KRUTSFORD NOTES: Miss Conroy, Music Teacher of Tignish was a welcome musician to Krutsford on the 22nd inst. They very much appreciated her musical ability which she used greatly to the pleasure of her many friends; but we also highly valued Miss Vera Castain, principal of Krutsford school, spending her Christmas holidays at her home in Mimin-gash. The farmers of Krutsford are busily engaged hauling wood. They seem to be taking advantage of the good roads. Mr. Watson Silliver, formerly farmer of Krutsford, has left his old friends to reside in O'Leary.

SAD BEREAVEMENT: A sorrow was cast over Tignish on Monday, Dec. 20th, when a very highly respected resident returned home in the person of John M. Gavin at the early age of 61 years, after a long suffering of nine months, which he bore with patience and resignation. He was interred in St. Simon and St. James church on Wednesday morning and was largely attended in spite of the bad condition of the weather. He leaves to mourn behind a sorrowing widow, one son, W. Henry, who lives at home with her grand, 17 years, also two sisters, Sarah at the old homestead in Peterville and Mrs. James Walsh in St. John, N.B. The funeral services were held at the home of Mrs. Joseph McInnes, John Aylward, Peter Knox, George Knox, Mark Handelaar, and Alexander Handelaar. The sympathy of the community goes out to the family in their sorrow. (Summerside papers please copy.)

KENSINGTON SCHOOL: The following was unintentionally omitted from the report of Kensington High School examination: Prize list of Miss Harrington's Department: Proficiency, Grade II (A): Kenneth McFadyen, Proficiency, Grade 2 (Jr.); Don Bowness. Special prize for politeness: Ella Rogers, Miller Waite and Roy Lockhart.

KRUTSFORD CONCERT: The concert given by the teachers and young people of Krutsford, proved a very great success. In spite of the unfavourable weather a large audience witnessed the programme, and the neat amount of \$75.00 was realized. Mr. W. E. MacAulay, trustee, ably acting as chairman, the entertainment opened at 8 o'clock, and the following programme was tactfully rendered: "Opening Chorus" by P. E. Island; "Recitation" "Farmer Girl" by George Adams; "Diologue" "When Women Vote;" Solo, "My Love of Golden Demers," by Sara MacKenzie; "Recitation," by Sara MacKenzie; "Recitation," by Fred McAnlay; "Diologue," "Taking the Census;" Duet, "Silver Bill, Drill, Wilson's Lullaby," by five children; "Recitation" A mortifying Mistake; by Bessie MacKenzie; Instrumental Music, Indian Huntress Drill, by 10 girls; "Recitation," "Our Honoured Dead," by Helen Smallman, Pontamine, Lead Kindly Light; Diologue, in three acts, The Feast; Diologue, "The Gypsy's Warning;" Quartette, Carry me back to Old Virginia; Diologue, Uncle Hiram's Duet; Count of Lunenburg; Instrumental Music; Closing chorus, Silent Night; The frequent hearty applause which followed each of the different numbers, of the program was sufficient proof of the pleasure which it afforded its hearers. (The King's Singing Guild, a few words of appreciation were given by the campers. Pies and baskets were then sold after which the parties dispersed to their homes, apparently not sorry that they had ventured out on such a frosty evening.)

SEMI-ANNUAL EXAMINATION: The semi-annual examination of Bloomfield Corner School was held on Dec. 21. There were 55 visitors present and the teacher, Miss Agatha O'Brien was ably assisted by five teachers namely: Misses Josephine LeClair, Mac E. Hutchison, John Foren, Messrs. Wilfrid Pilon and Chester Hodgson. The pupils were examined in the many branches of the course. The chief examiner was Mr. Bennett, many of the other raters were also present. The teachers spoke very highly of the work that has been done in the school during this short term. One of the pupils, Miss Jean Martin, has been visiting friends in Charlottetown, has returned to her home at Georgetown.

WESTERN PERSONALS: Miss Augusta S. Horns has returned to her home in Bloomfield, after graduating from the Charlottetown Business College.

WESTERN PERSONALS: Miss Flora Gauthier of Summerside left Thursday morning for Lawrence, Mass., where a position awaits her.

