A coaching school was inaugurated this year at Hamilton, N. Y., by the coaches of Colgate University and the University of Michigan who coached these eleven's through unbroken seasons. One hundred and one college, high school and preparatory coaches registered for the course supervised by Andy Kerr and Harry Kipe.

Jack Sharkey and Tommy Loughran have signed to meet in a fifteen round encounter at Philadelphia, Sept. 2nd. This will be Sharkey's first appearance since he was defeated by O'Connell.

When Tex Rickard built Madison Square Garden he had a ventilation system put in which cost \$60,000, to clear out the smoke. However, it was not necessary to use it as William Muldoon, chairman of the boxing commission would not allow smoking. The ban is now lifted and the ventilation system will come in handy.

On behalf of Leon J. Laffer of Kenmore, N. Y., the law firm of Sell and Yates, Hamilton, Ont., has started action to obtain from the Niagara racing Association \$2,997, allegedly due Laffer on the ground that he was the only ticket holder in a daily double. He lost the ticket but claims the dough.

So the Ottawa Senators will not be sold after all but will operate as a team this winter. They are now deciding on a coach for to guide them. Cy Denneny will not be with them in that capacity this year.

Horse trainers in England make pretty good money evidently as we note where trainer G. F. Leader who was killed in an accident left an estate of \$110,000. Very few harness horse trainers have amassed a fortune, Tommy Murphy and Walter Cox are exceptions.

Pretty good walking eh? Tommy Green Olympic Champion walker made the distance from Hastings to Brighton, England recently in 1 hour 51 minutes 25 secs. for the 8 miles.

Andy Taylor has won a verdict for \$12,500 in his suit against Maple Leaf Gardens, Toronto for \$50,000, Taylor claimed to be wrongfully dismissed as manager. The case created great interest in sporting circles with witnesses giving evidence re connection between professional and amateur hockey.

At one time his Lordship referred to "amateur sports."

Paavo Nurmi the Flying Finn, who is not allowed to run as an amateur outside his own country took part in the Finnish Championship recently and won the 1500 metres about 1660 yards in excellent time 3 mins. 55 1-2 seconds.

Covering the Bath road course, England of 100 miles in 4 hours 30 minutes, 10 seconds, F. W. Southall set up a new cycling record for 100 miles road race.

W. Watson an English pro footballer claims a world record by having played in 381 games in 10 years. Pretty strenuous.

Hitting referees is a costly business a player was given suspension for life for hitting a referee in Ontario and in the ball game played between Brooklyn and Pittsburg, August 16th, Max Carey, manager, and Alphonse Lopes, star catcher, who had a run in with Ted McGrew the umpire, were fined \$50 each and three days suspension.

The Senators Hockey Team of Ottawa for whom negotiations had been under way by cities in the United States, will, it is understood remain intact at Ottawa this winter.

When Scott-Payne races against Gar Wood for the world's speediest motor boat he will use a secret fuel prepared from an English formula. His boat is a midget compared with Wood's.

Says the Halifax Herald: "Several former football players were successful candidates in the recent provincial election, namely, A. L. McDonald who played with Dalhousie, 'Casey' Baldwin, star with Toronto University and Dr. Murray Logan with Wanderers and Dalhousie."

King George whose winnings we have mentioned twice in these columns has correlated about \$36,000 in cash and is well up in the list of winning owners in Great Britain this year. It is the most successful season his stable has had for many years.

Saint John, N. B., is turning out a lot of good riflemen and one of them scored a notable honor when he won the Grand Aggregate at Ottawa last week with 527 out of a possible 545 points. He is only eighteen years of age.

## LADIES GOLF TITLE WON BY MISS JACK

(Canadian Press) SAINT JOHN, N. B., Aug. 25.—Miss Barbara Jack, Riverside Golf and Country Club, Saint John, today won the Maritime Ladies Golf Championship as the 1933 meet at the Westfield Country Club here came to a conclusion. Her 5 and 4 victory over Mrs. Watson J. Hill, also a Riverside entry, was accomplished as the finalists got through driving rain and wind.

