

SPRINGHILL WINS N. S.—P. E. I. TITLE

SPRINGHILL—7 ABEGWEETS—0

Nova Scotians Shut Locals Out To Win N. S.—P. E. I. Baseball Title And Right to Play McAdam, N. B. Champions for Maritime Baseball Championship.

The Springhill "Fence Busters" fans settled in their seats, satisfied although some bunched up, to see a tattered royal, McQuaid, although to be fought for five hits, was going nicely with a smooth working machine behind him. However after crowding the paths toward the end of the fatal third with one down and three runs in McQuaid pulled out to be relieved by McFarlane, who stopped the holocaust by fanning the next two batters. It was the beginning of the end; Springhill going into the scoring column with a big three lead were impossible to stop. They lightened up to play championship ball for the remainder of the game. The best team yesterday won handily.

The weather was anything but appropriate for championship baseball. A cold north-west wind predominated throughout the afternoon which reminded the five hundred or so customers that the game was at hand and that notwithstanding the players donning heavy sweaters braved the elements to go through nine innings of anything but championship ball. "Lefty" McQuaid started on the mound for the Abegweets, only a few turns back in the third with six men on base against him and five hits. He was relieved by Tom McFarlane in the third, who covered himself with glory, striking out twelve visiting batters to Albion's ten in the six innings played. McFarlane not only had the championship in his hand in his six innings on the mound, but would have undoubtedly come through only for poor support behind him when heads-up baseball meant runs. The Abegweets collected only three runs, Springhill, five to form a 7-0 victory. From the first to the third the

Two-Year-Old Colt Showed Some Speed

LEXINGTON, Ky., Sept. 25.—The two-year-old 210 trotting filly was greatly augmented at a record meeting at the Grand Circuit track here when no less than four juveniles made the grade. Ben F. White, America's most successful developer of trotting colts, marked the Calumet Farm youngster, Trusty Brewer, by Peter the Brewer, 2:02 1/2, in 2:08 1/4. Walter R. Cox of Goshen, N. Y., drove Volomite and Sir Guy Mac in 2:06 and 2:09 respectively. Volomite's performance was the fastest by a two-year-old trotter this season. He is a son of the Walnut Hill Farm sire, Peter Volo, 2:02, and Citia Frisco, by San Francisco.

The World Series Changes His Mind

NEW YORK, Sept. 25.—In case the New York Yankees or the New York Giants, or both, win the pennant, applications for press accommodation should be forwarded to George W. Daly at the Hotel Commodore, New York City. Press accommodations in New York will be the same as last year and the allotment per newspaper will follow that in the Yankee-Pirates series.

MILLIE W. IS AGAIN IN EAST

WOODSTOCK, N. B., Sept. 25.—The Maine and New Brunswick circuit campaigners and the invaders who have been taking a whirl at the regulars at the closing fair of the season are all here for the wind-up of 1928 racing and horsemen are looking for one of the best meetings of the season if the weather man will just do his part.

Practically all the stables which started at the sensational meeting at Fredericton last week are here, including all four fast record pacers that participated in the fastest free-for-all of the year anywhere in the East, and there is a notable addition for the free-for-all to be raced here on Friday with the arrival of Millie W., 2:05 3/4, now owned by Dwight F. Edwards, of Auburn, Me., and a regular member of Will Flemming's stable.

Millie W. made three starts on the Maine and New Brunswick circuit the latter part of August, winning two decisions over Bessie McKivo, 2:01 1/4, in three starts after the Presque Isle mare had been cleaning up everything in sight with uninterrupted regularity. Millie W.'s first start was at Skowhegan fair, where she won and put on a new track record of 2:05 3/4. In the third heat at Bangor the following week Bessie McKivo turned the tables, and the "rubber" contest was the next week at Houlton fair, where Millie W. won again. It was said that Bessie McKivo was not well at Houlton and promises of another race later on were then made.

BACK IN EAST
Now Millie W. is back Down East again not only to give Bessie McKivo another chance, but to question the supremacy of Jeanette Royal, 2:04 3/4, as the champion pacer of the Maine and New Brunswick circuit, and to meet Ruby P., 2:04 3/4, when she is admitted at her best too. Therefore a great battle is expected when this racing day of the season is at hand on Friday afternoon. It is currently reported that one of the reasons Millie W. is racing at Woodstock is that, if she shows all that is promised her sale to Down East buyers who have been looking for a winning free-for-all will follow.

