Governor General Demands Apology

Head Of Irish Free State Complains Of Gross Discourtesies Of Republican Cabinet Ministers.

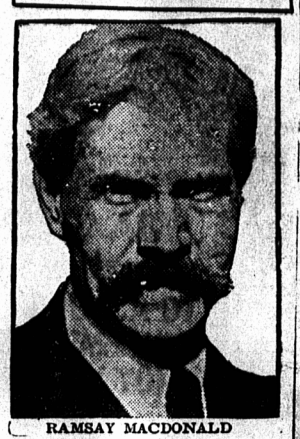

(Canadian Press Cable)
DUBLIN, July 10.—His Excellency James McNeill, Governor-General of the Irish Free State, tonight demanded an apology from ministers of President Eamon De Valera's government or else his own removal from office, as a consequence of what he regarded as a series of insults by the Republican Cabinet ministers.
Mr. McNeill, who has been Governor-General of the Free State since 1927, furthermore made public some of the letters between himself and President De Valera on this subject, one of which was an instruction from the Executive Council not to publish the correspondence.
"It must surely be evident," said a letter from the governor-general to Mr. De Valera, "that you and your executive council are the only people in Ireland who think the course you suggest, is an honorable one." This was in reply to the formal advice not to make the correspondence public.
The incidents to which Mr. McNeill so deeply protests began last May, when two members of the Free State Cabinet ostentatiously left a party at the French legation on the arrival of Mr. McNeill, and continued through to the functions in connection with the Eucharistic Congress last month.
The first of the letters exchanged in regard to the alleged affronts was from President De Valera on May 7. Commenting on the affair at the French legation, Mr. De Valera said it was "unfortunate and regrettable and should not have been permitted to occur," but added that "further than this I am unable to go."
Governor General McNeill wrote

ROOSEVELT SUGGESTS CONFERENCE

Democratic Candidate Communicates With Hoover Re St. Lawrence River Power Project.

(Canadian Press)
WASHINGTON, July 10.—Politely but firmly, President Hoover today rejected the suggestion by Governor Roosevelt, U. S. Democratic presidential nominee, that they consult in Washington to speed the negotiations for a St. Lawrence waterway treaty with Canada.
HYDE PARK, N. Y., July 10.—Governor Franklin D. Roosevelt yesterday suggested to President Hoover that the two of them get together and settle the question holding up completion of negotiations over the St. Lawrence river navigation and power project.
The Governor in a telegram to President Hoover said he had been advised that a difference over the amount New York State was to contribute toward the cost of the Canadian-American program had delayed negotiations toward a treaty.
The U. S. Democratic presidential nominee said to his rival in this year's campaign "perhaps through

Statesman

RAMSAY MACDONALD
British Premier, who was largely instrumental in bringing the Lausanne Conference to a successful conclusion.

300 FAMILIES WILL BE EVICTED

Step Taken By Sydney Landlords As Result Of Non-Payment Of Rent For The Past Two Years.

(Canadian Press)
SYDNEY, N. S., July 9.—Not for the first time in its colorful history as an imperial outpost, mobilization centre and wartime training camp, Battery Point will become a city of tents in a few days if the Department of National Defence accedes to a request for a loan of camp equipment to take care of 300 families, totalling 1,500 persons, who will be homeless through eviction proceedings.
Long the move has been threatened by landlords, many of whom have received no rents for their properties for the last two years or more. At a meeting a few days ago they decided to put the deferred plan into effect.
Reports from various parts of the city today indicated that many tenants were not waiting for the actual appearance of the constable, but had already begun to move to available quarters.
Typical of the make-shifts to which the dispossessed tenants were flocking was an old wooden building owned by a Montreal brewery company, long unused and in a dilapidated condition. This large building was filled with men, women and children, and the city health authorities were worried about sanitation.
A representative of the landlords today said no actual evictions had taken place but that "final notices" had been served on about 300 tenants.
Those who moved today had done so with the hope of avoiding the rush and getting the best quarters available for squatters.

To Attend Parley

Sir Basil Brooke, soldier and statesman, is coming to Ottawa to attend the Empire Economic Conference. He wears several important marks of military distinction, and is controller in the household of the Duke of York.

Delegates Sign Lausanne Treaty

Europe Takes Important Step Toward Economic Recovery. Preparations For World Conference Now Under Way.