### CHARACTERISTICS OF GRASSES

When attempting to cultivate a wild grass, or when growing a cultivated variety, one should consider the Dominion Seed Branch Commissioner points out, its suitability to the climate and soil and the purpose for which it is grown. Different grasses make different demands. All, of course, require sufficient food and water, but what is enough for one may bring another to the point of starvation. A water supply that produces luxuriant growth in a certain grass may prove injurious to another, perhaps closely related species. Thus, sheep's fescue can make a comfortable living where meadow fescue would suffer seriously. Again, in wet and sour soil where blue-joint grass, meadow foxtail and fowl meadow grass would grow luxuriantly, meadow fescue and orchard grass would languish. It is, therefore, important to choose varieties to suit the locality.

## Toronto Girl Wins 10-Mile Race After Gruelling Battle

## Ruth Tower - Corsan Is First Canadian Woman To Win Swimming Title - Evelyn Armstrong, Detroit, Second.

(By Jack Hambleton Canadian Press Staff Writer.) TORONTO, Aug. 25.—Pretty Ruth Tower-Corsan, who settled in Toronto with the avowed intention of winning the world's 10-mile swimming championship for women, tonight realized her aim when she defeated 35 of the world's best swimmers, and won the Canadian National Exhibition's \$3,000 prize. It was the first time a Canadian girl had achieved that honor. The most consistent money-winner ever to enter the swims, which first started here in 1927, Mrs. Corsan added a fitting climax to her already splendid achievement with her victory. As Ruth Tower, she won third money in 1928; second in 1929; second again in 1930; was out in the 1931 swim, came back last year to take fifth place, and finished up with a victory tonight.

No Doubt As To Outcome  
There was never any doubt about it. For nearly 10 miles, Evelyn Armstrong of Detroit, challenged Mrs. Corsan. But from start to finish Ruth was best. As mile after mile sped beneath her tireless arms she never looked up, never stopped, never spoke. Her feet kept up the monotonous kicking which maintained the impetus she gained with every stroke of her arms, and even when she crossed the finish line she declined aid and swam to the barge there alone.

Mrs. Armstrong, also a veteran of the swim, took second money, finishing within three minutes of the leader but never able to make up that short gap.

Hard Battle For Third Place  
The real battle of the race was between Dorothy Nalevalko, Glen Cove, N. Y., and smiling Leah Riley of Keansburg, N. Y. Both of them are favorites with Toronto crowds, for they have been swimming here for years. For the last five miles of the race, the two shot along side by side, first one and then the other taking a brief lead. Dorothy was successful in the end, taking down the \$700 for third place, with Leah winning \$500 for fourth. There were just seven seconds between the two crossing the finishing line.

## World's Largest Tuna For Toronto Exhibition

(Special to the Guardian) MONCTON, N. B., Aug. 25.—There will arrive in Montreal tonight by Canadian National Express a world record tuna fish weighing 1,050 pounds which will eventually be placed on exhibition at the Toronto Exposition.

The huge fish was caught off Liverpool, Nova Scotia, where Zane Grey caught his world record tuna by rod and line which weighed 738 pounds, and went forward yesterday passing through Moncton last night.

The latest record tuna was caught by Captain Joe Penny of Liverpool along with three others weighing seven hundred pounds each and to transport the big 1,050 pound fish required a case ten feet long, four feet deep and four feet wide with seven hundred pounds of ice.

## PRIMARY MOVEMENT OF WHEAT

Wheat marketings in the Prairie Provinces during the week ending July 28 amounted to 1,431,216 bushels, a decrease of 1,280,992 compared with the previous week when 2,712,208 bushels were marketed. Marketings in the Prairie Provinces during the crop year to date were as follows, the figures in brackets being those of a year ago: Manitoba 37,658,418 (24,780,566), Saskatchewan 187,839,387 (118,874,832), Alberta 144,923,269 (121,442,987), total 370,421,074 (265,098,385).

A minus adjustment for Manitoba was necessitated by corrected returns received from licensees.

It is being urged that waterproof banknotes should be issued. We should be delighted to put by a number of these for a rainy day.

## RECORD GOES BY IN WOMEN'S GOLF MEET

## Bermuda To Seek United States Yachting Cup

(Canadian Press) SAINT JOHN, N. B., Aug. 24.—One record of the Maritime Ladies' golf annual went by the boards today on the Westfield Links when Mrs. A. S. Guest, of Amherst, won the putting and approaching competition. She approached 28, 50 and 75 with an eight. This is the best record ever established at a ladies' Maritime meet.

