Don't Bother with "Special Pastry Flour"

You can get the same flaky lightness in your Pie Crusts, Tarts and Cookies, with

BEAVER FLOUR

as you can with any pastry flour. Beaver Flour is milled of the famous Ontario fall wheat, strengthened with western spring wheat.

And more than that—Beaver Flour makes a loaf of bread that is a joy to eat—with fine, even texture and a delicious, "homey" nutlike flavor, unknown to those who still use the tough, tasteless, western spring wheat flour. Make the change today—order a barrel of Beaver Flour at your grocer's—and have really delicious Bread and Pastry.

FRIDAY

The third day of the exhibition was favored by bright warm weather and thousands of people took in the Fair and the accompanying attractions.

Autos by hundreds whizzed through the streets all day, many from the farthest sections of the Province and many from various mainland points.

Altogether with the lively run of traffic by autos and carriages everywhere Charlottetown took on the appearance of a big city.

Judging in all the lines was completed yesterday. The exhibit of heavy horses on the whole was rather small, according to Mr. J. M. McCallum of Shakespeare, Ont. one of the judges of horses who stated that for this reason there was little or no competition in many of the classes.

In the registered Clydesdales, said he, there were a few right good animals. Special mention is due the Canadian bred champion mare and the Grand Champion Clydesdale mare.

The Percheron horses according to Mr. McCallum, are a very poor lot. In the Heavy Draft horses, not registered, he says there were few good animals; while in the General Purpose class, the lack of general purpose type was very noticeable.

The races yesterday were attended by the largest crowd this season. There were two events, the free-for-all and the 2:27 trot and 2:30 pace. Both were won by Island horses. The first race called was the free for all seven horses starting. The race which went five heats was won by Brenton H. driven in able fashion by Mr. Geo. Hooper, the popular Charlottetown barber. The 2:27 trot and 2:30 pace was won by an Island horse Kiltie owned by Mr. John McPhee, North River.

The Strain of Overwork

Your work is heavy, and sore, tired muscles are a common occurrence. Each time your back aches you blame it on your work, and just there the danger lies—for that pain in the back may not be from strain, as you suppose, but be the forerunner of Kidney or Bladder trouble.

For your own interest, it is best to be particular and sure, as Kidney troubles inevitably pull you down and destroy your earning power.

Take note of these symptoms. Do you get dizzy and have repeated headaches, painful urination, brick dust deposits, or feel drowsy and, generally, good for nothing? If so, it is your kidneys that are bothering you—not work—and Gin Pills are necessary.

No person can work properly when they feel sick, tired and dizzy all the time. The more they try, the more energy they use up; and this only tends to aggravate their condition, as the kidneys are already tired out with their endeavors to relieve their congested state and perform their function properly.

The kidneys are delicate and vital organs; once they become affected through any cause—you suffer until the congestion is relieved and the cause remedied.

Don't let your system become run down. A box or two of Gin Pills will relieve those kidney complaints and restore your old-time health and strength.

Your health is priceless. Don't risk losing it. Keep your kidneys in order always by taking Gin Pills. Sold everywhere for 50¢ a box. Write for free sample to The National Drug & Chemical Co., of Canada, Limited, Toronto, Ont.

THE N. Y. FUR SALES.—The following telegram was received yesterday by Mr. E. R. Brow from Mr. Chester McLure, Fur Sales Manager who is at present in New York: "Fur Auction continues. Market Fair, Silvers sold at prices ranging from \$1.00 to \$6000 reds from ten cents to \$47; crosses from one to \$90. Prices all according to grades. Staples Firm. Signed Chester McLure."

At a meeting of the Charlotte-town Council of the Knights of Columbus on Wednesday night, when there was an exceptionally large attendance, Mr. J.E. Cullen who was treasurer of the K.C. Catholic army Huts campaign, was presented with an address, which was accompanied by a very acceptable souvenir gift Mr. Cullen thanked the donors in a neat speech.

WEDDING BELLS.—At Detroit, Michigan, Aug 31st 1918, by the Rev. Joseph Vance of the first Presbyterian Church, Frederick Dobson, of Detroit Michigan, to Magaret Helen Owen, of the same place, immediately after the ceremony the happy couple left for Buffalo and Niagara Falls and will be at home October first at 893 Garfield Avenue, Detroit, Michigan. Mrs. Dobson formerly belonged to French fort Prince Edward Island.

