MRS LENA A. SMITH

Passed peacefully to eternal rest, Monday, June 2nd, after a painful illness, borne with Christian patience and resignation to God's Will.

Funeral services were conducted at her late residence, 14 Crescent street, Kingston, Thursday, June 5th, by Rev. Dr. Blake, of the Memorial M. E. church of Plymouth, and burial was in Oak Grove Cemetery.

Born in Germany, she was brought to this country when very young by her parents, the late Jacob and Elizabeth (Webber) Miller. In 1886 she married Paul Siebenschu, who died in 1901. Two years later was married by Dr. Crane, of the People's Temple in Boston, to G. Edgar Smith, who survives her. She also leaves two brothers and two sisters.

Of a bright sunny disposition her cordial greeting and cheerful smile will be missed by a wide circle of friends—Plymouth Old Colony Memorial.

IN MEMORIAM

MRS MARY ABBOTT

Mrs. Mary Abbott, relict of the late Mr. Theophilus Abbott, passed away very suddenly at the home of her daughter, Mrs. Fred C. Dollar, Brookfield, on Tuesday evening, June 3rd, at the age of 79 years. She was predeceased by her husband twenty-five years ago. They both took a very deep and loyal interest in the Methodist, now the United Church on Princeton Road and now rest side by side in the cemetery beside it. Of late years, Mrs. Abbott has made her home with her daughter, Mrs. H. B. Haslam, of Springfield, making frequent visits to other members of her family, and it was at the beginning of one of these visits she was unexpectedly called by death. The late Mrs. Abbott was very much beloved by a wide circle of relatives and friends and always maintained a cheerful and steadfast faith in her Christian profession. The funeral services on Friday, the 6th instant, were conducted by an intimate friend of the family, Rev. George Ayers, of Margate, and the Rev. J. M. McLeod, of Charlottetown.

The surviving relatives are a family of six sons and four daughters. The sons are Golden, in Wendel, B. C.; Theophilus, in Maine; Fred and Frank in Jersey City; Samuel in Cornwall; and Baunesier, (step-son), in Portland, Oregon. The daughters are Mrs. Rev. J. E. Randle, in Bella Coola, B. C.; Mrs. D. M. Pound, in New Westminster, B. C.; Mrs. H. B. Haslam, of Springfield, and Mrs. F. C. Dollar, of Brookfield, P. E. I. She is survived also by four brothers, Frank Howard, at Cornwall, and Samuel William and Benjamin Howard, all ministers of the United Church. The daughters are Mrs. A. Stetson, in Saskatchewan, Mrs. Thomas Hinton, of Summerside; and Mrs. Sarah Weeks, of Springfield, P. E. I. To the bereaved family and relatives, deep sympathy has been very widely expressed. P. E. I. Shipping Club News

During the week ending June 13th, approximately five carloads of live stock, consisting of hogs, lambs and calves were shipped from Prince Edward Island loading points co-operatively. This is a good record for this season of the year and indicates that the Island farmer still has faith in the production of live stock as a fruitful source of revenue, notwithstanding the many other counter money-making opportunities available. In this connection it may be noted that he is quite aware of the fact that we have here in the Maritimes a growing midsummer market for fresh killed meats of all kinds and that an effort is being made to cater to its requirements. At the present

time the market is capable of absorbing all the hogs that can reasonably be expected to offer, and at net prices which should be sufficiently attractive to induce a much larger volume of midsummer production. At the present time it looks as if the market for hogs will remain firm and it seems advisable that all hogs now in process of growth should be fed on until they reach the bacon and select stage of maturity, that is around 200 pounds weight or better. With the present opportunity of securing at reasonable prices supplies of good hog feeds there is no good reason why any undersized hogs should be shipped. The calf situation is somewhat different but present conditions indicate that about 50 calves per week can be sold on our local markets to good advantage, that is, providing they are of real veal quality. It should be remembered, however, that poorly finished calves are not wanted at any price. They are a drug on the market, a source of trouble when making sales, and a disappointment to the shipper when he receives the pittance we are able to salvage from the marketing of this wreckage. A share of patience and a longer period of good feeding should remedy this defect in our marketing of calves. There is a weekly call for a limited number of spring lambs of good quality and no doubt this demand can be increased by supplying only with a choice offering. The peculiar texture and flavor of Maritime lamb should be sufficient to exclude all other lamb importations from the menus of all exclusive Hotels and other high-class establishments who cater to the exacting requirements of the average tourist and consumer. It should be remembered that quality of product is emphasized as never before in the marketing of livestock and the retailing of all fresh meat products. Farmers who have failed to dress their buck lambs as advised for the past few months should notice that commencing on June 30th next a cut of two cents per lb. will be made on all such lambs placed on the market. This amount will be increased to three cents per lb. on and after September 29th. This is a matter over which your Marketing Board has no control and it should be noted that lambs of this class must be actually sold previous to these dates. It will not be sufficient protection to have them on cars at your loading station just a day or so before the actual date upon which the heavy discounts come into effect. It is not yet too late to perform the necessary operation, providing reasonable sanitary precaution is taken, and plenty disinfectant of a repellent nature to flies, such as creolin, is used. Shipping club members should not overlook the fact that the annual meeting of the Marketing Board will be held this year at Sackville, N.B., on July 2nd, 3rd and 4th. Every member who ever shipped through an Island Club is invited to attend. We venture the suggestion that this occasion should afford our Island members a splendid opportunity of taking a brief holiday during which they could have a most profitable time

Imperial Sunshine

Puppy Foxes, raised in pens, get very little sunshine and, in order to offset this, it is necessary that sunshine in artificial form be given them. The ideal way to do this is by feeding IMPERIAL COD LIVER OIL FOX BISCUITS either in Biscuit or Puppy Food form. These Biscuits each contain Fifteen drops of the very best medicinal Cod Liver Oil, (so aptly called "Bottled Sunshine"), which is exceedingly rich in vitamine content. In buying our Cod Liver Oil, we specify strictly August catch as that oil contains TEN TIMES as great vitamine content as that of May or June. We are even now making our contract for 1931 supply so as to be sure to obtain this most valuable ingredient so vital to the success of the fox industry.

Fox Pups fed generously with IMPERIAL BISCUITS or PUPPY FOOD never develop rickets but show a steady growth and progress without any setbacks.

Order through leading distributors or direct from factory.
