**Summer Sun Trying
 On The Complexion**

Protect Your Skin And
 Roses To Your Cheeks

Work:—Exposure to sun,
 and wind has a very bad effect
 on the skin and complexion,
 there is an easy way to over-
 come this. Says Mae Edna Wilder
 her friends ask her about her
 complexion and the
 beauty of her hands and
 feet. You can get the same effect
 if you follow my ad-
 vice she says.

Think of it, a marvelous
 change in a single night! Here is
 the process that removed
 all defects from my face, neck,
 arms and hands, and until you try
 it you can form no idea of the mar-
 velous change it will make in just
 one application. Before retiring
 wash the face, neck, hands and
 arms thoroughly with any good cold
 cream. (I prefer Liska cold cream
 in sanitary tubes, to all other
 kinds.) In the morning after washing,
 apply the skin thoroughly, apply Der-
 willow and lo, the marvelous trans-
 formation!

The first application of derwillow
 will astonish you. It makes the skin
 transparent, smooth and velvety,
 and will not produce or

stimulate a growth of hair.
 No matter how rough and un-
 clean the hands and arms or what
 abuses they have had, through hard
 work and exposure to sun and wind,
 derwillow will work a wonderful
 transformation.

Over a million girls and women
 now use it in preference to face
 powder and other beautifiers. This
 is what two well known actresses
 say about it:

Dorothy Dalton, the beautiful ac-
 tress, says: "The first application of
 this wonderful derwillow will aston-
 ish you. It imparts instant beauty
 to the skin and makes a rosy-white
 complexion everyone will talk
 about. It protects the skin in all
 kinds of weather. That's why I pre-
 fer it to all other preparations and
 am never without it."

Viola Dana, the well known star,
 writes: "I am often asked how I
 keep my complexion so fresh look-
 ing. It's a simple process for any-
 one to have a smooth, velvety, rosy
 white, girlish complexion if she will
 use Liska cold cream to cleanse
 the skin and that well known toilet
 preparation, derwillow, to beautify it.
 I recommend these preparations to
 all my personal friends and they are
 just as enthusiastic over them as I
 am."

Note:—To get the best effect be
 sure to follow the complete direc-
 tions contained in every package of
 Derwillow. Druggists and department
 stores guarantee that there will be
 a noticeable improvement after the
 first application or they will refund
 the money. It is sold in this city
 under a money refund guarantee by
 department stores and all druggists
 including J. G. Jamieson.

**EDINBURGH STRIKERS RE-
 TURN**

EDINBURGH, June 13—After a
 four months strike, during which
 10,000 pounds was paid in strike
 money and 30,000 pounds was lost
 in wages, 500 paper workers in the
 Valleyfield mills have returned to
 work.

The strike was caused because
 one of the operatives tore up his
 union card, and the union called
 out all the workers.

FRECKLE - FACE

Sun and Wind Bring Out Ugly
 Spots. How to Remove Easily

Here's a chance, Miss Freckle-
 face, to try a remedy for freckles
 with the guarantee of a reliable
 concern that it will not cost you a
 penny unless it removes the freckles;
 while if it does give you a
 clear complexion the expense is
 trifling.

Simply get an ounce of Othine—
 double strength—from any drug-
 gist and a few applications should
 show you how easy it is to rid your-
 self of the homely freckles and get
 a beautiful complexion. Rarely is
 more than one ounce needed for the
 worst case.

Be sure to ask the druggist for
 the double strength Othine as this
 strength is sold under guarantee of
 money back if it fails to remove
 freckles.

SHIPPING—The schr. "Aba-
 cerna," Captain Allen, was in the
 Montague River on Sunday last,
 bound to Gaspe with coal. From
 there she will likely return with
 lumber. The schooners Lily B.
 and Lillian Walch cleared and
 sailed from Montague with cargoes
 of produce for Newfoundland. Only
 one vessel is now in port, loading
 general cargo for Poole & Thomp-
 son. The schr. "Sea Foam" Capt.
 Peardon, is daily expected with
 lumber.

WELCOME VISITOR.—Mr.
 Augustus Brothers of Charlottes-
 town, was a week-end visitor to
 Montague, renewing old acquaint-
 ances. Mr. Brothers was a former
 resident of this part of the coun-
 try, where for a number of years
 he very successfully carried on
 farming operations. His many
 friends were pleased to see him
 and to think that the scene of his
 former surroundings is not entire-
 ly erased from his memory.

ON BUSINESS TRIP.—Mr. D.
 L. McKinnon, of the Montague
 Furnishing Co., arrived back in
 Montague a few days ago, after a
 trip in the interests of the com-
 pany to Newcastle and other
 points in New Brunswick. Mr. Mc-
 Kinnon reports large quantities of
 lumber on hand at all the places
 where he visited, shipments of
 which will be somewhat curtailed
 owing to the fact that several
 large building contracts in the Uni-
 ted States have recently been can-
 celled, lessening to a large degree
 the lumber requirements. Mr. Mc-
 Kinnon had no difficulty in filling
 his needs in the lumber line, sev-
 eral carloads being now on the
 way.

**UNKNOWN AMATEUR RELAYS
 FOR CREW OF STEAMER
 BELGIAN**

BOSTON, Mass., June 12.—
 Thousands of fans listening to a
 concert from WNAC, the Shepard
 Stores station here, heard, the
 announcement recently of one of
 the strangest requests ever made
 to a broadcast station, that the
 Copley Plaza Hotel orchestra play
 "Angel Face" for the captain and
 crew of the Steamer Belgian, then
 117 miles south of Ambrose
 Channel Lightship headed south
 for Baltimore.

