

Na-Dru-Co Dyspepsia Tablets Quickly Put Disordered Stomachs Right

It's a revelation to the chronic dyspeptic to feel no discomfort after a hearty meal, when that meal is followed by one Na-Dru-Co Dyspepsia Tablet. He is hardly prepared for the almost magic relief which the tablet gives him from the various discomforts to which he is accustomed after eating.

Na-Dru-Co Dyspepsia Tablets sweeten stomachs that are sour—relieve stomachs that feel as if a stone had been swallowed—stop heartburn—and give the needed assistance to stomachs that are weakened.

Containing in themselves the active principle needed for digesting every kind of food, Na-Dru-Co Dyspepsia Tablets enable even the weakest stomachs to get the good out of what is eaten, preventing the accumulation of undigested food and gas. With a little help for a while, the digestive organs recover their strength, do their work properly, and your troubles are over.

Don't go on suffering! Get a box of Na-Dru-Co Dyspepsia Tablets from your druggist today. National Drug and Chemical Co. of Canada, Limited, Montreal.

FINDING FAULT

By Wait Mason.

The kicking game will bring you fame, unpleasant, grim and ghostly, so call a halt if finding fault is what you're doing mostly. Some men seem born distressed, forlorn, then nothing ever pleases; in every cause they find the flaws, the spavins and diseases. They kick at home and when they roam about the town they grumble, and every talk make's a knock, and every step a stumble, they scow, they scowl, they hoot, they howl, at every forward movement, they hurt the town, and hold it down, and balk at each improvement. There is a trail of woe, and wail where'er they've gallivanted; the booster hates such moldy skates and thinks they should be planted. They are a bore, the town grows sore beneath their ceaseless wiggles; the band will play some music gay when they have skipped the diggings. Just look around and note, cogs would! how much the grouch is hated, then take a vow to clear your brow and keep your bile abated. So call a halt if finding fault is your daily pastime; let out a roar just one time more, and let that be the last time!

Acid Stomachs Are Dangerous.

COMMON SENSE ADVICE BY A DISTINGUISHED SPECIALIST

"Acid" stomachs are dangerous because acid irritates and invades the delicate lining of the stomach, thus interfering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases, for they leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of bisulphated magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is developed. Foods which ordinarily cause great distress may be eaten with impunity if the meal is followed with a little bisulphated magnesia, which can be obtained from any druggist, and should always be kept handy.

Specialist Could Not Remove Stone in The Bladder

GIN PILLS PASSED IT

JOLIKETTE, P. Q.

"During August last, I went to Montreal to consult a specialist as I had been suffering terribly with Stone in the Bladder.

He decided to operate but said the stone was too large to remove and too hard to crush. I returned home and was recommended by a friend to try GIN PILLS.

They relieved the pain. I took two boxes and went back to the specialist. He said the stone was smaller but he could not remove it although he tried for two hours and a half. I returned home and continued to take GIN PILLS, and to my great surprise and joy, I passed the stone.

GIN PILLS are the best medicine in the world and because they did me so much good, I will recommend them all the rest of my life!"
