

Catarrh of the Stomach.

A Pleasant, Simple, but Safe and Effective Cure for it.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure of the heart and lungs and difficult breathing, headaches, flatulence, nervousness and a general listless, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, and thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harrison the safest and best treatment is to use after each meal a tablet, composed of Dastase, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher of 2710 Dearborn St., Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membranes of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of the stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals. Send for little book, mailed free on stomach trouble, by addressing F. A. Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

"DEEDS ARE FRUITS."

Words are but leaves. It is not what we say, but what Hood's Sarsaparilla does that tells the story. The many wonderful cures effected by this medicine are the fruits by which it should be judged. These prove it to be the great, unequalled remedy for dyspepsia, rheumatism, scrofula, salt rheum, catarrh and all other ailments due to impure or impoverished blood. Hood's Pills are non-irritating, mild, effective.

It is estimated that New York has no fewer than 10,000 opium smokers.

Steak thieves. The henery of Mr. Silliker, Wilnot, was visited by one or more poultry fanciers one night last week. The visitor or visitors decapitated about 15 hens which they carried off together with a new horse rug, and a quantity of feed. To vary the bill of fare they borrowed a few geese from the flock of Mr. Samuel Waugh, which have not yet been returned.

The esteemed editor of the Pioneer, "could name an editor" who would take up a challenge rather than see a much talked of skating event—fall through. The editor is evidently looking for glory. In the event of his becoming entangled in the coming race between the doctor and the "buggy man," it has been suggested that the course be a straight one, across the rink. By placing the contestants one at each end and the other in the middle, collision can be avoided, and the spin across the rink, with the necessary variations would occupy as much time as the spectators would wish to devote to the sport.

Worn-Out Nerves

Bring Headaches, Backaches, Pains in Limbs, Sleeplessness, Irregularities, Nervous Prostration and Paralysis.

Woman's work is never done. From early morn till late at night many a woman toils on day after day, week after week, and year after year, with no rest, no recreation, and not even change of work, for it is the same monotonous round over and over again.

Little wonder that the nerves are shattered, the system run down, and the body racked by pains and aches. Little wonder that the head aches, the digestive functions are impaired, and the delicate organs become irregular. Little wonder that beauty fades, the skin becomes pale and sallow, and the body thin, weak and worn out.

To correct these ailments and to renew the vitality of the body a restorative is necessary, and there is no greater restorative known to man than Dr. Chase's Nerve Food. It is a new wonder of medical science that gets down to the foundation and builds up gradually but surely until the whole system is revitalized and disease becomes a thing unknown.

Dr. Chase's Nerve Food is put up in pill form, and if taken regularly according to directions will positively and permanently cure the most serious nervous disorders of men, women and children. 50c. a box at all dealers, or Edmunson, Bates & Co., Toronto. Book free. 23

"I read of the wonderful cures Dodd's Kidney Pills had made, and concluded to test them myself. I have finished three boxes and am completely cured. Dodd's Kidney Pills should be in every household."

Catarrh-zone is an ideal treatment and I hope it will find its way into the hands of many affected ones." Catarrh-zone is sold by all druggists. Trial on fit sent for 10c. in stamps by N. C.