Mr. Edwards is said to have placed a price of \$8,500 on Millie W. Will Flemming who will drive Millie W. in the Woodstock free-for-all has already won five races with her since her first appearance on this circuit at Skowhegan. The return of driver Flemming to the Woodstock meeting is quite an event in itself for he stands in second place among the winning drivers of the Amsterdamm continent for the 1927 season with 33 victories to his credit. Besides Millie W. he is bringing Blue Jay, 2:08 1/4 owned by Philip E. Abbott, of Portland, Me., lumberman, to start on Thursday in the 2:14 trot. In early season clashes between Blue Jay and Bill Sharon honor were offered for a deciding race.

The inclusion of Millie W. in the free-for-all has opened an opportunity for Tarzan Grattan, 2:02 1/4, winner of the \$25,000 American pacing derby in 1925, to start against Col. Bidwell, 2:02 1/4, now a stable mate of Jeanette Royal, and the others in the junior free-for-all, which is a feature event of the opening day's racing at the Woodstock fair on Wednesday.

Cochet Praises Canada's Players

TORONTO, Sept. 25.—Canada has world champion tennis material and can produce stars of the first rank if she wishes, according to Henri Cochet, French net champion whose club, whirled Sanobelle, a daughter of San Francisco, around the course in 2:08. She is the property of E. Roland Harriman of New York.

Leo Kid Roy Wins

Quebec, Sept. 25.—Leo (Kid) Roy, featherweight champion of the Dominion, was awarded a ten-round decision over Ralph McNaughton, of Quebec City, here, tonight.

Fight Postponed

CHICAGO, Sept. 25.—The ten-round fight between Mike McTigue former world's heavyweight champion, and Jerry "Tuffy" Griffiths of Washington, Iowa, scheduled for tonight, was postponed until Thursday because of cold weather.

The stretchers between the legs of early tables served two purposes. Structurally they strengthened the legs and they afforded also a high-and-dry foot rest in the gas when floors were strewn with loose rubbish.

MECHANICAL MARVEL

(By British United Press) LONDON, September 22.—A robot, created in an engineering shop in the heart of Surrey to perform the action of a human being, is to take its place in public life in London.

So confident are its creators that it will realize their highest expectations that it is to open an exhibition organized by the Model Engineer at the Royal Horticultural Hall, Westminster.

It is not just a collection of wires and cleverly joined steel, but the actual figures of a man more life-like than the cleverest waxwork. It bows, talks, shakes hands, and even answers questions put to it without pre-arrangement. The story of its creation is a remarkable one.

"It was the idea of a journalist and a motor engineer," explained Mr. Percival Marshall, editor of the Model Engineer.

"The robot which is to open the exhibition will rise from its seat, bow, to the audience, deliver a speech—actually it will be the voice of a real person speaking through wireless mechanism concealed in the throat of the robot—and then answer any questions that may be addressed to it by members of the audience."

The engineer who has constructed the human machine is A. H. Reffell, of Goomshall, near Dorking. "It is almost finished," said one of Mr. Reffell's assistants, "and is now being measured for clothes, for it will be attired like any man. We are not quite satisfied with the movement of its lips and we are trying to make a metal head for the robot in time for the exhibition. If that cannot be done, then we shall have to use the wax head which it is now wearing."

DUNDAS AND VICINITY.

The School Fair held recently at Bridgetown, was a decided success. The exhibits were of an exceptionally high class, and in great quantities.

Mr. Fred E. Mathieson, of Albion Cross, spent Sunday in Hazelbrook, visiting friends.

Mr. Herbert Thorne, and son William, of New Hampshire, U. S. A., are visiting in Bridgetown, the guests of Mr. and Mrs. J. A. Sterns.

The Misses Minna and Sadie McLeod, were visitors in Charlottetown, last week.

Requisite on the Farm.—Every farmer and stock-raiser should keep a supply of Dr. Thomas' Electric Oil on hand, not only as a ready remedy for ills in the family, but because it is a horse and cattle medicine of great potency. As a substitute for sweet oil for horses and cattle affected by cold it far surpasses anything that can be administered.
