FALL OF WARSAW NOW IMMINENT

The Russians Appear to have been Driven Backward. Berlin Reports Capture of 16,000 Prisoners in two days Besides Many Machine Guns.

(Special to the Guardian.)
LONDON, July 20.—The Morning Post's Budapest correspondent reports that the gradual evacuation of Warsaw has been ordered by the Russians.

LONDON, July 20.—The following German official report has been received here: "The Germans have occupied Tukum and Windau (Province of Courland).

"Between the Vistula and the Bug the battle continues with unabated violence. The Austro-Hungarians have forced a crossing of the Wolczka river in the neighborhood of Grabovetz, and advanced across the Bug to the north of Sokal, the Russians having during the night retreated along the whole front between the Vistula and the Bug.

"The Germans captured from July 16 to July 18, sixteen thousand prisoners and twenty-three machine guns."

ANOTHER VOTE FOR WAR FUND PASSED BRITISH HOUSE OF COMMONS

\$750,000,000 Asked for and Granted.

(Special to the Guardian.)
LONDON, July 20.—In moving a new vote of credit for \$750,000,000 in the Commons today, Premier Asquith announced that for the first seventeen days of July the war expenditure has been \$270,000,000, a rate of expenditure which showed daily the natural tendency to rise. The item of loans to the Allies of Britain might also, the Premier pointed out, grow with the adherence to the Allied cause of States not yet participating in the war. The Premier estimated \$500,000,000 would carry Britain to September, but in view of possible contingencies he advised the House to increase the total to \$750,000,000. The Premier drew special attention to the changes in the wording of the vote of credit which in the present case empowers the Government to expend money in loans and grants to other States than those falling within the category of "His Majesty's dominions, protectorates and Allied Powers." The Premier significantly emphasized that limitation was purposely omitted in this case. "We think it desirable in the

existing situation," he said, "that we should have rather wider powers in respect to countries or states to which advances may possibly be made. I am sure that the House will agree that the Government should have in this matter a freer hand."

Premier Asquith touched on the cotton question during the debate in the Commons on the new vote of credit. "The Government is not without hope," he said, "that we shall obtain without much delay a more satisfactory and more adequate solution of various difficulties surrounding the cotton question than has yet been possible. I am not satisfied myself with the existing state of things. I believe a great deal of this material, which is a necessary ingredient in the manufacture of some very formidable kinds of ammunition, reaches the enemy which ought not to reach him. On the other hand we have to be very careful to exercise our belligerent right so as not to unduly infringe on trading interests and legitimate susceptibilities of neutral powers with which we are on terms of perfect

amity and with which we do not desire to provoke anything in the nature of unnecessary quarrel."

(Special to the Guardian.)
LONDON, July 20.—Britain should come to a full realization of the gravity of the financial situation created by war, Lord Lansdowne declared in the course of the debate in the Lords today, on the necessity of national economy, saying although some nations might emerge from the conflict with increased territory, none would emerge with their resources unimpaired.

"I believe traces of the war will leave will be from not only the arresting of progress, but an immense burden of financial embarrassment, I might almost say financial disaster, which will tax the resources of the civilised world," added Lord Lansdowne.

Lord Cromery, who took part in the debate, said: "The only way to replenish the finances of this or any other country is complete victory, resulting in the overthrow of Kaiserism and the establishment of real constitutional government in Germany."

WOMEN'S INSTITUTES IN CONVENTION

Large Representation from Institutes Throughout the Province. Eloquent Addresses on Subjects of Vital Interest. Closing Sessions will be held to-day.

Upwards of seventy-five delegates met in convention in the Prince of Wales College yesterday afternoon. The meeting opened at 2 p.m. Mrs. J. A. Mathieson presided and in the absence of the Commissioner of Agriculture welcomed the visitors to the city. In response Mrs. D. W. Wright, President of the Montague Women's Institute, spoke of the great help the Institutes have been to the women of the province, wherever such organizations exist, and referred also to the great civic and social improvements which these societies are bringing about.

