**-Mr. S. Wright** of Toronto spent the weekend in Summerside and is returning to his home.

**Annual Meeting Of St. John Baptist Alumnae, Miscouche**

The annual meeting of the St. John Baptist Alumnae was held in Notre Dame Convent, Miscouche on Sunday afternoon.

Miss Gillis, the president, occupied the chair. The meeting opened with the Alumnae hymn. The minutes of the previous annual meeting were read.

Miss Gillis then gave her report, which showed that the Society had been quite active during the year and had assisted two pupils with their college expenses. The money had been raised in membership fees and other ways. The success of the Society in assisting to give University Courses to Sisters through their affiliation with the Canadian Federation Alumnae, was stressed by the president.

The graduating class at the convent put on a pleasing little tableau illustrating the high ideals taught in the convent schools and stressing the value of them to the girls in their adult life.

Rev. Gavin Monaghan, who is at present parish priest at Mont Carmel, gave a most instructive address to the members of the Society pointing out to them their responsibilities and how they can further the work of the Church by right thinking and living.

He urged them to study the teachings of the Church through their catechism. This might well form the basis of their study class, so that they could impart the Catholic doctrine more intelligently to their children.

He also asked them most earnestly to join in the campaign for clean literature for the home; so that their children may be taught to disregard all that is low and impure in reading matter and only seek that which is clean.

Rev. Dr. Monaghan, P.P., added a few words and congratulated the Society on their success.

As the officers are only elected every two years no election for officers took place.

The meeting closed with a hymn and prayers.

A delicious tea was then served by the Sisters and very much enjoyed.—S.

**In Memoriam**

ALBINA GAUDET, R. N.

After an illness of nearly five years, Albina Gaudet peacefully passed away at her home in Summerside, P.E.I., on June 21, 1934. She was born in Wellington, P.E.I., and had received the education that is characteristic of a woman of her class. After teaching school for a number of years she went to Boston, Mass., where for some years she devoted her energies to the care of semi-invalids. This work gave her extra prompting to qualify for the nursing profession and after a short stay with her relatives she proceeded to the Ottawa General Hospital where without the loss of a single day from sickness or any other cause she completed her course.

Here she graduated in 1932. She spent her professional duties attending to tuberculosis. It was during this period that she met her husband, Mr. Arthur Gaudet, who was a horticulturist. They were married in Summerside, P.E.I., and she has since then been a devoted wife and mother. She is survived by her husband, Mr. Arthur Gaudet, who is a horticulturist, and by her two sons, Mr. Arthur Gaudet, Jr., and Mr. Edward Gaudet, both of whom are in the military service. She is also survived by her mother, Mrs. Mary Gaudet, and her father, Mr. John Gaudet, both of whom are in the military service.

Her funeral will be held at 2:30 p.m. on Thursday, June 23rd, at the Central Bedeque Baptist Cemetery in the family plot.—S.

**Will Extend Sewerage System in Summerside**

At an adjourned meeting of the Summerside Town Council held last night, it was decided to call for tenders for the extension of surface sewers recommended by Mr. J. M. Begg, civil engineer who recently made a survey of Summerside's sewerage system. The estimated cost would be \$60,000.

The matter of group insurance for the firemen while on duty was discussed at some length and it was decided to make arrangements for same.

The police report left over from last meeting showed 15 convictions for drunkenness, one for vagrancy, one for an infringement of the Public Health Act. Two juveniles were brought up for theft; one was sent to St. Patrick's Home at Halifax and the other placed on probation. Meeting adjourned for one week.

**Co-operation Urged In Transpolar Flying**

MOSCOW, June 21 (AP)—Russia's foremost Arctic authority today urged North America to establish wireless stations and air bases on the North American side of the North Pole to help make regular transpolar air services a reality.

Prof. Otto Schmidt, who recently established the Soviet base near the North Pole, said similar action must be taken at the other side before airplanes can fly regularly across the Pole.

Schmidt, returning to the Russian mainland from his polar expedition, said the Russian fliers who reached Vancouver, Wash., yesterday from Moscow had blazed the trail.

But, he added, the task of creating real transpolar air communications "will of course require the cooperation of the people of the United States for their own profit and the advantage of all humanity."

