TO ENTER SERVICE IN SPRING OF 1934

The stern of the new mammoth French Line flagship—still unnamed and known only as the "T-6"—photographed recently at the Penhoet shipyards in St. Nazaire, France, where the liner is being built. The liner will be launched next summer, and enter service in the spring of 1934. The scene here does not appear any more pretentious than the steel-work of a new skyscraper.