In terse language Mrs. A. E. Dunbrack, Supervisor of Women's Institutes, addressed the audience on "The Delegate," pointing out the fact that they, the delegates, were by far the most important part of the convention. There was the opportunity to take the best from the convention and use same to influence the life of their community; there was the opportunity to return to their homes and to their districts as the vitalizing influences for good, for success and for progress. Her advice to each delegate then was to prepare a report and take home to their districts, the best possible.

Reports were read from most of the Institutes, after which carriages conveyed the delegates to the Experimental Farm, where they were well entertained by the Superintendent, Mr. J. A. Clark, arriving back to the city about six o'clock.

The reports of the Institutes and addresses will appear in the press at a later date.

The second session of the Women's Institute Convention was held in the Prince of Wales College last night. The meeting was presided over by Mrs. S. R. Jenkins. The first address of the evening was delivered by Mr. R. H. Campbell, the Superintendent of Education, on the relation of Women's Institutes to the rural schools, stating that their most beneficial influence was shown in the complete renovation of the school building, making it bright, wholesome and clean. Schools had been made the pride of the community, drinking fountains had been installed and heating had received consideration and treatment. Continuing the speaker declared himself as strongly in favour of men's rights but as emphatically stated that as man could never keep house and much less a school-house, and for that work the influence and help of the members of Women's Institutes were very much needed. Mr. Campbell pointed out the four following ways in which Women's Institutes could be of service in a community:

The closing address of the evening was delivered by Prof. T. A. Benson, who pointed out the importance of the hen, too often spoken of as commonplace and lacking in interest. To emphasize the importance of the industry Prof. Benson stated that in 1900 the value of poultry products in the United States was \$280,000,000; in 1908 it was over \$700,000,000, and today it was very much more. In Canada the production today was valued at over \$50,000,000, while in Prince Edward Island the value of poultry products had already passed the million dollar mark. Co-operation, its necessity for successful business, feeding for winter production were briefly touched upon by the speaker, who advised recommending the advisability of teaching the first principles of co-operation to the children in the rural schools, so that they may learn to depend and rely on each other and not suspect.

The closing session will be held this morning at 9.30, presided over by Mrs. J. A. Clark. The speakers will be Prof. J. A. Clark, Superintendent of the Experimental Station, Mr. Morley Pettit, Provincial Apiarist for Ontario, and Mr. W. R. Reek, B.S.A.

100,000 MEN INVOLVED IN THREATENED STRIKE AT KRUPPS

GENEVA, July 20.—An important meeting was held at Essen yesterday, according to advices received at Basel, under the administration of the Krupp Gun Works and the representatives of the workmen in order to settle the dispute which has arisen over the demands of the men for an increase in wages.

Directly and indirectly about 100,000 men are involved.

The military authorities, before the meeting, the Basel advices say, warn-

ed both sides that unless an immediate arrangement was reached, drastic measures would be employed.

The Krupp officials are reported to have granted a part of the demands of the employees which brought about a temporary peace, but the workmen still appear to be unsatisfied and many have left the works. A strike would greatly affect the supply of munitions and for this reason the military has adopted rigorous precautions.

AEROPLANE RAID BY ALLIED ARMIES

(Special to the Guardian.)
PARIS, July 20.—An official announcement says a squadron of six aeroplanes bombed the station at Colmar, capital of Upper Alsace. The aeroplanes returned undamaged.

RUSSIA SURE OF ULTIMATE VICTORY

(Special to the Guardian.)
PETROGRAD, July 20.—Additional factories are undertaking every day to turn out large quantities of munitions, and the supply of war material of all kinds is increasing steadily. The nation is prepared to pass through a period of reverses if necessary, but it felt more certain of ultimate victory.

ITALIANS MAKE FURTHER GAINS

(Special to the Guardian.)
GENEVA, Switzerland, July 20.—Despatches to the Tribune say large gains have been made by the Italians since July 16. According to these advices the Austrians lost more than five miles in Cadone and lesser amounts in Carnian.

LOSSES IN CHINESE FLOODS CONFIRMED IN U.S. REPORTS

(Special to the Guardian.)
WASHINGTON, July 20.—From eighty to a hundred thousand lives have been lost in floods in the vicinity of Canton, China, according to a cablegram to the State Department today from Pekin. Consul General Cheshire appealed for all the assistance that can be rendered by the Navy Department.