**Rare Books Sold**

LONDON, June 21 (CP)—Two of the world's rarest books were sold in Sotheby's auction rooms today.

A volume of the famous Gutenberg Bible was sold to Philip Rosenbach for \$8,000 (\$39,500). Gabriel Wells purchased a first folio Shakespeare for \$5,600. Rosenbach also bought a Boccaccio volume of 1494 for £1,800. Both purchasers are Americans—residents of Philadelphia.

**Puzzled by Horses**

CHURCHILL, Man., June 21 —Horse owners who saw horses for the time were heard to remark: "Horse. Eat much fish."

### CAPITOL NEUTRALITY

(Continued from page 1)

European nations, such as the United States, through "informal negotiations" conducted by Great Britain. Presumably the nations would be asked to agree not to sell or ship war materials to Spain.

**Visit Postponed**

The decision came after German announced postponement of a visit to London by her Foreign Minister, Baron Konstantin Von Neurath.

Berlin said the situation created by "repeated Red Spanish attacks on German warships" made Von Neurath's presence at home imperative.

Cancellation of Von Neurath's visit, reliable informants said, emphasized how seriously Germany views the Leipzig incident—alleged attack against the Nazi Cruiser by Spanish Government submarines.

German sources in London asserted that the situation is serious and that a "crisis may be reached at any moment."

### Libeled Lady Makes Hit At The Capitol Theatre

Everyone is talking about the current attraction at the Capitol Theatre, Libeled Lady, which brought a large audience to the theatre last night and will be on again this afternoon and evening.

Brilliant acting, charming costumes and moments of high tension all combine to make this picture one of the best yet.

With so prepossessing an array of talent at its disposal as that of the brilliant stellar foursome of Jean Harlow, William Powell, Myrna Loy and Spencer Tracy, directed by Jack Conway who filmed the triumph "Tale of Two Cities," it was a foregone conclusion that "Libeled Lady" would be a picture above ordinary standards.

It is all of that and more. Played to the hilt by its celebrated personnel in roles which couldn't have been more becoming if they had been made-to-order, directed with dash, spirit and intelligence, and unfolding a plot which keeps its audience constantly interested and amused, "Libeled Lady" comes from the rich coffers of Metro-Goldwyn-Mayer as a fitting successor to such of its recent hits as "San Francisco" and "The Gorgeous Hussy."

As its title indicates the story of "Libeled Lady" concerns a girl who crashes the headlines and uses for money. Five million dollars worth, to be exact. It is this role which Miss Loy plays and it is one of the best she has ever attempted. Miss Harlow is equally well cast as the sophisticated and racy sweetheart of the libeled newspaper's managing editor, Spencer Tracy, while Powell has a humor-packed characterization as the suave star reported hired to block the libel suit.

Powell's idea is to squelch the suit by making Miss Loy fall in love with him. The scheme is carried beyond his own plotting when he in turn finds himself smitten with the bewitching Miss Loy. An earlier "marriage of convenience" between Miss Loy and Powell complicates things quite a bit but all is ironed out beautifully in the fadeout with both heroines winning the man of their hearts. Summed up, "Libeled Lady" is one of the most brilliantly cast and divertingly written screen stories of the year. It's a definite hit!

**INSURGENTS**

(Continued from page 1)

manifesto addressed to the nation declared.

The manifesto said Ba que troops were reforming their lines near Bilbao and indicated an attempt would be made to win back the Baque capital.

**INTENSIFY DRIVE**

MADRID, June 21 (AP)—The Government's drive against Huesca in northeastern Spain was intensified today, apparently in an effort to offset in some degree the loss of Bilbao Saturday.

Dispatches from the Aragon front reported 12 Government airplanes bombed insurgent positions at Zaragosa, while another Government air squadron bombed along the Huesca-Jaca Road, inflicting heavy damage.

The Government reported repulse of an insurgent tank and infantry attack at Loma Verde, strategic height dominating Huesca. Heavy troop movements along the road to Huesca indicated insurgents were bringing up reinforcements to withstand increased Government pressure.

Government defenders of Madrid exploded a huge mine in University City, western suburb of the capital, where 3,000 insurgent troops have been cut off for three months. The clinical hospital, which the insurgents made their main fortress, was reported split in half.

