SAD DEATH.—Spanish Influenza which has been hovering in and around Souris for three weeks, seizing a subject here and there, and letting go after a few days illness proved fatal Saturday in the case of Mrs. George Roache, daughter of the late Mr. Wm. The only other victim whose illness proved fatal was Joseph Jarvis of East Baltic who also had a relapse, and what rendered his case even more sad was that he was to have been married on the day he died.

Word was received in Summerside on Saturday that Lieut. Ernest H. Strong now with the 26th Canadian Battalion France has been awarded the Military Cross. He enlisted on the 24th day of Dec. 1915 with the 105th Battalion and in the spring of 1917 went overseas with the 105th Battalion draft and shortly afterwards proceeded to France where he has seen continuous service in the field for the past twelve months. IN MEMORIAM

MISS ROSE McQUAID

An unusually sad death occurred at Baldwin's Road Wednesday October 30, when Miss Rose McQuaid, daughter of Mr. and Mrs. James McQuaid, succumbed to the dread disease influenza.

As a result an aged mother and an invalid father are left without any one to take care of them in their old days. She had a kind and cherry disposition which endeared her to the many who knew her. Her pastor, Rev. J. R. A. McDonald, attended her in her last illness.

Besides her aged parents are left to mourn the following brothers and sisters, M. Rufina, Axoka, Minn. Sister Veronica, Providence, R. I., Mrs. John McCabe, Roxbury, Mass., Mrs. Joseph Cullen, St. Teresa's West, Peter in a hospital in England suffering from shell gas, Michael in Cambridge, Mass. May her soul rest in peace.

CANADA LIFE SUBSCRIBES SIX AND A QUARTER MILLIONS TO VICTORY LOAN

Policyholders of the Canada Life Assurance Company have been indirectly helping Victory Loan by paying premiums during the past year.

Their payments have so increased the assets of the Company that it is now possible for the Management to subscribe six and a quarter million dollars for the present loan.

Aside from the patriotic motive which inspires the Company to make a subscription for what is really 2 per cent. of the total subscriptions ask of the people of Canada, this is a further proof (if any were needed) of exceptional value of Victory Bonds. A life insurance company must consider the security of an investment as of first importance, but in connection with Victory Bonds there is no possible doubt, and the rate of interest is 2 per cent. greater than the rate of 3 and a half per cent. which the Government requires life insurance companies to use in their calculation of reserves. This difference of interest, along with savings in expense and mortality, has a great bearing upon profits paid policyholders.

It is therefore a striking example of community of interest when a life insurance company buys Victory Bonds with the savings of the people, insuring their lives in the meantime, and ultimately returning the benefits arising from such a purchase.

GET RID OF HUMORS AND AVOID DISEASE

Humors in the blood cause internal derangement that affect the whole system, as well as pimples, boils and other eruptions. They affect all the organs and functions, membranes and tissues, and are directly responsible for the readiness with which some people contract disease.

For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. It is distinguished for its thoroughness in purifying the blood which it enriches and invigorates. No other medicine acts like it, for no other medicine is like it.

Get Hood's Sarsaparilla today. Insist on having Hood's

bearing upon profits paid policyholders. It is therefore a striking example of community of interest when a life insurance company buys Victory Bonds with the savings of the people, insuring their lives in the meantime, and ultimately returning the benefits arising from such a purchase.

Do Not Worry If You Cannot Get Sugar

You do not have to forego sweet things because of the present shortage of sugar. Corn Syrup is available, and for years has been available, as a perfect alternative for sugar for cooking, in puddings and preserves, in the making of desserts, and on cereals.

People didn't recognize this fact while sugar was cheap and plentiful. Now they are hailing the discovery with delighted surprise.

Buy Crown Brand or Lily White Corn Syrup from your grocer. They are wholesome, delicious and nourishing—true products of the Corn—and, you will soon find, most economical, too.

CROWN BRAND AND LILY WHITE CORN SYRUP

And the use of Corn Syrup instead of Sugar is a War-Service to-day! The carrying of raw sugar on the ocean has meant a huge loss of life and tonnage. It takes ships that are sorely needed to carry troops and supplies.

Corn is grown on this continent and the syrup is manufactured right here in Canada.

Write to the Canada Food Board, Ottawa, for a booklet of recipes in which Corn Syrup takes the place of Sugar. The authorities heartily approve of this movement to conserve Sugar.

Sold by Grocers everywhere in 2, 5, 10 and 20 lb. tins.