(By Melvin K. Whiteleather, Associated Press Staff Correspondent)
LAUSANNE, Switzerland, July 10.—(A.P.)—The reparations agreement scaling down Germany's bill from an original \$84,000,000,000 to approximately \$714,000,000 was initiated yesterday by delegates of the leading powers and almost before the ink was dry preparations were started for the world economic conference authorized in the treaty.
Convinced that a great stride had been made toward putting Europe's economic house in order, Prime Minister Ramsay MacDonald, of Great Britain, whose indomitable determination was largely responsible for the agreement, turned his attention to adjusting the agreement of Lausanne to world problems. That means bringing in the question of war debts of \$11,000,000,000 owed to the United States.
At the ceremony of signature the Prime Minister made a speech in which he declared in effect that the United States would have to reconsider those debts.
"This begins a new chapter," he said. "We have closed one book and opened a new one. Agreement has not been easy. There are too many old memories which are not easy to uplift.
"Lausanne must be put into a universal framework. Europe can not live alone. The agreement signed here must have a response elsewhere."
Last night the British Prime Minister asked several experts who attended the Lausanne Conference to accompany him to London, for the purpose of discussing the impending economic parley enroute. They travelled with Premier Edouard Herriot of France as far as Paris. The immediate problem was the

ANNOUNCEMENTS, COMING EVENTS, MEETINGS, ETC

- All roads lead to Bradallane July 12th. 4292-7-9-21.
- Reserve August 10th for United Church Tea at Cavendish Beach. 4283-7-8-51.

DEATH OF HON. H.A. MCKEOWN

Former Chairman Of Board Of Railway Commissioners Dies Suddenly Following Heart Attack.

SAINT JOHN, July 10.—(By The Canadian Press)—Stricken with a heart attack as he stepped aboard a ferry at Westfield near his summer home, Hon. H. A. McKeown, former Chairman of the Board of Railway Commissioners for Canada, dropped dead this afternoon. His wife was with him at the time.
Mr. McKeown had appeared to be in his usual health and made no complaint of feeling unwell. The body was taken to a nearby cottage and later removed to an undertaker's establishment in Saint John. Tonight it was lying in the home of F. T. Barbour, Saint John, who was a close friend of Mr. McKeown. The funeral will be held here Tuesday afternoon from Centenary

DEATH OF FAMOUS INVENTOR

King Gillette Passes Away At The Age Of 77.

LOS ANGELES, July 10.—King Camp Gillette, who perfected the double-edged safety razor blade is dead at the age of 77.
The inventor and manufacturer succumbed late last night after undergoing several operations during two years for an intestinal malady. He came to California nearly 20 years ago from Boston, where he organized the Gillette Razor Company in 1901. His Los Angeles realty transactions were among the largest ever recorded here.
Educated in Chicago, Mr. Gillette became a salesman and later London branch manager for a bottle-stopper company. After conceiving the thin, sharp blade to overcome the task of straight-edged shaving, he devoted five years to evolving a holder.
The razor was launched as a commercial product in 1903. Only 51 sets were sold that year, but annual sales of as many as 15,000,000 razors and 1,000,000,000 blades followed.
Mr. Gillette was born in Fond Du Lac, Wis., January 5, 1855. His father, George Wolcott Gillette, was an inventor before him. His mother wrote "The White House Cook Book."

HOPE FOR CREW IS ABANDONED

Diver Fails To Detect Signs Of Life In Sunken Submarine.

(Associated Press)
CHERBOURG, France, July 10.—The tri-color fluttered at half-staff above the naval base headquarters today, for hope of rescuing any of the more than 60 men who went down with the submarine Fromentee had been abandoned.
This morning the Italian salvage ship Artiglio II sent a diver down in the treacherous currents and for three hours he tried without success to detect signs of life within the sunken vessel.
Tonight or tomorrow the Artiglio will return to Brest, whence she came in answer to a call for assistance. Her sister-ship, the Rostro, may remain a little while longer, but even the naval experts doubt that it will be possible to raise the wreck.
The Promethee sank suddenly on Thursday during a surface run seven miles off Cape Levi. The commander and six men who were on deck at the time were saved. A board of enquiry is investigating the cause of the disaster.