**BBLUM SEEKS**

(Continued from page 1)

government of the Popular Front applying the program of the Popular Front, a coalition of Left parties including Socialists, Communists and Radical-Socialists.

**Senate Blocked Bill**

The Blum Government decided to resign at 2:25 a.m. after the Senate had the second time refused to grant it sweeping emergency powers to safeguard public credit. Shortly afterward the ministers presented themselves before President LeBlanc. The latter kept Chautemps—a minister of state in the resigned government—in conversation after his colleagues had left, and at 7:30 a.m. formally designated him to carry on the government.

The situation was rendered delicate by fears Popular Front adherents might stage demonstrations. Blum appealed to his followers to preserve their calm and no incidents were reported.

**KING GEORGE VI TO KEEP STAMP COLLECTION**

LONDON, June 21 (CP)—Rumors regarding the disposition of the late King George V's valuable stamp collection have been set at rest; King George VI will keep the collection and add to it.

The 200 or more albums containing many rare and expensive specimens are valued at \$500,000 (\$2,470,000).

### Pioneers Tie Soviets For League Leadership By Blanking Sunglos 5-0

Behind the one-hit pitching of Jim Wilson the Pioneers turned six hits into five runs to defeat the Sunglos 5-0. But five and one half innings were completed before darkness set in rather early but those innings were filled with exciting baseball.

The pitching on both sides was brilliant, Wilson on the Pioneer mound being robbed of a no-hit, no run game by Boates' single in the last frame while Daly came through in fine style with men on bases leaving six stranded to hold down what might have been a larger score. The infielders turned in some sparkling plays on both sides while the outfielders were not called on for many chances.

Fans rejoiced to see Dave Lidstone back in his position in center field. Dave made his presence felt by pulling a long triple to right field in the second inning of his first game this year. Harry Crossman was back at first after a one game layoff due to a leg injury. Still one other started in his opening game of the year in the person of "Spec" Phillips who hit safely two out of three, batted in one run and scored two himself.

The Pioneers maintain the spotlight again tonight when they meet the Soviets in the rubber game of the section. A win for either team may clinch the coveted sure playoff berth.

**SUMMARY**

Earned runs: Pioneers 3, Sunglos 0; left on bases: Pioneers 6, Sunglos 1; three base hit: Lidstone;

**FEAR VIOLENCE**

(Continued from page 1)

ber for decades to come."

United States government mediators strove desperately to find some middle ground between Unionists and steel companies for peace.

"As soon as anybody goes into those plants," warned John Mayo, Youngstown C. I. O. leader, "the SOS will go out and there will be trouble."

**Plea Ignored**

A back-to-work marching order was issued today by the Youngstown Sheet and Tube Company and the Republic Steel Corporation—a defiance of the plea of Frances Perkins, United States Secretary of Labor, for maintenance of the status quo during the mediation hearings.

At Warren, another troubled spot in the embroiled Mahoning Valley of Ohio, the C. I. O. threatened a general strike, after a court injunction was issued today forbidding picketing of the Republic plant there.

**Comedy Drama The Forms Of Catholic Worship**

"Eyes of Love" a three act comedy drama, was presented at a packed house in Borden Union Hall, Thursday, June 21. The entertainment was under the auspices of the Borden Women's Institute, and staged by the Borden Players.

The close attention, laughter and applause of the large audience gave proof of their enjoyment and appreciation.

The beautiful dancing of Miss MacNeill of Summerside and the comic songs of Mr. Chailan of Charlottetown met with thunderous applause.

**C. B. C. To Extend Program Period**

(CP. By Guardian's Special Wire)

OTTAWA, June 21—Extension of the daily program to 12 and possibly to 16 hours in October when the new high power transmitters in Ontario, Quebec and British Columbia will go into action, and the formation of light opera companies in Montreal and Toronto, were some of the announcements made tonight by Major Gladstone Murray, General Manager of the Canadian Broadcasting Corporation.

Following a meeting of regional directors and program directors Major Murray gave an outline of the program plans for summer, fall and winter and expressed the hope that in October the Corporation will be broadcasting 12 or possibly 16 hours a day instead of six hours as at present.

