THE MORPHINE FIEND

He was a morphine man in England. You know them if you are an expert in reading faces—the walk, the pallor and the general carriage.

A few years ago in a misguided moment, while preparing for a contest he commenced taking the tincture of opium.

He soon took thirty drops a day. At the end of three years his dose had risen to between 20 and 30 oz. per diem, with 480 drops to the ounce. By this time he had moved to Canada, gone to the far west to escape in that land of nodding fields and golden sunsets the horrors attendant to that habit.

Here he found his drug expensive, while the effects upon the stomach were decidedly harsh.

Then he switched and took morphine, taking hypodermically 15 grains in five doses daily.

So pleasing, soothing, gentle as it was at first, it called, gently whispering "more more," before it would open the vista, and reveal that heaven that only morphine users know.

At the end of five years he took 30 grains, divided into five doses daily. Cocaine is a hypnotic, and the cocaine man will shake and even urge his friends to try his drug; morphine men are more calculating, more humane; so it was not to be wondered at that when he returned to Toronto to visit on College street an old friend from over the sea, that he refused his host's request for just one little shot.

He returned to Winnipeg and rose till 70 grains a day were necessary to make the vista glorious and the whole world glad.

He became alarmed, and cut his dose down. Then hell came trooping in. Hell, wretchedness and general debility.

He was a strong man and weighed 173 pounds.

He fought bravely this worst of all habits, and dropped till the scale told a scant 140 pounds.

Then he commenced and gradually revived the quantity, and the world smiled, the birds really sang, laughter was real, friendship was real, oh! life was worth living.

He knew he was a slave, a hopeless slave, a slave worse than those who know the narrow cell and stone wall best.

So one day he went to a sanitarium in Guelph and came out cured.

Hell?

Yes, there is a hell on earth, and only those who have known the hell of drugs can really sympathize.

But he was cured, and is cured to-day, a new man.—C. F. R. in Toronto News.

OUT OF ORDER.

Champ Clark loves to tell of how in the heat of a debate Congressman Johnson, of Indiana, called an Illinois representative a jackass. The expression was unparliamentary, and in retraction Johnson said:

"While I withdraw the unfortunate word, Mr. Speaker, I must insist that the gentleman from Illinois is out of order."

"How am I out of order?" yelled the man from Illinois.

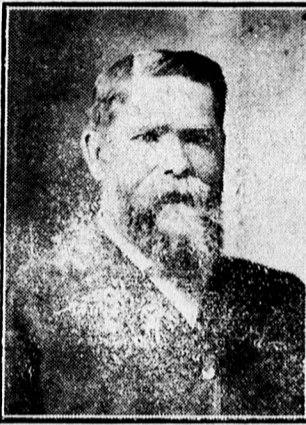

"Probably a veterinary surgeon could tell you," answered Johnson, and that was parliamentary enough to stay on the record.

TERRIBLE FATALITY.

MONTREAL, July 10—A double fatality occurred in the fifth event on the program of the first day's racing of the Automobile Club of Canada. Rushing through the backstretch, at 70 miles an hour, a sixty horse-power Stearns car plunged through the outer fence and hurled C. K. Batchelder, of Newport, and James Twohey, of this city, to instant death.

BREAKING IT TO HIM GENTLY.

An army captain, on returning home from India, brought with him a goodly stock of souvenirs. Among them was a pair of laughing jackasses which he entrusted to one of the sailors, Tom Pinch. Alas, the unaccustomed shipboard life did not agree with the creatures, and in spite of all Tom's care they pined, and finally died. When he discovered the catastrophe Tom was in despair. "I say, Jim," he called to a comrade, "ere's a nice thing, I daren't tell the captain." "Don't shirk it mate," was Jim's advice. "Break it to him gently. You'll find it'll be all right." The advice seemed good, and Tom sought the gallant captain. "Scuse me, sir," he said. "You know them things below—that you call laughing jackasses?" "Yes," "Well, sir, they ain't got noffin' to laugh at this morning."

Indigestion

Dyspepsia Means Slow Starvation.

Let those who have Experimented with Doubtful Remedies turn To-day to Dr. Hamilton's Pills And be Cured Quickly.

By the testimony of actual cures by the words of those who have proved the merit of Dr. Hamilton's Pills, you can satisfy yourself that indigestion and dyspepsia are curable.

"Four years ago I got into a condition of low health—suffered all possible tortures with acute indigestion, wind on the stomach and dizzy headaches. The very smell of food often was sufficient to make me violently ill. Energy was gradually fading away, I no longer had any sere for work or for company of other people and was in the depth of despair. Worse martyrdom brain and body could not suffer, and live. I used so many remedies without success that I was in poor hopes of getting relief when I started on Dr. Hamilton's Pills. In a month I noticed a slight improvement and kept right on using one pill every second night. In a month I was another man, looked ruddy, strong, hearty, and I felt as if I had been made anew. Four years have gone by and I still rely on Dr. Hamilton's Pills and attribute to their power my present condition of robust health. (Signed) H. P. ECKFORD, Rodney, P. O.

This Man Dropped Suddenly Dead From Heart Trouble.

Everything Depends Upon Your Heart.

If you wish to live long, if you wish to avoid sudden death—you must attend to your heart. You must see that it beats properly. If your heart flutters or palpitates or skips beats—you are in danger of sudden death. If you suffer from shortness of breath or tenderness or pain in the left side—it is your heart that is going back on you. If you ever feel dizzy or faint or have spots before your eyes, if you sleep poorly, if you have dreams at night, if you find it painful to sleep on the left side, if your feet and ankles are swollen it means that your heart is in bad need—immediate attention. Delay is dangerous. However, if you suffer from heart trouble it need not frighten you for we have the cure, not only the relief but CURE, it is.

Grossman's Heart Tablets

These tablets are the result of years of research and experimenting and we can assure you that we have truly discovered the cure. Thousands of people saved from sudden death is the proof. Thousands of people die suddenly from heart failure because either they have not heard about our Heart Tablets or because they are too stingy to spend the small sum of \$1.00, which is the cost of these "life savers."

Now, it is up to you if you are suffering. Relief and cure is yours. If you will only send for a bottle of GROSSMAN'S HEART TABLETS now, at once, ONE DOLLAR WILL DO THE WORK. Address your orders to:
