The groom, John Feehan, was ably supported by Daniel Mitchell, one of Lennox Island's soldier boys. The ceremony was performed with the nuptial mass by the pastor, Rev. John A. McDonald. Mr. John P. FORMER RESIDENT.—Word was received in the city yesterday morning of the death at Winnipeg, Man., on the 18th, of Mr. James A. Waddell. The late Mr. Waddell was formerly a respected resident of this city and was superintendent of the Royal Electric Company, whose plant was located at the corner of Pownal and Water Streets and which for several years held a contract with the City for supplying street lights. He was also an enthusiastic Oddfellow, having joined St. Lawrence Lodge of this city on March 26, 1883, and he became Past Grand of the Lodge on Jan. 1, 1892. After his removal to Winnipeg upwards of 20 years ago, he transferred his membership to one of the lodges in that city, but he always maintained his interest in the local lodge and when a drive was made a couple of years ago on behalf of the Oddfellows Home located at Pictou, he forwarded his contribution, notwithstanding the fact that he had relinquished his membership in this jurisdiction. Mr. Waddell was in his 86th year and although he had been absent for some time he has made several visits here, his parents being buried in St. Peter's Cemetery. His

Euler To Leave For London

(Special to the Guardian)

GENEVA, Sept. 18.—Expecting to undertake further conversations with the British Government on the matter of regulations governing British imports to Canada under the preferential tariffs, Hon. W. D. Euler, Minister of Customs and Excise for Canada, will leave Geneva tomorrow for London. The particular question raised by the British Government is the change by Canada, some months ago, whereby British goods to gain the benefit of the imperial preferences, must be British in labor and materials to the extent of 50 per cent. With a large portion of goods imported in a raw state to Britain and there processed or manufactured for export, the stipulation is a very important one to British exporters. One suggestion is that Canada in return for British concessions in other directions might make a special provision in regard to imports of cotton, the chief commodity affected by the ruling.

Heart Trouble Or Indigestion?

Palpitation, Heartburn, Pressure, Shortness of Breath

THREE MINUTES TEST TELLS WHAT'S WRONG

While many people have Heart Trouble, there are thousands more who live in constant fear because they think they have it.

Probably ninety per cent of the self-diagnosed Bad Heart symptoms—Palpitation, shortness of breath, difficult breathing, a feeling of fullness or pressure around the heart—are mainly caused by an excess of acid in the stomach. Dissolve this acid, and panicky heart symptoms promptly disappear.

You can prove it in three minutes. From any drugist get some pure Bisurated Magnesia—powder or tablets. Take a little in water after your next meal. Watch results. If the heart symptoms you fear fail to appear, you have found your real trouble—stomach hyper-acidity—and this condition Bisurated Magnesia is guaranteed to stop. There is nothing better, safer, surer for acid-caused digestive troubles, and a single trial proves its value.
