Following are the graduates of St. Dunstan's College this year: The closing takes place this afternoon at Joseph A. Condit, Lewis, P. Q.; Gerald McCarthy, Sea Cow Pond; Leo A. Herrell, Lincoln, P. E. W. S. and Mrs. Phillips, who are well known in this city, will arrive at Halifax by the next steamer from Demerara. Mr. Phillips, in the course of a letter to a friend in Halifax, says everything was going smoothly, owing to the death of King Edward. The Government would not allow any amusements whatever, not even band concerts. He had decided to go to Colon, but, owing to yellow fever at Trinidad, he has decided to take the first boat north. He is expected to arrive on an earthquake at 3:32 p. m. on May 15 at Demerara, lasting 12 seconds, and for about an hour afterwards it was as lively as ever seen. The negroes were much frightened, and all were going about praying.

E. A. Foster, Druggist, city, successor to A. W. Reddin, has secured the sole agency for the celebrated Duplex folding waterproof goods, which are manufactured in Boston, Mass. These goods come in such shapes as briefs, trunks, fishing creels, gasoline funnels, etc., and all are extremely light in weight, are collapsible and the metal parts are all rust-proof. They are made from waterproofed brown canvas and are almost indispensable to the traveller and to camping outfit. A complete catalogue of them, when folded they occupy very little space and when in use they are of equal value with metal or tin buckets which are in many cases inconvenient and impracticable in a camping-out equipment. Besides the different designs of utensils mentioned Mr. Foster can order from a great variety of useful articles and will be pleased to demonstrate the goods to any interested party who will call.
