# 6 p. c. May be Obtained on Sums Of \$100 and Upwards

This company is prepared to lend money for clients on first mortgages on improved real estate.

Where the sum invested is insufficient to secure a mortgage then several such sums are invested in one declaration of trust given the investor, setting out clearly his interests in the said mortgage.

By this method the small investor may participate in the high interest earning security of first mortgages.

Those without funds at present may deposit sums of \$1, and upwards at 4 per cent interest until \$100 stands to their credit in this way, and then a 6 per cent investment will be recommended consisting of a declaration of trust secured by a first mortgage on improved real estate.

Such a plan as this carefully carried out will lead to at least a comfortable income.

VISITING CHARLOTTETOWN.

Mr. J. F. Simonson, President of the Middlewater Cattle Company, of Middlewater, Texas, who is associated in business with the Hon. Frank O. Lowden, son-in-law of the late George M. Pullman of the Pullman Car Company, and the first man whom Dr. Young interested in the Karakule sheep industry, arrived in Charlottetown yesterday, bringing with him 15 Karakule sheep, which he sold to the syndicate composed of Dr. S. H. Jenkins, Mr. W. H. Tidmarsh, Mr. Owen, and Dr. Young. Before Mr. Simonson returns he expects to give P. E. Island people the benefit of his knowledge of the first flock of Karakule sheep imported by Dr. Young and how it happened that one Crawford came in possession of some of the inferior ones, some few of which have since been purchased by parties in Nova Scotia and Moncton, N. B. The only interest Mr. Simonson has in this matter is that he has been communicated with by the Provincial Department of Agriculture who are anxious to ascertain all particulars relative to the Karakule industry which has now become such a feature of fur farming in this province.
