

Terrible Cough.

People would only treat coughs and colds with Dr. Wood's Norway Syrup, there would be fewer homes where coughs and colds, bronchitis and the first stages of consumption would readily to this powerful, lung-cleansing remedy.

Mrs. Thos. Carter, Northport, says: "I caught a severe cold, which spread to my throat and lungs, so that I could scarcely speak above a whisper. I had a terrible cough which my friends would send me to my grave. I tried different remedies but all failed to do any good until I took Dr. Wood's Norway Syrup, and the contents of one bottle completely cured me."

QUALITY

In the selection of Drugs—Purity is of great importance. We make it our business to buy only the best.

ACCURACY

In the compounding of prescriptions, we are always careful that the prescription you bring us to be prepared is correctly filled.

ECONOMY

Is one point to consider when it does interfere with quality. Whether it be Dr. Wood's Norway Syrup, or other medicines, we buy from us you will get the best at the lowest possible prices.

GOOD BREAD

is a treasure. If the bread is not good, we do not enjoy our meals, or in fact enjoy life, for "bread is the staff of life." Bread cannot be good unless the ingredients are good, and the mixing and baking must be done by experts. That is where we have the advantage. Our speciality is:

BUCHESSE LOAF

LOTS of people will have no other. It is exceedingly agreeable to the taste and very popular with housekeepers. We also have Vienna bread at 7c and plain bread at 6c.

A MEETING of the executive of the Y. M. C. A. was held last night. The continuing of the work was discussed at length and an attempt is being made to secure Mr. Robb as secretary. Owing to the late hour the meeting adjourned to meet this evening at 7 o'clock.

At the Police Court yesterday morning Albert Hughes and Edward Harry, Jr., appeared charged with stealing chewing gum from J. A. Farquharson's store. His Honor after hearing the case sentenced both boys to 30 days each, sentence to stand over if the boys attended school. Teacher to report their absence when the sentence would be enforced.

DUNDAS NOTES.—Considerable shipping is being done here this fall.—Mathew & McLean, are now loading their fourth schooner at Bridgetown wharf. Others are expected.—Politics and whiskey have been all the rage here during the last fortnight. The political strife has about ceased, but the whiskey and its effects still remain. It is a lamentable fact that so many of our youth have drained the intoxicating cup during the recent political campaign. A recent entertainment held in Dundas Hall fully warrants the statement of the above facts. The young women must to some extent be held responsible for such conduct on the part of our young men, when they will accept the company of these same individuals on the home stretch.—Miss Ethel Carver is visiting friends here. She is the guest of Mrs. Brehaut.—Rev. Mr. Marple is conducting revival meetings in the Baptist church here. He is an able evangelist, much good ought to result from his labors.—Agricola.

THE Campana was in port yesterday morning and left on return during the afternoon. The cargo consisted in part of 3000 bags starch, and 2000 boxes cheese.

TUPPER CLUB.—The Liberal Conservatives propose dealing with the political situation without gloves at their meeting in the Benevolent Irish Society rooms this evening. 18 11

YESTERDAY afternoon Mr. A. McBeth received a telegram from his son, who is returning from South Africa. It will be remembered that while in action Private McBeth was wounded in the foot, but fortunately not of a serious nature. The telegram is as follows:

ST. JOHN'S, Nfld., Nov. 12.
A. McBETH, CHARLOTTETOWN,
Will arrive in Halifax on Thursday
Hope to meet you all well.
T. L. McBETH.

THE marriage took place at Penobscot, King's County, N. B., on November 5th of W. E. Howatt, deacon of Tryon Baptist Church to Mrs. E. B. Corey, widow of the late Rev. E. B. Corey who a number of years ago was stationed at Tryon. The ceremony was performed by Rev. E. C. Corey, brother-in-law of the bride and whose house the marriage took place. The happy couple at once set out for their future home in Angustine Cove, where they arrived at a late hour on Monday evening, 5th inst. Their many friends extend their heartiest congratulations to Mr. and Mrs. Howatt.

