Will there be a Victrola in your home this Christmas?

Will Santa Claus be good enough to bring you the instrument of supreme usefulness this year—to cheer, to inspire, to impart comfort and hope in these trying times? Surely you need the ministry of music as never before; and the Victrola will bring it right into your home—for Christmas day, and every day that follows.

Come and tell us your Victrola wants. We are Santa Claus's messenger.

THE LATE MR. STEVENSON. Friends of the late Mr. Matthew Stevenson desire that the statement which appeared in the "Daily Mail" to the effect that he was a member of the People's Church be corrected. Mr. Stevenson was for many years an elder of the Christian Church, who that denomination worshipped in the building now occupied by the congregation of the Church of Scotland and known as the People's Church. In his later years Mr. Stevenson was a member of the Baptist Church.

Are You Sure Your Children's Eyes Are Right?

A responsibility rests upon every parent to give his child every possible advantage in life; to give the child the best of weapons with which to meet the struggle of the years ahead. Surely good eyesight is "the priceless gift" that your child should have. Remember that poor eyesight means poor concentration and will retard the youngster's progress. Many a child considered dull or lazy in school or music studies has simply been suffering from defective vision. And after correct glasses have been changed entirely the record of performance. Perhaps your youngster's report-card is reflecting the presence of eye-strain. Perhaps you are not doing your own child's eyesight justice. Have an examination made and know. Consult

HANDSOME OFFICES—The offices of Dr. S. R. Jenkins and his son, Dr. J. S. Jenkins, corner of Grafton and Pownall Streets, have recently been fitted up in first class style. The one waiting room, which serves the two offices, has been paneled in hemlock and spruce. A floor of edge grained Douglas fir has been laid, seats have been built all round the room, an old fashioned fire place has been built, and the safe has been placed under the desk with six drawers on each side. The furniture of spruce, natural finish, is all hand made and of old English design. The suite of offices present a handsome appearance and are very creditable to the contractor Mr. A. A. Hennessey. He has associated with him Mr. Fred Griffin, whose mastery hand did the carpenter work, and J. Austin Trainor who did the oiling and polishing. Messrs. Brown and Binns supplied the lighting fixtures and the plans for the offices and waiting room were drawn by E. S. Blanchard, architect.

Rush of Travel at Christmas Season

HEAVY TRAVEL LOOKED FOR BY CANADIAN NATIONAL RAILWAYS

WESTERN PEOPLE FOR THE OLD COUNTRY!

The Christmas season is the time for travel. "Home for Christmas" is a custom that has come down to us through the ages. In the old days it was the stage coach. Now it is the solid steel trains of our great Transcontinental Railways that annihilate distance and make a long journey a period of comfort and pleasure.

The Christmas rush to the old country is already over. A few days ago a special train of tourist cars and standard sleepers passed through Moncton en route to Halifax, filled with people from Western Canada who sailed from Halifax for England. Nearly all were British born Canadians, some of whom were making their first trip to the old land since they left it. From Winnipeg this special carried them to Halifax over the line of the Canadian National Railways, the "National" from the "Atlantic Ocean." The train equipment was of the finest, the touring cars being of most modern type and the standard sleepers the acme of comfort. They had made the journey in record time and all were delighted with the fine train service afforded them.

Christmas this year, happening on Sunday, with Monday observed as a holiday, gives an opportunity of an extra day for a week-end trip, and this is being taken advantage of by many. A large flow of local travel is being looked for and the Canadian National Railways are making every preparation to handle the expected rush. Enquiries at ticket offices and consequent reservations also show that there is to be considerable travel between East and West and from coast to coast. The through services of the Canadian National offer the quickest and most comfortable journey. From the Maritime Provinces the finest of train service is afforded to Montreal, where connections are made with the famous "Continental Limited"

It's a Great Comfort

these cold days to have a good fire, but it is only possible when one is burning good Coal. We satisfy every desire in the Coal line, whether for grate, stove or furnace. We give you good, clean, dry Coal that burns to a minimum of ash and gives out great heat. You will find it not only the best but the cheapest in the end. Won't you satisfy yourself with a trial order!
