It Is Of Importance

That a watch should be accurate, should perform its duties in a trustworthy way, day after day and month after month. One does not wish to be obliged to go to the trouble of setting one's watch every few hours in order to keep it right. Buy a reliable watch in the first place, and forearm yourself against vexation and trouble. Regina Precision Watches are giving splendid satisfaction and to carry one is to be assured of almost exact knowledge of true time as it is possible to be.
