WITH THE R. C. A. F. SOMEWHERE IN ENGLAND, June 4 (CP)—A heavy conversion unit of the R. C. A. F. Bomber Group staged a heavy night of ringwork and surprise of the tournament was the flattening of LAC Vince Gilmore of Toronto.

Gilmore, an experienced midgetman, ran into the flailing fist of LAC T. E. McDonald of Ottawa in the lightweight final and lasted less than two minutes.

It was the second knockout for the black-browed McDonald. In the semi-final he solved the unusual style of LAC M. R. Sorenson of Montreal, again within two rounds and the Weatherer was counted out in the third.

The only other KO on the card came when a lanky aircraftman from Toronto, J.D. Parton, punched his heavier opponent, Sgt. Bob Walters of Edmonton, into submission to win the light-heavyweight crown.

In the novice classes, LAC Ken Dobson of Stratford, Ont., took the lightweight title with a decision over LAC George Brilliant of Rimouski, Que., while the middle-weight crown went to LAC H. M. Adams of Montreal who outpointed a fellow townsman, LAC Dave Rochon.

A fairing crowd of aircrew, ground crew and airwomen watched the battling and medals were presented to winners by the commanding officer of Bomber Group, Air Vice Marshal C. M. McEwen of Montreal.

If the busy City of Edmonton Intruder Squadron can find time from repairing German planes to find time to build a team.

Included in a recent arrival of ground personnel was Cpl. Paul McGarry (484, Springburn Ave., Toronto, a Briton great before and after his enlistment as a gunner.

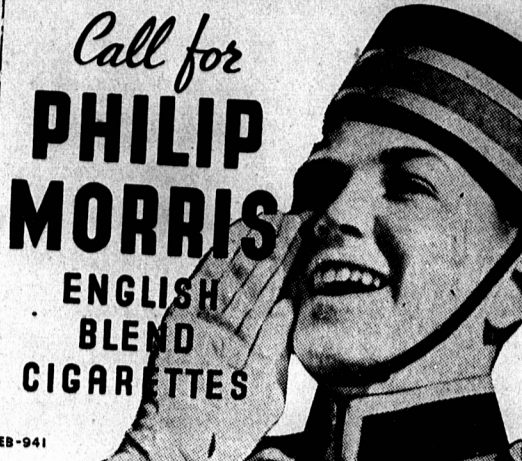

McGarry, a husky middle wing, played with Toronto Balmie Beach, Montreal Royals and Ottawa Rough Riders between 1935 and 1941. He played for Ottawa when they defeated Balmie Beach for the Grey Cup in 1940 and also when Winnipeg Blue Bombers matched victory and the cup from Ottawa.

NEW YORK, June 4 (AP)—The Turf's three-year-old division has a new candidate for title honors following Bounding Home's conquest of Pensive in Saturday's Belmont stakes but the impression remains that the name of the Kentucky Derby and Preakness winner would be on the select role of triple crown winners today had he not been given a different type of a ride.

In the Derby and Preakness, Conn McCreeley waited until the last quarter-of-a-mile to make his run with the chestnut from Warren Wright's Calumet Farm. In the Belmont he shot Pensive to the front at the mile post, and when challenged by William Ziegler's colt at the quarter-mile he had enough to match Bounding Home's stretch at the end of the 1 1/2 miles.

Ben Jones, trainer of Pensive, said he was of the opinion that McCreeley had made his move too soon.

Bounding Home's time of 2:32.14, slower than Hurt's 2:17 in 1933, again emphasized the fact that there is not much class among the three-year-olds this season.

Remember When

By The Canadian Press

War Admiral, winner of the Kentucky Derby and the Preakness, won the Belmont Stakes seven years ago today to take his third straight major race as a three-year-old. The famous son of the great Man O'War coasted home to a four-length victory, equaling the mile-and-a-half American track record for the distance of 2:28 3/5 set by Hanny Manay 20 years previously.

After donning air force blue two years ago, Paul was with Toronto R.C.A.F. Hurricanes when they took the Canadian final in Winnipeg. He also was with Hurricanes last season.

"It certainly looks like a great outfit," Paul said on arrival at the Edmonton's base. "There's plenty of football material and I hope we're not too busy with other work all the time."

Remember Gerry Philbin as the husky rearward who helped Ottawa R.C.A.F. win the Allan Cup back in the spring of two years ago? Well, Gerry has been promoted to flight lieutenant with appointment as deputy flight commander of the 400 Squadron Bomber Squadron. Pilot Gerry, whose home is at Sherbrooke, Que., had completed at the last count 14 operational missions, as captain of an aircraft.

Local Airmen Crowned P. E. I. Hoop Champions

A basketball team from the No. 2 Air Navigation School, Charlottetown won the Provincial hoop title Saturday when they defeated a team from No. 1 General Reconnaissance School, Summerside to take the two-game total points series 81-76.

The team from No. 2 A.N.S. turned in a fine game here when they came out behind to take the series. At the first game in Summerside the western team won 50-37 but the Charlottetown players turned the tide on their home floor and defeated No. 1 G.R.S. 50-37.

Fields was top man for the victors in both games and Charlottetown the team had the strong support of Rhodenizer who had been unable to play at Summerside.

Muir for Summerside was top man in the opening game of the series, collecting 25 points. Earlier this year the team from No. 2 A.N.S. won the city league defeat the RCAF team from Mount Pleasant. Saturday's win makes them undisputed provincial champions.

Members of the championship team include: Fields, Schecter, Patterson, Ashley, Fiedler, Marks, Harrison, McLeod, Kish.

