THE WESTERN GUARDIAN

—FOR LATE WESTERN NEWS
—Page 3 is available

—GUARDIANS ON SALE at the
Guardian's western office in the
McNeill Building, Summerside
every day.

—DR. SIMPSON is temporarily
located in the office recently vacat-
ed by Dr. John McNeill.

—GUARDIAN OFFICE.—The
Guardian's Western Office is now
located in the McNeill Building,
Water St., Summerside where
subscriptions, news or advertising
will be received. The phone num-
ber is 233.

—BUREAU HOUSE.—Practical-
ly every seat was taken at the
Capitol Theatre last night, the
drawing card being the picturiza-
tion of Sir Arthur Conan Doyle's
story the "Lost World." It is de-
scribed by all present as a really
fine picture.

—SADLY BEREAVED.—Many
friends will be sorry to learn of the
death at her home at Long River
on Friday of Mrs. William Dought-
ert. She was 73 years of age and
had been ill for some time. Beside
her husband she leaves to mourn
one son, Mr. Andrew
Doughtert, accountant in the office
of Lea's Foxes Ltd., Summerside,
who will have the sincere sym-
pathy of all in his bereavement.

—LAD TO REST.—The fune-
ral of the late Mrs. Sophia A. Wood-
cock, widow of the late Vernal A.
Woodcock, (whose death occurred
in Summerside on Friday last after
a lingering illness) took place
Sunday afternoon and was well at-
tended. Service at the home
was conducted by Rev. G. S.
Wheeler. The remains were con-
veyed to Cape Traverse where
they were interred in the Church
of St. Andrew cemetery. The late
Mrs. Woodcock was one of the
most highly respected residents of
Summerside and her death will be
deeply regretted by a large circle
of friends. Deceased who was 79
years old was a daughter of the
late Arthur Irving of Cape Traver-
se. Her husband who was a
veteran of the American Civil war
predeceased her twelve years ago.
She leaves to mourn a brother
William Irving, Cape Traverse,
two sisters, Mrs. Ephraim Bell
Cape Traverse, and Mrs. Jane
Coughlin, Victoria.

PERSONALS

—Miss Mary Foley, Kildars
Cape, is visiting her sister Mrs.
Fred Murphy, Summerside.

—Mr. George Morrison, Manager
of the Provincial Bank, Kinkora,
spent the week-end in Summerside.

—Miss Hazel Maloney, Rogers-
ville, N. B., has arrived in Sum-
merside on a visit to friends. She
is the guest of Miss Ruth Gallant.

**Self-Poisoning
Takes Huge Toll**

Many Fail in Life Through
Sheer Neglect of Funda-
mental Rule of Health

Thousands of men and women are
to-day victims of their own neglect.
Grouchy, listless, quickly tiring, suffer-
ing from headaches and biliousness,
they spend enormous sums in medi-
cines without avail. They would give
much to regain their old vitality.

Can it be done? Yes! How?
Simply by recognizing the importance
of one fundamental rule of health—the
proper elimination of the bowel con-
tents. Poisons that are allowed to
remain in the system quickly lower the
stamina, weaken the nerves and thus
pave the way to ill-health. Stop this
self-poisoning by taking Nujol—the
scientific lubricant that completes the
work of Nature's lubricant when,
through modern living conditions, the
natural supply fails.

Nujol can be taken indefinitely with-
out injury to the system. Try Nujol
to-day. Ask for it at your nearest drug
store, but remember there is only one
Nujol. Watch for the name "Nujol"
in red on the label and package.

**Dezeng Diagnostic
Professional Unit**

COMFORT FOR THE PATIENT
EFFICIENCY FOR THE
OPTOMETRIST

The Wellworth Unit presents
a compact selection of scientific
instruments that enables the
Optometrist to cover completely
his ocular examination, without
the patient leaving the chair and
with each individual instrument
within instant reach.

An important requisite of a re-
fracting outfit is absolute com-
fort for the patient.

This has been accomplished in
the Wellworth Unit with ad-
justable seat, head rest and arm-
rests. The chair can be reclined,
raised or lowered and adjusted
to the perfect comfort of any
patient. A comfortable patient
can be more quickly and easily
examined.

