the marks necessary to pass but failed in one subject. It seems a pity that the department does not give students with this standing an opportunity to write on that subject again.

At the close of the examination the primary department, Miss Reid awarded 1st, 2nd, and 3rd prizes in the several classes.

Short addresses were made by Messrs Wigmore, Green, Williams, McGregor and Murray, commenting the efficient work of the teachers. Reference was made to the splendid supplement of $300.00 voted this year placing Graham's Road in the proud position of the first country school in the province in the matter of supplements.

The examination was brought to a close by the singing of the National Anthem.

Moonlight Excursion
Hillside Lodge I.O.O.F., Montague will hold a moonlight excursion, Wednesday, July 9th on the S.S. Harland. Come and enjoy a moonlight sail. Ice-cream served on board. If night unfavorable it will be held on Wednesday, July 16th. Tickets on sale at H. J. Mabon's, Drugstore and L. B. Mellishe's store. Leave your auto for one night. Children half fare.
