Modern Civilization Blessing To Sparrows

BAKERSFIELD, Cal., Sept. 25.—Civilization is not always an unqualified blessing to wild life, but sparrows in this locality have discovered that man's inventions sometimes can be used to simplify food problems for feathered flocks.

In the "good old days" the sparrows caught their meals on the ground, chasing a single insect through the air for blocks.

Times have changed. Sparrows are growing fat from diet of roasted dragon flies, bees and butterflies caught in radiators of automobiles.

Parents immediately following which Mr. and Mrs. Nash left by crepe roma, black picture hat and an old fashioned bouquet of roses and sweet peas. The groom was ably supported by Mr. J. G. Tompkins, brother of the groom, while Mr. P. Benjamin Conroy and Mr. A. W. Peterson acted as ushers. Professor W. E. Fletcher presided at the organ and was assisted by a full choir who sang "O Perfect Love, the opening of the ceremony. During the evening the organist, Miss Berna Heston, sang with much effect D'Ardelet's "Because."

After the ceremony a reception was held at the home of the bride's

LUCKY NUMBERS — The numbers drawn for the Exhibition Hospital cakes were 126 and 271. Will the winners please call at 96 Prince St. and receive their cakes. 1719-9-25-24

WELL RENDERED SOLO. — Mr. Elmer Farnell of Amherst, who was the soloist at Zion Church last evening, sang a fine setting of "Crossing the Bar" by Eugene Cowles. Mr. Farnell's singing is always very much appreciated by the congregation of Zion Church and his solo last evening was especially effective.

CHURCH DIGNITARY HERE. — Rev. Dr. MacGillivray of Guelph, Ontario, Moderator of the General Assembly of the Presbyterian Church in Canada is spending this week visiting churches in different parts of the Island. He preached in local churches on Sunday, and left today for Alberton.

SHOP BREAKERS. — A burglar or burglars gained entrance to the Ideal Plumbing Shop of Mr. Leo Doyle, on Queen Street, some time Friday night, and stole a quantity of goods. Entrance was gained by pulling down a number of boards that covered an opening at the back of the premises.

HOME FOR BURIAL. — The remains of Miss Ellen Brady of this place who died in the Sacred Heart Home, Charlottetown, arrived by train and Mr. Michel McDonald, Services at the church and grave were conducted by Rev. O. Kiggins, P. P. The pall bearers were: Capt. Hugh McPhee, T. E. Morrissey, Andrew Lavers, Albion McLeod, Philip Morrison, S. N. Johnson.

SOLOISTS AT TRINITY CHURCH. The congregation at Trinity Church yesterday had the great pleasure of hearing two visiting tenor soloists, Mr. Eddie Matheson of Westville, N. S., and Mr. Percy D. Williams of this city. At morning service Mr. Matheson deeply impressed the congregation by wonderfully sympathetic interpretations of a gospel hymn, and a "Negro Spiritual," "Goin' Home." In the latter number the singer made it easy for his hearers to understand why the term "Spiritual" should be applied certainly, the people of Trinity Church will welcome his re-appearance at any future time. At evening service, Mr. Percy Williams again delighted those present by his artistic rendering of the "Mosaic Recit" and "Comfort Ye My People," and "Every Valley shall be Exalted," also the song, "The King of Love," (by Spencer). Mr. Williams is always welcome at Trinity Church.

NEW CUSTOMS WAREHOUSE. A new customs warehouse is being built on a cement foundation with cellar, is being built at Borden at the west end of the station. When completed this will be a great boon to the public as the old warehouse was on the opposite side of the railway from the station and persons using it had to cross several tracks, which was inconvenient and sometimes dangerous. Incidentally it may be mentioned that an appointment has yet been made to fill the vacancy caused by the regrettable death of Mr. Charles E. MacDonald, the late Customs Officer for the port of Borden.

Gov. Hartz Visits Hampshire School

An event of the impression of which will long remain in the memories of the pupils of Hampshire School was the visit of His Honor Lieutenant Governor Hartz to that school on Monday last. The Hampshire School has the proud distinction last year of winning the magnificent silver cup donated by His Honor to the schools of this province for greatest improvement in the beautification of school grounds. This trophy was shown at the Charlottetown Exhibition this week and surrounded by samples of beautiful flowers from the Hampshire School garden, which were admired.

Governor Hartz was accompanied on his visit by Mrs. Hartz and Mr. D. Edgar Shaw who examined the pupils in their several classes.

A number of the ratepayers including Mr. Daniel Fraser and Mrs. Fraser, Mr. James McLeod, Mr. Charles Larler, Mr. Tremere, Secretary of Trustees and others were present, Mr. Fraser acting as chairman.

His Honor expressed himself as greatly pleased with the appearance of the school and school grounds and the evident satisfactory progress being made by the pupils under Miss Bookendorf, their teacher, and to show his appreciation of the good work being done in this district His Honor intimated that if the Trustees and the teacher wished to have the pupils attend the Provincial Exhibition he would grant them a half day for their entrance to the grounds.

This kind act of the Governor, needless to say, was much appreciated by the pupils and was eagerly taken advantage of by the trustees and teacher.

The splendid showing made by this school at the Provincial Fair last

The West have a great country here in the east and both working together and understanding and knowing each other can make this Canada of ours one of the greatest countries in the world.

Mr. William Rowe, President of the Board of Trade also extended a hearty welcome to the visitors. He regretted that owing to the day of their stay to Charlottetown would be unable to see the city and work but in their drive through the country tomorrow they would see that work was being done and that the work was being rewarded by prosperity and contentment.