WESTERN PERSONALS: Mr. Gerald Morris of the Provincial Bank of Canada, Summerside, and Mrs. Morris left Saturday morning for Newcastle where they will spend a short vacation.

WINDMILL SHIPMENT TO CYPRUS ISLE: Ontario Wind Engine and Pump Co. Ltd., P.O. Box 512, Export Order.

WINDMILL SHIPMENT TO CYPRUS ISLE: The manner in which Canadian manufacturers are again reaching out toward foreign markets is shown very clearly in the records of export shipments produced from time to time. An interesting item of the unusual type appearing recently was that of a shipment of 12,000 worth of windmills by the Ontario Wind Engine and Pump Co. Ltd., to the Island of Cyprus. It appears that before 1914, the Canadian windmill business flourished in Cyprus, it being practically the only variety of windmill seen on the island. During the war, of course, the business slumped, but the present order is an indication that this market is opening up once more. The order just shipped by the Ontario Wind Engine and Pump Co., Ltd., is the first received since the war.

Rheumatism Grows

Worse if Neglected

It is a Uric Acid Trouble

It makes its presence known by local aches and pains, inflamed joints and stiff muscles but cannot be permanently relieved by local applications. Its cause is constitutional and it must have constitutional treatment.

Take Hood's Sarsaparilla, which corrects the acid condition of the blood on which the disease depends and makes you feel young again.

Three doctors said I could not be cured of rheumatism but at 64 I am still alive, well and strong, thanks to the early use of Hood's Sarsaparilla. I am convinced there is nothing better for rheumatism. C. E. Goodrich, Bolivar, Mo.

Mountaineering

In His Passion

New Leader of Mount Everest Expedition is Irrepressible Optimist

LONDON, Jan. 3.—Brigadier-General Charles Granville Bruce who, despite his 55 years, has accepted the leadership of next year's ascent of Mount Everest, is a man of remarkable attainments. He was shot through both legs in Gallipoli and, as he himself describes the event, "he rolled down the hill like a shot rabbit" but, being an irrepressible optimist, he recovered.

His personal strength is such that he could at one time raise and hold out at arm's length a well-grown person as he sat in a chair. Stories of his strength, his practical jokes and of other more serious exploits, are common property throughout northern India, where he has commanded a Gurkha regiment for years.

His passion has always been mountaineering. More than once he has brought one of his Gurkhas home with him. One he took with him to Switzerland, where the Gurkha's uncanny skill in scrambling up impossible places produced great stacks of heads among the Swiss guides who had never before seen anything like it.

Should he be compelled to leave the final peak to younger men, his vigor and thoroughness as an organizer and his experience as a leader of men will be invaluable, his friends say.

Does Not Want Taverns

SHERBROOKE, Jan. 2.—At last night's session of the Council the city fathers adopted a by-law providing for the limitation of tavern licenses in this city. It is an endeavor to eliminate tavern houses except insofar as hotels are concerned. It was felt to be in the best interests of the city to confine the tavern licenses to hotels. The committee reported having received a large number of applications for tavern licenses, and it was decided to recommend to the Liquor Commission that these tavern licenses be granted only to established hotels and with the approval and recommendation of the local City Council.

Husband Was Shot Dead

INDIANAPOLIS, Jan. 2.—Mrs. Florence Simmons, 21, shot and killed her husband, James Simmons, 32, a war veteran, here yesterday morning after the couple had quarrelled, it was said, throughout the night.

Following the shooting Mrs. Simmons ran to a neighbor's house and asked that the police be called. The

police, however, already were on their way to Simmons' residence, having been called by a telephone operator who was trying to connect a long distance connection with Louisville. The telephone message was to tell Mrs. Simmons that her father, Thomas Bewley, was dying. The operator reported hearing what seemed to her to be a fight in progress at the Simmons residence. The telephone receiver had been knocked from its hook by Simmons, it was said.

Covendish, the English chemist had a back stair built in his house to avoid seeing any of his women servants.

THERE'S NOTHING SURPRISING ABOUT AN OLD BRIDGE COLLAPSING!

YES, BUT THEY GAVE IT TWO COATS OF PAINT LAST SUMMER AND ON THE LEVEL IT LOOKED LIKE NEW.
