Pandora Range

OVEN THERMOMETER. NO "BAD LUCK" BAKING DAYS!

Twenty degrees difference in the temperature of an oven is sufficient to make "Good Luck" or "Bad Luck" in baking many kinds of food.

The heat in the oven of a range not fitted with a thermometer, or worse, fitted with a poor instrument, will easily vary twenty degrees—result is unpalatable, burned or half-baked food, a cross cook and a disappointed family at meal time.

Thermometer fitted in oven door of "Pandora" range has been a proven success for fifteen years, and every instrument is carefully adjusted, and tested by heat, before sending out—the first, best and only thermometer which is of any real value to those who do baking.

"Pandora" range is handsome, economical on fuel and a perfect baker.

Sold by all enterprising dealers. Booklet free.

SIBERIA MAY SOON RIVAL CANADA

Tremendous Period of Growth to Take Place Like That in The North West, According to London Journalist.

LONDON, Nov. 24.—I have travelled from Port Arthur to Moscow, overland, the journey taking twenty-four days, Mr. F. A. McKenzie said, on returning to the Daily Mail office after his tour of investigation in the Far East. "The railway is open for regular traffic the whole way, except for a gap of 110 miles between Chang-tu and the Russian military boundary at Chang-ching-fu, in Central Manchuria.

"Harbin is overflowing with money. The great days of the war when two operas, six theatres, and a hundred music halls and circuses, were full night in that city are over, but the process continues. A fifth room in the best Russian hotel cost me 13s a night, without food, and I paid between 2s and 10s, for a bath. A mechanic demanded 25 roubles, about 2 1/2 lbs for repairing a broken spring in my typewriter, more than ten times the proper price. Large numbers of miners could be seen in the town, all apparently with much money to spend.

REALLY CLEARING OUT.

"The Russians are seemingly genuine in their withdrawal from Manchuria. I was informed that there are now only two divisions, 32,000 men and 18,000 railway guards left in the country, one of the divisions being in Harbin. All that I saw and heard confirmed this statement. Various high Russian officials with whom I discussed matters expressed their sincere desire to hurry out of Manchuria. "The place has been a curse to us," they said. "It cost us untold millions, crippled our strength and has benefited no one but Jewish contractors.

"The Russian administration in Manchuria is more popular with the people than Japanese. The Russians spent much money and did not interfere with local administration, as the Japanese are doing. The Russians came and boxed our ears with one hand," say the Chinese, "but with the other hand they gave us many roubles. The Japanese come and box our ears just the same, but with their other hand they take all our dollars away. "We have driven out the bear, but the tiger has come and made a home in the old bear's cave," is another saying.

STORIES OF CORRUPTION.

"The most amazing stories of corruption are told freely. The Russian side boasts of their success in making fortunes out of the war funds. One soldier who served as chief cook and purchaser of supplies to his regiment, claimed to have made 60,000 roubles, 25,000 I bought cattle for 35 roubles each," he said. "They were cleared off in the securities at 100 roubles, leaving only a common soldier I could keep no more than ten roubles for myself. The colonel kept 25 roubles and the remaining twenty-five went among others. I bought other things in the same way."

"Business men admitted that but for wholesale bribery they could have got nothing through on the railway during the war. One notorious stationmaster removed military stores from three hundred cars and sent forward the supplies of private merchants. He received 500 roubles (254) a car. He implicated so many higher officials that when a military board inquired into his case he had to be promoted instead of punished to save a scandal.

WANT GOOD GENERALS.

"There were no signs of disturbance or disorder during my journey, beyond vague inflammatory talk. Most Russian declared against the Government very bitterly, and on the night when the news of the death of General Treppoff arrived some passengers sent for champagne, and drank to show their triumph, saying their only regret was due to Treppoff's death."

Severe Pains Between Shoulders

DIZZINESS AND HEADACHES TOLD OF RIVER DERANGEMENTS—CURE EFFECTED BY

DR. CHASE'S KIDNEY-LIVER PILLS.

Complicated disorders of the liver and kidneys seldom yield to mere kidney medicines. It is necessary first to set the liver right and awaken a good flow of bile, which insures healthful action of the bowels and good digestion.

Because of their specific action on the liver as well as their invigorating effect on the kidneys and bowels, Dr. Chase's Kidney-Liver Pills are wonderfully effective in curing such ailments as those described in the following letter:

Mrs. John A. Wilson, Little Shippagan, Gloucester Co., N. B., writes:—"I sat June 1 was taken with a very severe pain between the shoulders. The pain would catch me so that I could not pick up anything off the floor. I frequently had spells of dizziness and sick headaches, and on rising everything would turn black before me. I could scarcely walk on account of pain across the small of the back, down the legs and through the bowels. My suffering was so bad that I believed due to the sluggish action of the liver and kidneys, and I put off too long sending for Dr. Chase's Kidney-Liver Pills. Finally I hunted up the address and sent for these pills, and as a result I am a well woman today. The benefit I have derived from this great medicine is invaluable to me, and I place Dr. Chase's Kidney-Liver Pills far above any others. Three boxes cured me."

Ridge-tion, headache, biliousness, kidney disease and constipation are the diseases most common to mankind, and because they affect prompt and lasting cure of these troubles Dr. Chase's Kidney-Liver Pills have a place in the great majority of the homes in Canada.

The result of this treatment is a thorough cleansing of the filtering and secretory systems, good digestion, pure blood, improved health and vigor. Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at 1 dealers, or Edmanston, B. & Co., Toronto.

ADVERTISING IS BROAD.

Advertising in itself means publicity and publicity is a very broad and comprehensive term. It does not mean simply a word whispered to a favored few. It is, rather, synonymous with a general broadcast declaration, and the broader the scope of the announcement, the better the advertising. No occupation space that directs attention along given and desired lines can be reasonably regarded as wasted; nor can any funds expended to this end be altogether extravagant.—American Medical Journalist