SOME days ago it was the GUARDIAN'S privilege to publish an interview with Mr. B. C. Richards of Barbadoes. In that interview many points of interest to the producers of this province were discussed. Mr. J. McIvor of Barbadoes strongly supports the contentions of Mr. Richards in the following: "The best tinned butter from Canada which comes to this market is all right for table use, but it is not a keeping butter and therefore will not sell for cooking purposes. About 66 per cent. of the trade of this island is in cooking butter, the wholesale prices of which is 19 to 24 cents according to the season of the year, and so far as I can see there is no reason why Canada should not fully supply the market. With regard to butter in tins, I have seen several lots of Canadian sold at prices which would not pay the shipper. The butter was well packed and got up in good style but the wrong way was taken of introducing it. It seems to me that what your people require is a representative to show samples and book firm orders, and until this is done you will be working in the dark. Canada should have a representative in the West Indies who knows the market in all its details, knows exactly what is wanted, and who can explain to your manufacturers the requirements of their customers, in order to compete with foreign markets. A man from your side would not do, he must have a good experience of the West Indies and be in a position to advise shippers on all points. And should the Canadian government not see their way clear to appoint a man, I would suggest that a combination of your manufacturers and the steamship people might do so.

Wonder Of Beholders.

THE Biograph Exhibition at the Opera House last evening afforded a rare treat for those who braved a very disagreeable storm in order to see it. No previous exhibition of living pictures given here affords any idea of this splendid display. The scenes of busy, bustling life in many cities and lands are as vivid, engaging and real as anything short of reality could be, and excite the wonder of all beholders. The South African war scenes of which many were given, aroused great enthusiasm. Other scenes of vivid interest, were shown in endless variety, including many which aroused side-splitting mirth. There are no dull places in the entertainment, no waits, and the interest is held from start to finish. It is a pleasing instructive and meritorious entertainment which will doubtless draw full houses in the evenings to come.

NEVER TOO LATE.

To Try A Good Thing.

I am fifty-two years old and for forty years of that time I have been a chronic catarrh sufferer says Mr. James Giesling of Allegheny City; with every change of weather my head and throat would be stuffed up with catarrhal mucus.

I could not breathe naturally through the nostrils for months together and much of the time I suffered from catarrh of the stomach. Finally my hearing began to fail and I realized something must be done.

I tried inhalers and sprays and salves which gave me temporary relief and my physician advised me to spray or douche with Peroxide of Hydrogen. But the catarrh would speedily return in a few days and I became thoroughly discouraged.

I had always been prejudiced against patent medicines, but as every thing else had failed I felt justified in at least making a trial.

Our good old family physician Dr. Ramsdell laughed at me a little but said if I was determined to try patent medicine's he would advise me to begin with Stuart's Catarrh Tablets because he knew what they contained and he had heard of several remarkable cures resulting from their use and furthermore that they were perfectly safe containing no opium or opiates.

The next day I bought a fifty cent box at a drug store carried it in my pocket and four or five times a day I would take a tablet; in less than a week I felt a remarked improvement which continued until at this time I am entirely free from any trace of catarrh.

My head is clear, my throat free from irritation, my hearing is as good as it ever was and I feel that I cannot say enough in praise of Stuart's Catarrh Tablets.

These tablets contain extract of Eucalyptus bark, Guaiacal, blood root and other valuable anti-septics combined in pleasant tablet form, and it is safe to say that Stuart's Catarrh Tablets are far superior in convenience, safety and effectiveness to the antiquated treatment by inhalers, sprays and douches.

one buyer's experience.

We sold a Fur Jacket a day or two ago, price \$33. The buyer had been all round town to beat our value. When he finally made his purchase from us he said, "Now Mr. —, I must admit that I saw only one Jacket in town equal to the one you're selling me, and that ONE was marked \$58."

This is a fact, and a very significant one. It bears out the claims we make for this Fur Department of ours.

We are not the only fur dealers on earth, but it will worry you to find a better place to buy Furs.

Our stock of Furs is carefully selected and rigidly examined and inspected by Fur buyers who know their business thoroughly.

We buy Furs from no one but the strictly first-class makers of Furs. We buy all of our stock for spot cash, and every discount and cut, it's possible for any buyer to secure.

Then again we price our Furs just as we price our other stock, a fair profit, and as cheap to you as to your neighbor.

We sell CORISTINE Jackets, and every other jacket we think good enough for our customers.

But they must be at the top notch, or we won't touch them.

We stand behind every Fur we sell, with our personal cash warranty.

Much Satisfaction Is Derived

From the contemplation of some article of Furniture bought here long ago, perhaps. No sign of decrepitude in its sturdy frame, no loss of beauty on its polished surface, if ordinary care has been taken. And we sell to-day the same kind we have always sold—thoroughly reliable goods better in some respects, and cheaper too.
