Eruptions

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous.

The thing to do is to take

Hood's Sarsaparilla and Pills

Which thoroughly cleanse the blood, expelling all humors and building up the whole system. They cure.

"I was greatly troubled with small boils, caused by working among the oil at the factory. Hood's Sarsaparilla was recommended to me as the best blood medicine obtainable. I began taking it, and though many other remedies had failed to benefit me, three bottles of Hood's fully and permanently cured me." ANGUS FISHER, Emeric St., Sarnia, Ont.

Hood's Sarsaparilla promises to cure and keeps the promise.

DESPAIRED OF BEING CURED.

Mrs. W. E. Jeffries, 44 Hicks Ave., Kingston, Ont., states: I suffered agony with itching piles. In fact, I don't believe that any person who has not had piles can realize what I endured. The first application of Dr. Chase's Ointment brought relief and it has since entirely cured me. I hope that this testimonial will be the means of bringing comfort to other sufferers by making known the great power of this ointment.