Grand opera concerts from United States will be continued, the General Manager said, but it was felt that Canada light opera talent existed to a sufficient degree to warrant formation of two companies which will give a series of 25 concerts, 13 from Montreal and 13 from Toronto.

Major Murray thanked the Canadian Press and the newspapers individually "for their sympathetic encouragement of the C.B.C."

**Irish Brigade Is "Welcomed" Home**

DUBLIN, June 21 (AP)—Tired and tattered, the Irish Brigade came home from the war in Spain today to find 300 policemen waiting for them.

Nine of the 600 prominently were sent to jail at Kingstown for carrying weapons illegally. Their luggage was searched and detectives have harvested a crop of bayonets.

General Eoin O'Duffy, Republican Leader, fumed.

"These are De Valera's orders!" he cried. "It is a fraud and a humbug."

He referred to the Irish Free State President, who is his political foe.

The Irish brigade fought in Spain as volunteers on the Insurgent side. Their term of enlistment is up now.

### Increase Shown In Liquor Sales

SAINT JOHN, N. B., June 20 (CP)—Increases of \$319,856 in sales and \$181,979 in profits were shown in the report of the New Brunswick Liquor Control Board for the last fiscal year, ending Oct. 31, 1933. Total sales during the 1933-36 period amounted to \$2,695,931 while the profits were \$782,742.

Spirits represented the largest amount, \$1,498,218, as compared with \$1,311,264 in 1934-35. Wine sales dropped slightly to \$335,031 but consumption of beer increased, the sales amounting to \$822,794.

In British Columbia

VICTORIA, June 20 (CP)—British Columbians laid \$16,000,000 on beer parlor tables and Provincial liquor store counters in the 12 months ending March 31 this year, W. F. Kennedy, Chairman of the Liquor Control Board reported Saturday. He said liquor, beer and wine sales showed an increase of more than \$1,600,000 over the previous year.

The Provincial Control Board turned over \$3,555,425 in net profits to the British Columbia Government this year, about \$500,000 more than in 1936.

Kennedy estimated more than 63,000,000 glasses of beer were served in beer parlors during the 12-month period.

**Jury Disagrees On Murder Case**

(CP. By Guardian's Special Wire)

QUEBEC, June 21—A jury deadlocked tonight ended the murder trial of Kingsley Carter, 46 year old former mayor of Gaspe, Que., accused of shooting Arnold Morgan last Nov. 20.

Mr. Justice Lucien Cannon dismissed the petit jury when it reported disagreement after deliberating slightly less than 4 1/2 hours. Previously, the jurors had twice reported they had not reached agreement and had sought new instructions.

Mr. Justice Cannon dismissed the petit jury when it reported disagreement after deliberating slightly less than 4 1/2 hours. Previously, the jurors had twice reported they had not reached agreement and had sought new instructions.

**Halifax Professor For Western Post**

(CP. By Guardian's Special Wire)

SASKATOON, June 20—Dr. James S. Thomson, M.A., D.D., Professor of Pine Hill College, Halifax, during the last seven years, will succeed Dr. W. C. Murray as President of the University of Saskatchewan. The announcement was made Saturday by Mr. Justice P. E. MacKenzie, chairman of the Board of Governors of the University.

Doctor Murray recently retired from the presidency of the university, a position he held nearly 30 years.

Doctor Thomson has been an active educator both in Canada and his native Scotland. He served during the last war with the rank of captain.

P. L. BOWNESS & SON

—THE UNDERTAKER—

The midnight hour, the darkest hour  
That human grief may know,  
Sends forth its hurried summons  
Asks us to come—we go.

We know not when the bell may toll,  
We know not where the blow may fall,  
We only know that we must go  
In answer to the call.

Perhaps a friend—perhaps unknown—  
Tells fate that turns the wheel—  
The tangled skein of human life  
Unwinds slowly on the reel.

And woe! We're the undertakers,  
"Cold-blooded," you'll hear them say,  
"Trained to the shock and chill of death,  
With a heart that's cold and grey!"

Trained—that's what they call it  
How little they know the rest—  
We're human, and know the sorrow  
That throbs in the aching breast.