## Bermuda To Seek United States Yachting Cup

(Associated Press) HAMILTON, Bermuda, Aug. 24.—Unconfirmed reports said today that Vincent Astor, who is building his winter home "Underwood" at St. George's, is endeavoring to help Bermuda to be a new British contender for the American yachting cup which the late Sir Thomas Lipton tried hard to capture with his Shamrock yacht.

## Record Entry For Jasper Park Golf Tourney

(Special to the Guardian) JASPER PARK LODGE, Alta., Aug. 24.—During the last few days two features have become apparent in connection with the eighth annual competition for the Totem Pole Golf Championship; one that there will be a record entry as last year's total of 163 already has been passed and the other is that the fight for possession of the trophy will be exceedingly keen.

## WHEAT STOCKS IN STORE

A decrease of 1,123,737 bushels is reported in the stocks of Canadian wheat in store on August 4 as compared with the previous week. The Canadian visible supply was reported at 195,483,752 bushels compared with the revised figure of 196,607,489 the week before and 121,202,700 on the corresponding date last year.

Canadian wheat in store in the United States amounted to 6,302,969 bushels as compared with 4,616,029 on the same date last year.

## DOWN THE BACK STRETCH

The Exhibition races of 1933 are over and a most successful meet it was. Would you believe it, out of the ten races only two were won in straight heats, the Two Year Old Trot and Pace by Purina Axworthy and the 2:00 Trot by Helen D.

Excluding the Two Year Old Trot and Pace, we find that there were 11 heats trotted during the meet, the fastest being the 2:11 1-4 of Heatherbell in the 2:13 Trot and Pace and the slowest the 2:16 3-4 of Captain Cope. The average of the 11 heats trotted was a shade better than 2:14.

There were sixteen heats paced during the meeting, the fastest being 2:07 3-4 of Calumet Brownie in the third heat of the Free For All and the slowest the 2:17 1-2 in the third heat of the 2:25 Pace. The average time of the 16 heats was 2:12 1-2.

The statistics for the 1932 meeting which we have just looked up, show that there were 15 heats trotted the fastest being the 2:11 of Heatherbell and the slowest 2:15 3-4, the average time being 2:13 3-4 as against 2:14 3-4 of 1931.

In 1932 there were 16 heats paced, the fastest being the 2:07 3-4 of Neil Frisco and Marjorie M. and the slowest in 2:16, the average time being just a shade better than 2:12. The average time for the pacing classes in 1931 was 2:13 1-2. We were under the impression that the time this year was much slower than last year but a perusal of the above will show you that we were incorrect. This year the track was not as hard as it was last year, the hoops not being used until the last day as quite a number of the drivers wanted a well cushioned track. Had the hoops been applied the first day and continued through the meeting it would have meant faster time, probably

The following horses reduced their records at Charlottetown this week. Trixie Volo, pacer, from 2:18 1-4 to 2:14. Toddlers, trotter from 2:18 1-4 to 2:14 3-4. Helen D., trotter, from 2:19 1-4 to 2:14 1-4.

The following Prince Edward Island horses were the winners of (Continued on Page 10)

## SPORT NEWS IN BRIEF

**Favored to Retain Doubles Title**  
BROOKLINE, Mass., Aug. 25.—(A.P.)—The chances of the United States doubles tennis titles going abroad appeared extremely slim today when Frank X. ## Wheat Firm In Chicago

CHICAGO, Aug. 25.—(A.P.)—Bullish sentiment ruled the grain markets today, although the volume of dealings showed no great increase. Announcement that the London Wheat Conference had reached an agreement, talk of inflation, and firmness of securities gave grains a sharply higher opening. Wheat was up almost four cents a bushel and corn three, but reactions carried away part of the gains. Traders were little influenced by the London agreement as portions of it were confusing and all interests preferred to await clarification of the obscure points. Trade in all grains lagged after a brisk opening flurry. Wheat closed firm, 2 3/4 to 3 1/2 cents above yesterday's finish. Corn also firm, 1 1/2 to 2 1/2 higher, oats 1-1/4 up, and provisions 5 to 15 cents advanced.

sieve. Add 2 tablespoons cold water to the gelatine and dissolve over steam. Combine peaches, sugar and salt and add gelatine. Fold in cream whipped stiff and transfer to a wet mould. Cover tightly and bury for 4 hours in equal parts of ice and salt. Unmould and serve with sliced, sweetened peaches.
