PULPWOOD CUT IN PORT ARTHUR DISTRICT READY FOR EXPORT

This photograph shows a small portion of the pulpwood cut last winter near Port Arthur, awaiting shipment to the United States. About 4,000 cords are shown in this picture, which is only a small percentage of the total cut. The logs are piled on the ice in Port Arthur harbor. Several hundred men were given employment cutting this wood when jobs were at a premium.

DAYS OF REAL SPORT—BUCKER FISHIN'

Hundreds of fishermen have been out after suckers lately, with either a net or a spear. Business was good with these youthful fishermen, who were selling their catches at the rate of three for a quarter, in a little more than half a day they had caught and disposed of more than four hundred. This photo was taken on the Muer River, near Toronto.

Eastern Guardian

—SHOP from Holman's Catalog.

—**SHIPPING.**—Sunday was an extra busy day along the water front—mooring the many vessels which arrived—reminding one of a day in the fall. Most of these vessels are from Newfoundland, and will take away full cargoes principally potatoes. Prices of potatoes remain the same as last reported—with a considerable quantity moving. Next week however will show a falling off in hauling as the farmers are anxious to get on the land. A carload of hogs was shipped from Montague this week. The steamer Dominion Shipper is daily expected to resume the service between this port and Halifax.

—**COAL ARRIVALS.**—Despite the coal strike which has grown more serious than was ever expected, two cargoes of coal arrived in Montague during the past few days and are being distributed to householders, price in the vicinity of ten dollars per ton—Montague is well supplied with coal dealers—there being no less than three firms engaged in the business at present—opposition may be the life of trade—but it doesn't seem to have the effect of lowering the price any. It looks like six of one and a half a dozen of the other—one of these cargoes was Port Hastings coal of extra quality.

—**MAKING GOOD RECOVERY.**—It is pleasing to report that Mr. John Evans of Greenfield is now well on the road to complete recovery. Some two months ago Mr. Evans was suddenly stricken with a fatal pneumonia—of such a serious nature that his case was looked upon as hopeless—skillful medical attention and tender nursing have apparently gained a victory over the grim reaper in this case, and today Mr. Evans is slowly but surely gaining his former health and strength.

—**PRESBYTERIAN SERVICES.**—Splendid singing, forceful and eloquent preaching and immense congregations have so far featured the services which the continuing Presbyterians of Montague and surrounding districts have held during the past three or four Sundays. On Sunday evening, April 28th, the Rev. D. McVicar of Cardigan again preached to this congregation taking as his text the words found in Luke 9, Verse 51. He steadfastly set his face to go to Jerusalem. The privilege of listening to a churchman of such eloquence and learning as the Rev. Mr. McVicar is apparently greatly appreciated, judging from the large congregations which turn out to hear him—more especially on this occasion when the church was filled to overflowing many being forced to remain on the outside—being unable to gain an entrance. On Sunday morning last the Rev. A. S. Stewart again favored this people with a sermon—taking as his text the words found in Hebrews 4—Verse 16—Let us therefore come boldly unto the throne of grace. The Rev. Gentleman delivered a splendid oration dealing strongly on the lack of preparedness on the part of professing Christians before entering into the house of God. Despite his four score and more years, time is certainly dealing leniently with the Rev. Gentleman—his faculties are unimpaired, his retentive memory is nothing short of amazing, his pul-

pit utterances have lacked little if any of its former forcefulness and judging from his appearance in the pulpit on Sunday morning last, the time is yet far in the distance when this good man will be called home to receive the reward of a long life spent in the service of the Master. Preaching again on Sunday evening May 10th, when the male quartet of the services. It is hoped the attendance will be on a par with previous occasions. Due notice will be given of the services in future which will be held once a Sunday, until final arrangements are made, and as it is not in keeping with the times to impose too much on good nature, it is fully expected that some outside pulp supply will be available. J.

FRIDAY AND SATURDAY IS OUR BIG REMNANT SALE

Be Here at 9.30 Sharp on Friday morning.

At a meeting of the farmers of Morell and surrounding district held in the Morell Hall on Wednesday evening, April 29th steps were taken to promote a Creamery in Morell. The meeting was adjourned until Wednesday evening, May 6th for further statistics and figures regarding the probable success of such a project. The meeting of May 6th decided to go ahead with the project and a subscription list was opened thereat and about one fifth of the necessary amount raised and committees appointed to canvas the district for the balance of the subscriptions and report to another meeting on Wednesday evening, May 13th. It is considered that no doubt whatever is contemplated of the full amount being raised. Delegations from various sections were at the meeting and a most enthusiastic spirit prevailed. The Creamery will be erected and equipped by Mr. Thomas S. McGrath of this village and formerly manager of one of the Creameries operating under the Saskatchewan Dairying Association, viz: Birch Hills, Sask. Mr. McGrath is a well-known butter maker all over Canada and has taken the foremost place among the prize winners in Western Canada and some places in the United States for the past few years. Mr. McGrath agrees to run the Creamery here for a period of five years after which he will purchase the plant from the farmers at the cost price, the factory will then belong to him personally and he will run it thereafter as a personal business. He will run it of course from the start as a personal business but the farmers will have an interest in the plant until such time as they are repaid. The following are a few of the prizes won during the past few years by Mr. McGrath: Moose Jaw, Saskatchewan, Provincial Competition 1919 1st prize and silver cup for best butter in winter section. Highest average score for all butter graded in Saskatchewan 1919. De Laval Provincial and Inter-Provincial Competition 1919: 1st prize in Provincial, 1st prize in Inter-Provincial. Prince Albert, Saskatchewan, Exhibition 1919 1st prize Canadian National Exhibition, Toronto, 1920. 1st prize, Special Prize and Silver Cup. National Dairy Show, Chicago, 1920. Silver medal for best butter from Canada. Canada wide competition 1920. Silver medal and two second prizes. Highest average score in Province of Saskatchewan 1920 for all butter graded in the Province for the year. 1st prize and silver cup. Edmonton, Alta., Exhibition 1920 2nd prize and gold medal. Saskatoon, Sask., Exhibition 1920 2nd prize. Dominion Educational Butter scoring contest 1920. For six summer months highest average score for all Canada (nine provinces.) DeLaval Competition 1920 for the four Western Provinces for six summer months. 1st prize in Provincial and 1st prize in Inter-Provincial. Regina, Sask., 1920 Exhibition Grand Championship and Mother-well Trophy. All Canada Competition 1920 2nd prize and silver medal. Vancouver, B. C., Exhibition 1923, 1st prize.

er of this school, is to be commended, for she promoted the idea of placing the sign on the school house. This is a splendid example set by Hampshire School, and it would be a good thing if every school house in the Province of Prince Edward Island had a sign either over its front entrance or on some part of the building next to the road, telling to all what school it is, and what it was built. Some school houses have just the name of the settlement upon them, but in this case the word "school" has been added to Hampshire and this tells the story. The Trustees, and ex-Trustee Daniel Ward, are also deserving of praise for the general condition of Hampshire School and the grounds. The building is very creditable to the settlement and a fine flag stands adorns the grounds.

Peterson Ships With Canadian Names

OTTAWA, May 8.—The first of contemplated fleet of steamers of Sir William Peterson is being launched this week. The Ottawa says today. Ship will be called "River Ottawa" and any other built will similarly be named after Canadian Rivers.