Mr. Osborne Scott replied on behalf of the visitors. He thanked the Tourist Association, the Premier and Mayor and the Board of Trade for their kind words of welcome. He had many messages to people of Charlottetown, many of which he had forgotten but he might say briefly that the West is full of Maritime people, some of those present here either being natives of this province or having parents or other relatives here. He himself, he said humorously, had taken the precaution to have his mother born in Prince Edward Island.

The party broke up early. Mr. Justice Arsenault expressing the opinion that some at least of the visitors might want to see the city by moonlight.

Yesterday the visitors were taken for a drive through parts of King's County. Today they go to Summerside and will leave by Borden in the afternoon.

They were all delighted with their visit to the only regret being the shortness of their stay here but all expressing the hope that they will be able to make another visit in the near future.

Following is the list of visitors:

Take Your Corns Off In Hot Foot Bath

The hot water extraction of corns is the surest, quickest, simplest way ever thought of. It takes only a minute to apply a covering of Putnam's Painless Corn Extractor, and it soon frizzles the corn or callous so that a foot bath shells them right off. You must be sure and get Putnam's Painless Corn Extractor; it's a wonderful antiseptic corn softener. It costs little. Obtainable at druggists everywhere, and is absolutely sure to give you the desired results for corns, thickened foot lumps or sore of any kind.

fluence for good of lives that are consecrated to the Master's service. The great and ever-growing influence known as Christianity came from one person. It is now an influence that has filled the globe. Beyond the congregations of the church Jesus is being universalized in the thoughts and activities and ideals of mankind. In our measure and degree the same is true of us. We may make our influence still more felt in remote parts of the world.

In the afternoon Dr. MacGillivray preached at Mount Stewart and a large congregation completely filled the hall in which the continuing Presbyterians are worshipping there. They were treated to a most inspiring sermon from the text, "Put on the whole armor of God," and at the close of his sermon Dr. MacGillivray spoke most encouraging words to the congregation who had remained faithful to the grand principles of the Presbyterian Church.

The pulpit of Zion Church was occupied in the evening by the Moderator and he preached from the text, "To what purpose is this if the development of his sermon people are wrapped in judgment in regard to what constitutes waste. The urgent need, he said, is to put first things first and to have the Christian point of view. Mary was commended for the extraordinary love which she exhibited and her offering was accepted by the Saviour. One thing against which he should be constantly on our guard is that of receiving from benefactors the things that are not theirs. Unrequited love brings pain and leads to misunderstandings which are destructive of the heart life. The stamp of immortality was also placed upon Mary's deed of love and Christ's pride at seeing his enduring nature in her child, doubly fulfilled, Christ's own death, the second century that this deed of the woman had extended to the shores of Britain. Just imagine, said the preacher, the vast continent to which that gospel has now been preached, since the days of Christ's coming and they will have some slight conception of the marvelous foresight of the Saviour in forecasting the progress of his gospel.

There was a very large congregation present at this service, and at the close of his sermon Dr. MacGillivray gave a few of the interesting facts regarding the strength of the Presbyterian Church at the close of last year. The membership, which was 151,243 at the close of 1925, has been greatly added to by 262,461 persons in many congregations, and by gains all along the line. The amount of money raised for all purposes, notwithstanding the lack of a missionary objective, was \$3,219,112. The number of new church buildings either completed or in process of erection was between seventy-five and a hundred. This must be multiplied several times, said the preacher, to form an idea of the building program of the next few years. Perhaps the most striking statement of all was that the shattered Presbyterian Church of this year had received upwards of 10,000 new members on profession of faith alone.

Dr. MacGillivray spoke of the splendid optimism, the quiet determination, and the spirit of unflinching which pervaded the whole Church.

In the unavoidable absence at this service of the minister, Rev. Scott Fulton, the devotional exercises were conducted by Rev. W. Bruce Muir.

Birth Rate Continues to Decline

OTTAWA, Sept. 25. — The birth rate in English-speaking Canada continues to decline. Excluding Quebec, there were fewer living births in the last month of record, only 1926. Of the 17,552 living births in that month in Canada, 11,447 were in the eight provinces, excluding Quebec. In Quebec, which came into the registration area only this year, there were 6,405 births in the previous February. There are no comparative figures for the previous February in that province. There was a reduced birth rate in all the other provinces except New Brunswick and Manitoba, which registered an increase of 1 and 38, respectively, for the months.

Montague Child Saved From Drowning

The quick action of Ernest Griffin, a fisherman of Sturgeon, averted a drowning accident at Montague on Saturday afternoon.

While little Stanley Thompson, four and a half year old child of Mr. and Mrs. C. C. Thompson, was playing in company with other boys near the wharf, throwing stones it is thought, into the water, in some way he fell into the water, and was in great danger of drowning. The cries of his companions for aid were heard by Mr. Griffin, who at once rowed to the spot and succeeded in getting hold of the youngster and pulling him out.

The child, who had been struggling in the water for some little time, was almost unconscious when he was rescued. Artificial respiration was applied by his rescuer and Mr. Fulton Campbell, who with other boys had been attracted to the scene. The little fellow was given medical attention immediately, and was later taken to his home. Yesterday he was recovering rapidly from his misadventure.

Montreal, Que., Sept. 25. — The export trade in grain on the Montreal market Saturday was again very quiet, which exporters state is due to the fact that the Canadian pool is underselling them five to seven cents per bushel on wheat. The only business was with foreign buyers, who a few loads of barley. The demand for cash coarse grains from local buyers was limited but the tone of the market was steady. The flour market was without any new feature to note. Prices for spring and winter wheat grades were unchanged with a fair trade passing. A fair business was done in all lines of millfeed and prices were steady. The trade in rolled oats was active and the business was being greatly added to by 262,461 persons in many congregations, and by gains all along the line. The amount of money raised for all purposes, notwithstanding the lack of a missionary objective, was \$3,219,112.