Accuracy and efficiency for the
Optometrist are accomplished with
Dezeng diagnostic instruments with
minute precision which are with-
in instant reach and swing before
the patient.

This Unit is used in all ocular
examinations.

H. J. MABON
OPTOMETRIST
Montague, P. E. Island.
Office Connected With Drugstore

—TO PARLIAMENT.—Mr. G. D.
Pope, M. L. A., and Mrs. Pope,
Summerside, left yesterday after-
noon for Charlottetown where they
will remain during the session of
the Local Legislature. Hon. James
A. McNeill and Hon. A. F.
Arsenault, Summerside, will leave
for Charlottetown this morning.

—BROKE HIS ANKLE.—Mr.
Leo Arsenault, Egmont Bay, who
broke his ankle as the result of
a fall on the ice at the R. R.
Station last week, is making sat-
isfactory progress towards recovery
at the Prince County Hospital,
Summerside.

—NEW PREACHERS.—The pul-
pit of the Presbyterian Church
Summerside, was occupied on Sun-
day by Rev. Dr. Genge, Kensington,
and the pulpit of the Trinity United
Church was occupied by Rev.
M. C. MacDonald, Hopewell, N. S.
Both preachers delivered excellent
sermons.

—KENSINGTON CADET CORPS
—Recently it was the pleasure of
a Guardian representative at Ken-
sington to visit Kensington High
School, and to witness the agree-
ment known as the Cadet Corps.
He found a platoon which is com-
prised of thirty Cadet units, and
the individuals present as fine an
appearance as any to be found in
the Province. Lieutenant Orville
B. Darrach marshalled the ranks
and the response given by the
rank and file demonstrated how
satisfactorily training and disci-
pline are effected. The Cadets ex-
hibited the most confident satis-
faction in their manoeuvres, and
displayed evidence of how prompt-
ly they are able to receive and ex-
ecute orders. One realizes that the
whole organization is under the
skilful and experienced eye of the
Principal, Major Lowther, a veter-
an of the Great War, whose actu-
al experience on the field of action
has eminently qualified him to im-
part his store of practical military
knowledge to the developing gen-
tlemen of Kensington High School. It
is not intended to give undue pro-
minence to the fostering and stim-
ulating of the military spirit, but
rather it is the purpose of the
movement to develop precisely ac-
curate habits and competent alac-
rity in our young boys, as well as
to inculcate principles of integrity
and honor; and, if ever it should
unfortunately happen that their
services should be required, they
would be found ready and compet-
ent to discharge any duty that
might be devolved upon them. The
training thus received is a source
of strength to the mind, and a
strong mind is able to function in
many capacities. The platoon natu-
rally divides into four sections:
Section No. 1 under Corporal Dug-
gan and Lance Corporal Gorman;
Section No. 2 under Corporal Ste-
wart and Lance Corporal Sims;
Section No. 3 under Corporal Mill-
man and Lance Corporal McFar-
lane; Section No. 4 under Corporal
Walker and Lance Corporal L.
C. Cooke. The highest N. C. O. is
Sergt. Jardine and the Commis-
sioned Officer is Lieut. Darrach,
under whose jurisdiction is placed
the whole platoon. It is assured
that in the early Spring, Capt. Lo-
gan, Halifax, will visit Kensington
and inspect the Platoon. For this
reason drill is regularly executed
with the purpose of fitting the
boys to measure up to the most
lucite inspection. The units have
been issued each with Tunics, Glen
garrys, Belts and Ross Rifles. Issued
to the platoon also have been
arms for musketry practice, and
the boys are eagerly prospecting
advent of spring, when they can
utilize military practice. It may be
recalled by some fathers of boys
now in this organization how in
their school days they were mem-
bers of a company of the Boy's
Brigade and has the discipline
that they received in this insti-
tution served them on the field of
actual warfare. This will develop in
the boys a model physique, a mind
quick to perceive, and to appre-
hend, accurate to judge, and com-
petent effectively to act, and thus
strengthen the mind that the
school work may be the more sat-
isfactorily, the more thoroughly
performed. It may be concluded
that this system of training must
develop the higher moral faculties,
since obedience to rule is the basic
principle on which the system
is founded, and the response of the
will to authority thus imposed must
enable the will to determine other
objects of higher import. A trophy
is in prospect to be presented to
the section proving the most effi-
cient at the time of inspection. The
platoon has been in existence
about six months and the develop-
ment wrought in that time is mar-
vellous. All interested wish them
the success that the movement de-
serves.—Y.

