Did you ever pass a single night in wretched misery, tossing and rolling in bed, trying in vain to sleep and longing for morning to come? Can you imagine the torture of spending night after night in this way, each succeeding night worse and worse? This is the most dreadful symptom of Nervous Exhaustion and Debility. You can be gradually and thoroughly cured of sleeplessness by the rebuilding influence of Dr. Chase's Nerve Food. It cures in nature's way, by creating new nerve cells and restoring lost vitality.

### Pickling Season.

The pickling season has arrived and like many other duties the pickling of them is postponed from time to time and at last the anxious housekeeper is face to face with the fact that the season has come and gone and those toothsome dainties so dear to men's palate are beyond their reach.

The pickling season only lasts a short time and the time to put them down is when the material to make them is at its cheapest. That season is now, not next week.

Every housekeeper should make their own pickles, you know then what you have, much of the imported article is decidedly unwholesome.

We have a full line of cucumbers, small white onions, cauliflower, green tomatoes for chow chow, ripe tomatoes, red peppers, and any quantity. Onions wholesale and retail, and any quantity to suit small retailers, also a full line of vegetables including sugar-corn, cabbage, cauliflower, celery, beets, carrots, butter beans, squash, cucumbers (large for slicing) &c. at Gay's market stalls—Saturday from 6 to 10 o'clock only.
