AN EXPENSIVE STORM—Enquiries among Canadian National Railways officials relative to the cost of the recent snowblockade on Prince Edward Island, brought forth the reply that there had been as yet no official statement on the matter, but casual estimates seem to indicate that the storm was one of the most costly ever experienced in the island province. Various officials estimated it at as many different figures, but when everything is considered, loss of business, extra trainmen's wages, sectionmen, roundhouse crews, ferry crews, feeding of passengers stormbound for the four days, snow-shovellers, and other incidentals the consensus would seem to indicate that the cost would reach the neighborhood of \$50,000.—Moncton Transcript. IN MEMORIAM

MRS. JAMES A. READY The citizens of Kensington and surrounding districts were shocked and saddened on Tuesday morning February 24th, when it became known that one of its most respected citizens, in the person of Mrs. James A. Ready had passed away very suddenly. Although she had been a patient sufferer from asthma and bronchitis for some years her death came as an awful and severe shock to her family and friends. Her beautiful disposition made her beloved of all her friends and acquaintances. Her zeal and devotion to the spiritual and material well being of her young family was a revelation—especially after having nursed her husband through a long and serious nervous breakdown. She was always ready and willing to assist in church work and any work for the public welfare. Her passing at the comparatively early age of fifty four years, leaves an irreplaceable void to her husband and children, but they will cherish the memory of her love and devotion during their lifetime. She leaves to mourn, her husband, James A. Ready, (at one time professor in St. Dunstan's University). Two sons, Arthur at home and Joseph, attending St. Dunstan's University, and two daughters viz. Mary (teacher at Kensington), Kathleen, teacher at Spring Valley. She was the eldest daughter of the late John T. and Mrs. Mullin of Kensington, and is also survived by two sisters and two brothers viz. Miss Minnie and Mrs. Burns of Boston, Mass.; John T. of Detroit, and Emmet of Vancouver, B. C. Her mortal remains were laid to rest in St. Mary's Cemetery, Indian River. High Mass of Requiem was sung by the pastor, Rev. R. P. Macdonald, assisted by Rev. M. J. Smith in the choir. The pall bearers were James L. Saunders, James Braham, Hugh F. Morrison, Lloyd Howard, Leo Hughes, James Penderast. The large concourse of people at her home and in the funeral procession gave mute testimony of the general esteem and respect in which the deceased was held. Many telegrams and letters of sympathy were received by the family. Floral tributes—Mrs. J. A. Douglart. Mass Cards—J. A. Ready and family, Dr. and Mrs. E. G. Gillis.

HUNTER RIVER AND VICINITY

Miss Glen Wigmore, Graham's Road, has been spending the past two weeks with her grandmother, Mrs. Alex Ross, Wheatley River. She was accompanied by her father, Mr. Walter Wigmore, on Sunday. Mr. Wigmore returned home later in the day. Misses Bernice Wood, Florence Paul, Beatrice Matheson, Laura McRae and Mr. and Mrs. Stirling MacLean, Brookfield, were visitors to Wheatley River Rink last week. Mrs. Reigh Barrett and Mrs. Jack MacLeod, Hunter River, have both returned to their home, after spending some time with their parents, Mr. and Mrs. Archie Barrett, Wheatley River, recently. The services of the United Church circuit of Hunter River were on Sunday, March 1: North Wiltshire at 11 a. m.; Wheatley River at 3 p. m. and Hunter River at 7 p. m. These services were well attended. Rev. A. Chapman officiated. The storm in this section of the country tied up much traffic. The train arriving from Charlottetown on Monday was unable to proceed out of Hunter River until the track was cleared on Thursday evening. A large number, about a hundred snow shovellers were busy night and day clearing the track in some places the cutting being from twenty to forty feet. The passengers who were storm bound at Hunter River were housed at the hotels for several days. Some took teams and returned to Charlottetown. The mail carriers are again making their route in the usual time, after being unable for several days. The schools in many places were open on Saturday to make up for the days of storms. The rinks are well snowed over in some sections. In most cases, they are now being cleared off due to the soft thawing days. It is a common belief that the nights of skating are over for this winter. Mr. George MacMillan, Hunter River, was in attendance at Wheatley River United Church on Sunday last. Mr. and Mrs. Stanley Houston, Glasgow Road, were visitors in Wheatley River on Sunday. Mr. and Mrs. Herbert Stevenson and little son Allison, New Glasgow, were guests of Mr. and Mrs. Norman Ling, Wheatley River, on Sunday. The sick, who are Messrs. Athol Rackham, Eddie Coalfield, Malcolm Rackham and Master Rollie Rackham, are again on the road to complete recovery. Miss Ida Pyrgo, North Rustico,

More than 73,000 miles in a New Ford

THE substantial worth of the new Ford is reflected in its good performance, economy and reliability. Its stamina and endurance are particularly apparent in sections where bad roads and severe weather put a heavy extra burden on the automobile. In less than a year a new Ford Tudor Sedan was driven more than 73,000 miles over a difficult route. The operating cost per mile was very low and practically the only expense for repairs was for new piston rings and a new bearing for the generator. The car carried an average load of 1200 pounds of mail and was driven 250 miles daily. "The Ford has never failed to go when I was ready," writes one of the three mail carriers operating the car. "The starter did the trick last winter even at 34 degrees below zero. The gas runs about 24 miles per gallon. At times I pull a trailer whenever I have a bulky load." Many other Ford owners report the same satisfactory performance. Every part has been made to endure—to serve you faithfully and well for many thousands of miles.