FIRE ON BOARD U. S. DREADNOUGHT

(Special to the Guardian.)
WASHINGTON, July 20.—Fire last night aboard the dreadnought Oklahoma in the yards of the New York Shipbuilding Company, Camden, N.J., is believed to have originated in wooden supports and other inflammable material in the magazine space between the two forward turrets. Navy officials do not believe there is anything to indicate the work of an incendiary.

WELSH COAL STRIKE HAS BEEN SETTLED

(Special to the Guardian.)
LONDON, July 20.—A despatch from Cardiff announces the strike of the Welsh coal miners has been settled.

59 TURK VESSELS SUNK BY RUSSIANS

(Special to the Guardian.)
LONDON, July 20.—A fleet of fifty-nine Turkish sailing vessels, laden with war materials for the Turkish army of the Caucasus has been destroyed by Russian torpedo boat destroyers, according to a despatch to Reuters Telegram Company from Sebastopol. The sailing vessels were on a voyage to Trebizond, Asiatic Turkey. The crews were made prisoners by the destroyers.

KAISER TO MAKE EUROPE TREMBLE?

LONDON, July 20.—The Morning Post's Petrograd correspondent says Emperor William has sent his sister, the Queen of Greece, the following telegram: "I have paralyzed the Russians for at least six months and am on the eve of delivering a coup on the western front that will make all Europe tremble."

KEEPING METALS FROM GERMANY

(Special to the Guardian.)
LONDON, July 20.—As indicating the extent of Britain's efforts to keep metals out of Germany, the public have been officially requested to pack whatever food may be sent to prisoners of war in Germany in wooden boxes, or if the provisions are such as glass or earthenware be substituted. The export of tin has already been prohibited in Scandinavian countries and in Holland.

(Special to the Guardian.)
LONDON, July 20.—A large part of the shipments of American cotton held up by England will probably be condemned by the prize court. This was indicated by a ruling made today by the Government.

AUSTRIAN SUSPECT ARRESTED IN MONTREAL

MONTREAL, July 20.—The police have under arrest an Austrian, Demerto Merello, who they believe was plotting to destroy the big C. P. R. Angus shops. Merello was discovered yesterday, in one of the big ballroom rooms of the hotel, making measurements and he attempted to escape when discovered by the watchman.

In the police court this morning he appeared badly scared and no satisfactory explanation of his presence in the works was obtainable. Incriminating papers were found on the prisoner. He was remanded.

UNREPORTED INCIDENT OF FLANDERS SITUATION

(Special to the Guardian.)
LONDON, July 20.—The withdrawal of British troops from Hill 60 in Flanders, news regarding which operation several newspapers complained was kept so "long from the British public, was explained by the Postmaster-General in the Commons today.

"At the time the hill was abandoned," he said, "the withdrawal of troops had to be conducted in secrecy and was conducted with singular success. When it became expedient to make the matter public it was no longer of any military importance, hence the silence of the War Office."

GERMAN SUBMARINE FISH STORIES

(Special to the Guardian.)
WASHINGTON, July 20.—Unofficial reports to the Navy Department that a German submarine has been seen off the Maine coast is beginning to interest Government officials. State Department officials declare that the presence of submarines is essentially one for the consideration of the Treasury Department. These vessels have a right to cruise as they please, but if they enter port the Treasury Department would see that they left again under the rules of neutrality.

PREPARATIONS AGAINST SUSPICIOUS CRAFT

(From our own Correspondent.)
OTTAWA, July 19.—Further precautions are being taken against the presence in Canadian waters of suspicious craft of any kind. A notice sent out by the Customs Department states that "Complaint having been made that schooners and other small craft are sailing in Canadian waters without being marked with their names and port of registry as required by law, attention is directed to the section of the Merchant Shipping Act, which provides that the name of every British ship shall be marked on each of her bows and the name of her port of registry must be marked on her stern. Customs officers are instructed not to grant clearance or allow to depart within the limits of any port to any vessel not so marked."
