The pupils who were examined in the various subjects by their teacher, Miss Grant, showed by their ready and intelligent answers that the past term

HERE ARE THE REAL FACTS ABOUT BRAN

Brought Out by Tests with Kellogg's ALL-BRAN

Some years ago, there was considerable difference of opinion regarding the use of bran. So to discover the actual facts of the case, the Kellogg Company asked for a series of laboratory tests at leading universities.

Experimental studies on a group of healthy women showed that the continued use of bran was thoroughly satisfactory. Unlike cathartics, it did not lose its effect.

Other independent tests on men indicated that, with certain people, the "bulk" in bran was more effective than that found in fruits and vegetables.

Laboratory analysis proved that Kellogg's ALL-BRAN supplied vitamin B and iron as well as plenty of bulk. This "bulk" in ALL-BRAN is gentle in action. It absorbs a great deal of moisture, and cleanses the intestinal tract.

ALL-BRAN corrects constipation due to insufficient "bulk." It is the natural way—far better than using pills and tablets. Serve as a cereal—or use in cooking. Sold by all grocers. Made by Kellogg in London, Ontario.