The incident brought into con-
 operation with the broadcast
 officials an unknown amateur
 member of the American Radio
 Relay League who received and
 delivered the Belgian's message,
 asking that the selection be play-
 ed, to the leader of the hotel
 orchestra.

The radio operator on the steam-
 er, which was bound for Antwerp
 and London, had picked up the
 concert from WNAC and attached
 a loud speaker so that the entire
 crew of 100 men could listen.
 Captain Holmes remarked that he
 wished the orchestra would play
 "Angel Face" immediately the
 operator started to broadcast the
 message.

An unknown amateur listening
 in on the shipping wavelengths
 heard the 'Belgian' calling WNAC.
 He telephoned the Copley Plaza
 Hotel and read the message to
 Leader Boyle of the orchestra.
 The latter got the name of the
 operator as Hall and his station
 call as IAH. This station is listed
 under the name of Alfred P. Hall,
 Main Street, Norfolk, Mass., but
 no investigation it was found that
 Hall was not the amateur.

It was only fifteen minutes after
 Captain Holmes, more than 300
 miles away, had signified his
 desire to hear his favorite selection
 that the Copley Plaza orchestra
 was playing it for him.

FROM CABIN BOY TO ADMIRAL.

(By Dominion News Service)

LONDON, June 11—"I once fell
 in love with an old charwoman,"
 confessed Rear-Admiral Sir Guy
 Gaunt of the Royal Navy speaking
 to the members of the British and
 Foreign Sailors' Society. Excus-
 ing himself somewhat, Sir Guy ad-
 ded that he had been 154 days at sea
 that she was the first woman he

saw when he came ashore, and
 that he was very young when this
 romantic adventure occurred. Sir
 Guy did not enter into further de-
 tails and the secret of how the ro-
 mance between the young sailor
 and the old charwoman ended is
 locked in his own breast, but it is
 quite safe to guess that the love af-
 fair was of short duration. Sir
 Guy was pleading for support for
 the Society and told this story as
 an illustration of the intense loni-
 ness which sailors felt after long
 voyages and as a point to his plea
 that wholesome entertainment
 should be afforded at the port
 when sailors came ashore. Sir
 Guy, who has had a very adventur-
 ous life, stated that he first went
 to sea with "£50 and the story of
 the Prodigal Son."

"I am," he stated, "probably the
 only man since Nelson's day who
 stepped as a boy of 14 on an old
 windjammer and finished up by
 flying his flag on one of His Majes-
 ty's ships in the war."

"I have had many good meals,"
 he said, "but I would not exchange
 any of them for the experience one
 has when really hungry of standing
 over a grating in the Strand
 You get a nice warm smell from a
 grating."

"Every woman you see when you
 first come ashore," added the Ad-
 miral, "is absolutely beautiful."

**BRITISH URGE FRANCE TO
 ACCEPT**

LONDON, June 12.—Lord Cur-
 zon had an important Conference
 with the French Ambassador,
 Count Saint Aulaire, this morning
 the British Foreign Secretary urg-
 ing the French Government accept
 latest Berlin's Reparations Propo-
 sal as a basis for negotiations.

If France will do this, Lord Cur-
 zon will inform Germany, it was
 stated, of the French Govern-
 ment's willingness to discuss the
 problem collectively with the Al-
 lies.

Great Britain, it is explained,
 will then endeavor to obtain from
 Berlin a pledge of the cancellation
 of the orders for passive resis-
 tance in the Ruhr, which Premier
 Poincare has named as a condi-
 tion precedent to any negotiations.
 If Germany acquiesces in this
 steps will be taken to convoke an
 international conference for the
 settlement of the whole dispute.

The conference between Lord
 Curzon and the French Ambassa-
 dor lasted more than an hour.
 While nothing was given out offi-
 cially regarding the discussion, it
 is known that the two diplomats
 had a frank exchange of views con-
 cerning the attitude of their res-
 pective Governments on Ger-
 many's latest offer.

It was arranged that the Italian
 and Belgian Ambassadors discuss

the same subject with Lord Cur-
 zon this afternoon with a meeting
 of the British Cabinet following,
 at which the views of France,
 Italy and Belgium were to be tak-
 en up.

The British cabinet is making
 earnest effort to reach a common
 view.

ground with France and thus re-
 cement the Entente Cordiale, but
 if France insists upon the uncon-
 ditional occupation of the Rhine-
 land until all reparations are paid
 there seems little prospect of a
 solution, according to the British
 views.

Your Home

Have you placed the "guardian angel" of life insurance over your home?

A home protected by life insurance—covering the mortgage and the necessities of life—is one of the happiest places possible. There is no dread of the future; no fear of losing the home through forced sale should death occur to the bread-winner; nor is there any likelihood of the mother having to supplement a meagre income by working, nor of the children having to forego the advantages of an education.

The guardian angel of life insurance simply takes your place and "carries on." With a mighty three billions of dollars she is standing watch over thousands of Canadian homes, where the parents and children all live in the happiness that comes through the knowledge of adequate protection.

Life Insurance representatives are the great ambassadors to your home. They will be pleased to show you how simply and easily you can throw the "mantle of protection" around it.

NOTHING CAN EVER TAKE THE PLACE OF YOUR HOME. IT IS A WORLD IN ITSELF ABOUT WHICH EVERYTHING REVOLVES.

LIFE INSURANCE SERVICE,

"The Love That Never Dies."