Predicts Return Of Hohenzollerns

(Canadian Press)
BANFF, Alberta, July 10.—"Some day" the Kaiser will return to power in Germany and France would welcome the change, believes Lord Rothemere, British newspaper peer who is touring Canada.
The peace of Europe would be more assured and normal conditions return in Germany if the Hohenzollern family was in a position at the head of the country, said Lord Rothemere. German politics were of an imperial type, he declared, and France would approve any political turnover in Germany that would remove the Hitler and similar "menace" which cause anxiety to the French republic.
Lord Rothemere praised the work of Prime Minister Ramsay MacDonald at the Lausanne Reparations Conference where an agreement was reached due to a great extent to Mr. MacDonald's efforts. It was "a feather in Mr. MacDonald's cap," said His Lordship.
Lord Rothemere is spending the week-end here. He will officially open the exhibition and stampede at Calgary tomorrow.

TERRIFIC BLAST ROCKS CITY

NANKING, China, July 10.—(A.P.)—Shortly before noon today an ammunition storage depot on the outskirts of Nanking caught fire and exploded with a blast which rocked the city.
Persons living in the immediate vicinity were panic stricken and it was some time before fire-fighting apparatus was brought into action. It was impossible for anyone to get close enough to what remained of the arsenal to determine how many had perished.
It seemed certain that a guard of 40 soldiers had been killed in the first blast and the fire which started immediately afterward.

France Limits Foreign Wheat To 25 Per Cent

PARIS, July 10.—The amount of foreign wheat allowed to be used in the milling of French flour was fixed at 25 percent by a decree of the government Saturday.
The amount of imported wheat permitted in French flour has been gradually reduced recently until on June 23 it was limited to 40 percent, having been as high as 50 percent in May, pending the arrival of early wheat from South France and North Africa.

CYCLONE WRECKS VILLAGE

(Canadian Press)
AKRON, O., July 10.—The village of Mogadore, seven miles east of here, was struck by cyclonic winds late today, injuring at least half a dozen persons and wrecking much of the residential district.
Eye witnesses said a funnel-shaped cloud, accompanied by heavy winds, swept up out of the northwest shortly after 3 p.m. The business district escaped damage. The town has about 2,500 population.
All the trees of the residential section were uprooted or blown down, telegraph and telephone lines put out of commission, about a dozen houses ripped off their foundations and numerous automobiles wrecked. Other extensive damage was done to garages, churches and schools.

Statistics On Auto Accidents

OTTAWA, July 10.—(By The Canadian Press)—One thousand, three hundred and two persons were killed in automobile accidents in Canada during 1931, according to preliminary figures compiled by the Dominion Bureau of Statistics. This was an increase of 12 over 1930 and was more than double the 1928 figures of 606.
The figures for 1931 give a proportion of 12.6 deaths per 100,000 population.
Ontario, with the largest population, had 566 deaths in 1931 and Quebec 355, increased from 1930 figures of 517 and 338. All other provinces with the exception of Manitoba showed decreases in the past year, though the difference in Saskatchewan and British Columbia was only one death each.
There were two deaths in Prince Edward Island, 49 in Nova Scotia, 40 in New Brunswick, 60 in Manitoba, 50 in Saskatchewan, 67 in Alberta and 210 in British Columbia.

100th Anniversary Fittingly Observed At St. John's Church

Archbishop Worrell And Distinguished Clerical Sons Of The Parish Present At Centennial Service At St. Eleanors Yesterday. Inspiring Messages Delivered.

St. Eleanors was favored yesterday with ideal weather for the centennial celebration of St. John's Anglican Church. Large congregations attended all these services, many old parishioners being present besides people from other denominations.
An arch of evergreen at the entrance to the historic church gave a festive touch and the Union Jack flying in the breeze reminded the congregation of the link between the church in Canada and the Mother Country.
Pewees and roses graced the century old altar and chancel, while two beautiful lilies stood at the chancel steps.
His Grace, the Most Reverend Archbishop C. L. Worrell, Primate of all Canada was the celebrant at the 11 o'clock choral communion service, he was assisted by Ven. Archdeacon C. DeWolf White, D.D., Rector of St. John's, and Rev. A. E. Andrews, M.A., M.C.
In the chancel were Rev. Innes E. Fraser, B.A., Rev. Thomas H. Hunt, D.D., Rev. Percy G. Cotton, B.A., Rev. C. F. Wiggins, D.D., and Mr. G. Stavert Tanton, all sons of St. Eleanors Parish. Rev. H. D. Raymond, M.A., Rector of St. Paul's Church, Charlottetown, was also present.
His Grace Archbishop C. L. Worrell attended by Ven. Archdeacon White as Bishop Chaplain, made a processional entry into the historic and sacred edifice at the 11 o'clock service. The Bishop was preceded by the clergy. Mr. G. Stavert Tanton