**King
Cole
ORANGE
PEKOE**
THE "EXTRA" IN
CHOICE TEA

es met together in the English
Church School room for a social
evening. Inspector Shaw gave a
brief address to the classes in
which he gave some timely advice
as to the carrying on of the work
during the recess. Mr. E. B. McLar-
n who followed, spoke in highest
terms of the work carried on and
spoke of the example which George
own has set in this regard and of
how other places throughout the
island were falling in line. During
the evening Mr. Shaw was fitting
as in turn provided a treat for all
hands. To say that it was a good
time is only partly true, for it was
an excellent time and everybody
entering into the spirit of the af-
fair seemed bound to make it the
best and most enjoyable night of
the year. Then came the lunch and
oh! what a feed, the tables fairly
groaned under their loads. We can-
not take up space to tell of those
who groaned under the table after
lunch for this is no time for sor-
row.—A.

After each period that the boys
played, the girls played a period.

**HOCKEY AT
BEDEQUE**

Two very interesting games of
hockey were played at Bedeque
Saturday evening, March 6th, the
contesting teams being the Borden
Nationals and Bedeque Beavers and
the National Sisters and Beaver
Sisters. The Beavers won by a
score of 3-1.

The Sisters game ended in a tie,
neither side being able to break
the goose egg.

The first game called was that
of the Nationals and Beavers. Both
teams started with new goalies,
as the regulars were unable to be
present—A. Howatt for Borden
and P. Bowness for Bedeque. Both
played a good game as this is the
first time either played in that
position. The let period started
very fast, with the play see-sawing
from end to end of the rink. After
about 7 minutes play Calbeck in a
nice run notched the first goal for
Bedeque. P. Noonan scored short-
ly after, making it 2-0 at the end
of the first period. When play was
resumed it again fell to the lot
of P. Noonan to solve the Borden
defense by making it 3-0 at the
end of the second period. The
third period started with Borden
playing offensive and Bedeque de-
fensive hockey. C. Green scored
Borden's first and only goal in
this period and the game ended
3-1 in favor of Bedeque.

Nationals, we thank you for mak-
ing this game possible, as your
goal keeper and two of your reg-
ulars were unable to make the
trip to Bedeque. However you didn't
falter. You brought six players—
all you had—and played a better,
cleaner game, than on the previ-
ous evening when the Beavers de-
feated you on your own rink by
the score of 4-1.

Line-up

Nationals	Goal	Beavers
A. Howatt	Defense	P. Bowness
A. Jay	Defense	R. Calbeck
D. McPherson	Defense	R. Noonan
J. C. Green	Forwards	P. Noonan
F. Gaudet	Forwards	H. Bagnall
L. McAleer	Forwards	P. Reeves

Silver Foxes Wanted

1925 Pups and Foxes born
in 1924 to be left for bal-
ance of the season in
ranch where bought.

G. R. McQUARRIE, Summerside

This was the first game of Hockey
in the Bedeque Rink Between the
girls' teams. It was full of thrills
and spills. Both teams have only
recently been organized and con-
sequently neither has had much
practice, but they will probably
be heard more of next winter.
It would hardly be fair to dis-
criminate between any of the play-
ers as both teams played good
Hockey. A. McPherson and K.
Howatt did good work for Borden
and the two little school girls
Alice Noonan and Bessie MacDon-
ald and their teacher Ruth Camp-
bell for Bedeque attay-boy. Alice,
Referree—J. Clark.
Timers—E. Leard, H. Green
Umpires—J. Frizzell, O. Connolly