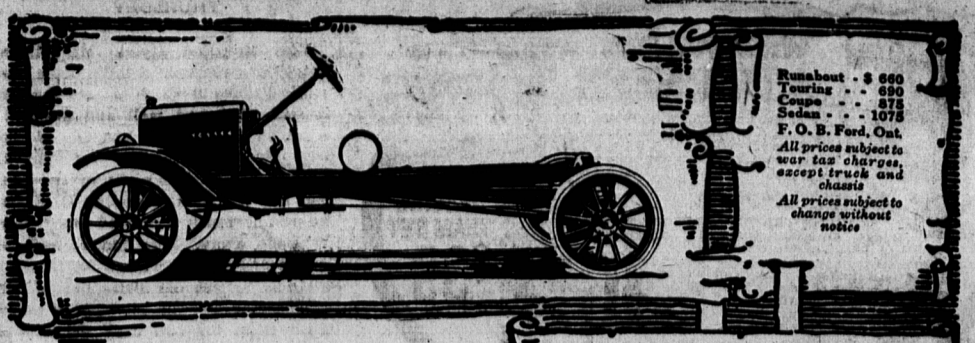

A PATRIOTIC FAMILY.—Mr. M. P. Brennan Long River, has received a telegram stating that his son Private J. A. was wounded in the knee, Sept. 1st. This young hero is carrying five other wounds which he got a year and a half ago. He also bears a mark which he got from a hurt six months ago. This plucky lad has made three trips to the battle field and has been carried off on a stretcher three different times. His many friends wish him a safe recovery and welcome to his P. E. I. home. Pte. Brennan is a cousin to Bernard T. Fitzsimmons who gave up his life last April for King and Country. He was one of the first Canadian boys to enlist in the United States Army and today the service flag is to be seen on the Mission Church with a large golden star in it for this hero as he was a member of that church for years. He was a son of Mr. Michael Fitzsimmons of Alberton whose home was saddened by the death of his wife. He has another son Daniel in France who like his brother enlisted of his own free will.

A gloom was cast over Upper North River when word was received that Pte. John W. Sanderson, son of Mr. and Mrs. H.F. Sanderson, was killed in action on Sept. 2nd. This gallant young soldier was born on June 1, 1897 and had attained his twenty first year when he met his death fearlessly doing his duty for the cause of freedom. He was a young man of exemplary character, quiet and unassuming that won for him a place in the hearts of his acquaintances which is now left vacant. He enlisted in Nov. 1915 in B. Coy, 105th Battalion and was on arrival in England transferred to the 104th Battalion. After serving the usual time of training he was drafted in Apl. last into the famous fighting 26th, and served in France until he met his death. He leaves to mourn their irreparable loss besides his grief stricken parents, four brothers, namely, Hamilton, Franklin, Miller and Fulton at home.

Soldier rest, thy warfare o'er
Dream of fighting fields no more
Sleep the sleep that know: no breaking
Morn of toil nor night of waking.

ARRANGING FOR BOYS CONFERENCE.—Mr. Lou Buckley, Maritime Boys Work Secretary, Halifax, and Mrs. Buckley are in the city. Mr. Buckley is here organizing the Province for the Provincial Boy's Conference to be held Nov. 22-24 in Charlottetown. This is one of 47 conferences to be held throughout Canada from coast to coast. Through these conferences 15,000 boys will be enlisted for training in Christian citizenship. Mr. Buckley is also interviewing the various committees in charge of the Earn and Give Campaign through which 40 boys are pledged to give the sum of \$400 for Y. M. C. A. work among the Soldiers. Mr. Buckley says he is delighted with the interest the Guardian is taking with the boy problem and hopes that the people of the island will loyally support Mr. R. C. Sidentus, the new Secretary for P. E. Island who comes here shortly to deal with this problem.

At the annual convention of the P.E. Island Teachers Association in Prince of Wales College on Wednesday after the regular committees had been appointed the President, Mr. Lloyd Shaw, gave a timely address which dealt principally with the imperative necessity of forming a strong and effective union of the teachers, in order that the profession may be placed upon an adequately remunerative basis and teachers of experience retained here. In closing the President made fitting reference to the distinct loss sustained by the teaching profession

More Satisfied Customers and Increased Profits

MANY storekeepers extend their business by taking advantage of the uses to which a motor truck can be put.

Those who use the horse and wagon for delivery are restricted to a limited area. But the merchant who owns a truck can cover many times the area possible by horse and wagon. He is able to increase his list of customers without interfering with the service he renders nearby customers. A rural delivery route can be added or lengthened. His loads can be increased. His service is improved while his costs are reduced.

The Ford One-Ton Truck Chassis fitted with a stake, express, or closed body will fill every requirement of the merchant. The Ford Truck is of service in all weathers.

The thanks of the Convention was tendered Mr. Shaw for his splendid address.

LONDON, Sept. 25.—Constantinople was bombed by the British royal air forces Friday and Saturday of last week according to an official communication issued by the Admiralty tonight. The statement says "The Greeks co-operated in the bombing of Constantinople on Sept. 20 and 21 and dropped thousands of leaflets into Stamboul."

OTTAWA, Sept. 25.—The total of Canadian casualties reported to the record branch here since the Canadians entered the big offensive in August is 25,000.

OTTAWA, Sept. 25.—Five hundred applications for exemption from military service under the "Slackers" treaty have been received from Canadians resident in the United States.

Appalling Conditions Among Belgian Children Fate of Coming Generation Rests on Relief Work.

MANY people have thought that the United States loans to Belgium have financed all the Relief Work necessary. As a matter of fact the loans provide the minimum ration to sustain life in a grown person.

The bowl of soup and two pieces of bread are totally inadequate to build bone and muscle for a growing child. The results are ghastly!

"These cases, running into hundreds of thousands of sick and defective children . . . cannot be taken care of by the general funds," writes Mr. Hoover on July 8th of this year. "There is an increasing need for funds for these cases . . . our last reports show that the soup-lines of Belgium have increased from one-and-a-half to two-and-a-half million persons . . . I wish particularly to remove any doubt as to the acceptability of contributions to the Commission for Relief in Belgium for the special purposes above indicated."

Unless the sick and starving children of Belgium are given a chance for life, Tuberculosis, Rickets and kindred ills will claim the next generation. That is Belgium's outlook.

And yet a few dollars will restore health and strength to one of these tiny sufferers. Will you open your purse and help! If Fate had willed it that you should SEE these babies starving, you would share your all with them. Must you SEE, before you will help?

Before you sit down to another meal, think of the Belgian children too weak to stand in the soup-line, and give. Give generously.
