ITALIAN SITUATION NOW OPENLY BOLSHEVISTIC

149 Factories Seized to Date. Socialists Openly Declare their Purpose to Establish Soviet Government.

(Special to The Guardian.) ROME, September 7.—Radicals who have seized factories in the greater metal manufacturing centres of Italy make no attempt to disguise the nature of the movement. It is purely Bolshevistic in character and it has the establishment of a Soviet Government as its purpose. In the face of prospects of a general strike, government officials appeared more optimistic regarding the acute industrial situation which to date had resulted in the seizure of 149 factories by locked out metal workers. Executives of the Socialist party adopted a resolution to appeal to all Italian organized labor to proclaim its solidarity with the metal workers. This was the outstanding development over Sunday which was tranquil so far as any physical disturbance was concerned.

POSSIBLE SETTLEMENT OF POLISH-LITHUANIAN DISPUTE

Hostilities Have Ceased and Peaceful Settlement is Expected Shortly at Conference in Marionopol.

(Special to The Guardian.) PARIS, September 7.—Reports from Polish Lithuania indicate that difficulties between the countries may be straightened out. The situation for a time spread renewed alarm through allied countries with Lithuania in active array against the Poles that new republic would have been almost surrounded by enemies and extrication from this position would have been exceedingly difficult for her western European friends and backers. The Exchange Telegraph Company is authority for the statement that "hostilities are virtually over and that peace negotiations will begin as soon as possible at Marionopol."

His opponent on this occasion will be Dr. Albin F. Emery, an unsuccessful Liberal candidate for this constituency in the election of 1917.

LABOR DAY SPORTS IN SUMMERSIDE

The weather man was very good to the G.W.V.A. and gave them a perfect day of which they took advantage, with the result that Labor Day in Summerside was a huge success. The sports were witnessed by a large number of enthusiastic spectators. Another feature of the afternoon success which greatly amused the crowd was the clown (Leo Coyle) and the nigger (Charles Spry), who merrily filled in the different lulls. Following the sports tea was served in the exhibition building under the charge of the Daughters of the Empire. Following are the lists of different events and their winners:

A. E. B. Murphy, of Tignish who held down third base for the Vets, scooped in some neat little sky scrapers, keeping his opponents from scoring. LOYD GEORGE'S PROPOSAL RE HUNGER STRIKERS

If Guarantees are Given that Murder of Policemen Shall Cease British Government Would Probably Release Hunger Strikers.

(Special to The Guardian.) LONDON, Sept. 6.—Replying to the Labor Party's appeal in favor of Lord Mayor MacSweeney, Mr. Bonar Law, the Government leader, addressed a long letter, dated Downing Street, today, to the effect that the Government's position was made clear in the Premier's statement August 25th, to which there was little to add. Mr. Bonar Law proceeded to state that MacSweeney was one of the leaders of the Irish republic army, which declared itself at war with the forces of the Crown, and, according to his own written words in one of the seditious documents for which he was convicted, he and his followers had determined to pursue their own ends, asking no mercy and making no compromise. Had he been taken at his word and dealt with as an avowed rebel, according to the universal practice among civilized nations, says Mr. Bonar Law, he would have been liable to be shot. Instead, he was tried by a legally constituted tribunal, sentenced to a term of imprisonment, and given all the privileges of a political prisoner.

"To release such prisoners," asserts Mr. Bonar Law, "would be nothing short of a betrayal of loyal officers on whose devotion to duty the fabric of social order in Ireland rests." Since MacSweeney's arrest, it is pointed out in the letter, 15 of officers have been brutally and treacherously done to death without chance of defending themselves. "Surely," continues the letter, "the sympathy extended the Lord Mayor, whose condition is due to his own deliberate act, is due rather to the bereaved widows and families of the murdered Irish policemen. The Government fully realizes how large a part sentiment plays in all human affairs, and if it were possible it would gladly have taken the attitude of the English King who said of an opponent: 'He is determined to make himself a martyr, and I am equally determined to prevent it.'" Mr. Bonar Law declares in conclusion that the Government cannot take a course involving the complete breakdown of the machinery of law and government, and that if the Lord Mayor dies in prison the responsibility will rest

LABOR DAY SPORTS IN SUMMERSIDE

Just four more days and the Guardian and Examiner's big \$5,000 prize contest will come to a close. Just a few more days and some happy candidate will be proudly spinning along in an elegant \$1,640 Gray Dori touring car; Some one else will be enjoying to the full the \$1,500 Gerhard Heintzman Player Piano; and still someone else will have their drawing room decorated with a \$750 Columbia Grafonola the like of which has never been seen on the Island. A dozen others will also be the proud possessors of very valuable prizes. Will one of these someone be you? There is no reason at all why it cannot be. From all indications the race for the big prizes is going to be a very close one. All of the candidates are working at top speed this week trying to collect every possible vote before midnight Saturday. That is the correct spirit to show and will eventually be what will tell when the judges make the final count next week.

Big 5,000 Prize Contest is Nearly Over: Candidates are Working in Earnest This Week

YOUR LAST OPPORTUNITY This week will be your last opportunity to secure votes and subscriptions for the big \$5,000 list of prizes. No matter how well you have done in the past, make a special effort to break all records this week. Do not stop until the race is over and your favorite prize is yours. There will be time enough to rest then. This week should find you hustling for subscriptions as you have never hustled before. The votes polled this week may be the deciding factors in the competition. SECURE EVERY POSSIBLE VOTE BY MIDNIGHT SATURDAY. It will take votes to win the costly prizes. Secure every possible vote these few remaining days. It will be far more to your advantage to have too many votes than not enough. It will be too late to make up for lost time Saturday at midnight. Put your best foot forward! Resolve to win the best prize offered, then set out with the determination to accomplish your ambition. None of the prizes are won yet, but they will be by Saturday night.