R. A. F. Soccerites Parachute To Game

BY ALLAN RANDAL
Canadian Press Staff Writer

LONDON, June 4 (CP)—It's been threatening to come for a long time—the transport of a football team by air—and at last it has. It happened in the Midlands.

A score of Royal Air Force men did it, dropping in on the opposing team by parachute and then winning the game.

They were instructors at a north-west training centre and had a game scheduled with a unit 100 miles away. They thought of going by train and then somebody suggested plane and parachute. That was enough.

Four thousand feet above the Midlands they tied one of the officers dropped out as a paratrooper. The carrier plane circled until the parachutes were all open. Then the whole team toppled out of the carrier one after another.

"The drop itself was nothing," one of the parachuting footballers said. "We are jumping regularly. We look ahead with us and intend to try to pass it to each other as we went down but we were throwing it to each other in the air and the ball went out through the jumping hole."

After the match the parachutists took off from a nearby airfield and dropped out over their own station.

Playing for the winners were four well known Rugby League men: P. Cliff Evans, Sgt. Ivor Owen and Det. Fred, all of Leeds and J. Bekersley of Oldham.

Syrian Youngster In Zivic's Place

NEW CUMBERLAND, Pa., June 4 (CP)—The last of the fighting Zivics is in the army, but the name of Zivic will still be heard in fight clubs when Fritze does his bit for Uncle Sam.

An announcer will stand in the centre of the ring, and pointing to one of the contestants will say: "In this corner Young Charlie Zivic."

Fritze told the story of young Charlie and how he acquired the Zivic name while awaiting orders here at the army reception centre.

"When I found that I was going into the army I gave up all thought of ever returning to the ring," said the former welterweight champion. "So I took out a manager's license and signed up 11 promising young boxers, most of them 4-F. One of the boys was a Syrian named Walter Affitta, a good-looking youngster and a swell little boxer."

Just before Zivic left Pittsburgh for army life the youngster came to him and asked for permission to change his name.

"What do you want to call yourself?" asked Zivic.

"Fritze," Fritze dumfounded when his youthful protégé answered in a quiet voice. "How about Young Fritze Zivic?"

Remembering from his sickle the new manager finally agreed to a compromise on Young Charlie Zivic.

The Right Rev. Father Chisholm of Antigonish, N.S., also arrived yesterday.

EGG AND POULTRY—Egg receipts have resumed their downward trend. Quality of eggs being received is not as good as previously, this is due to a delay in seeding operations by farmers and to the delay in receiving egg trays which necessitates stations holding up egg shipments—this market is serious. There has been a slight reduction in the price of Grade B eggs which are being quoted at 26c for graded shipments delivered Charlottetown. P. E. I. Graded stations are paying for graded eggs delivered as follows: 30; A Medium 25; B 25; C 20. Graded shipments delivered Charlottetown: A Large 24; A Medium 22 1/2; B 28; C 24.

GENEROUS CONTRIBUTIONS—That spirit in which Prince Edward Islanders away from home continue to interest themselves in the land of their birth was vividly exemplified immediately after the announcement of the campaign for a Modern Youth Centre for the Province to be built on a central site in Charlottetown. By first mail cheque for \$500 came from Rev. Dr. J. Sidney Bonnell, pastor of the 24th Avenue Presbyterian Church in New York City. Another greatly appreciated donation has been received from Mr. Andrew W. Robb of Halifax. Mr. Robb when a young man was the first paid secretary engaged by the Charlottetown executives of the Y.C.C. and it is interesting to note that his interest in Charlottetown has not waned.

Invasion May Not Affect Gas Situation

OTTAWA, June 4 (CP)—Possible effect of the invasion of Europe on gasoline supplies available to Canadian motorists has become a matter of speculation but there is no indication here that any ration changes are likely.

It is known that the gasoline situation continues to be tight. Munitions Minister Howe has repeatedly said that the present ration of three gallons per person does not carry any guarantee and may have to be changed at any time to meet new demands.

On the other hand some observers believe that the invasion of Germany now is at an all-time high. Coupled with this is the fact that large stocks of gasoline have been taken in building up.

Mr. and Mrs. F. M. Murphy, Amherst, are guests at the Queen Hotel.

"The annual meeting of the St. John's County Hospital will be held at the St. John's Hotel on Wednesday, June 21st at 7 p.m. Laura Macdonald, Secretary. 6-2-5-21"

to the opinion that gasoline demands are already at a high level. It is estimated that a 1,000,000 gallons of the highest grade gasoline now is at an all-time high. Coupled with this is the fact that large stocks of gasoline have been taken in building up.

WASTE PAPER

IS URGENTLY NEEDED FOR VITAL WAR USES

Millions of containers, made from waste paper, carry vital supplies to our armed forces.

Waste paper is essential to the production of these containers... those sent overseas cannot be salvaged for re-use!

To replace them... and supply additional containers for overseas and essential civilian requirements... CANADA NEEDS 20,000 TONS OF WASTE PAPER EVERY MONTH.

GET SALVAGE MINDED START SAVING WASTE PAPER NOW!

WHAT IS WANTED

You can remedy this critical paper shortage by saving every scrap of Waste Paper, namely: wrapping paper — store bags — cardboard — cartons — corrugated board — old magazines and books — envelopes and letters — newspapers. These represent the raw material for making vitally needed Paper containers.

HOW TO DO IT

Be securely in separate bundles. (The little time you take will save thousands of man hours.) Then dispose of it through your local voluntary Salvage Committee or other War Voluntary Organization, or sell it through any known trade channels, your pedlar, dealers or others. The important thing is to get your Waste Paper moving to the mills.
