—"Brakeman, are you positive this
train will stop at Gary?"
Fully half a dozen times the fussy
old lady had asked the question,
and the man began to lose patience.
"Now, look here, madame," he
replied finally, "this is an express
train, and if we don't stop there
then you'll be in the biggest smash
up you ever heard of!"

LEMON JUICE
TAKES OFF TAN

Girls! Make bleaching lotion
if skin is sunburned,
tanned or freckled

Squeeze the juice of two lemons
into a bottle containing three
ounces of Orchard White, shake
well, and you have a quarter pint
of the best freckle, sunburn and
tan lotion, and complexion beauti-
fier, at very, very small cost.
Your grocer has the lemons and
any drug store or toilet coun-
ter will supply three ounces of
Orchard White for a few cents.
Massage this sweetly fragrant
lotion into the face, neck, arms and
hands each day and see how freck-
les, sunburn, wind burn and tan dis-
appear and how clear, soft and
white the skin becomes. Yes! It
is harmless.

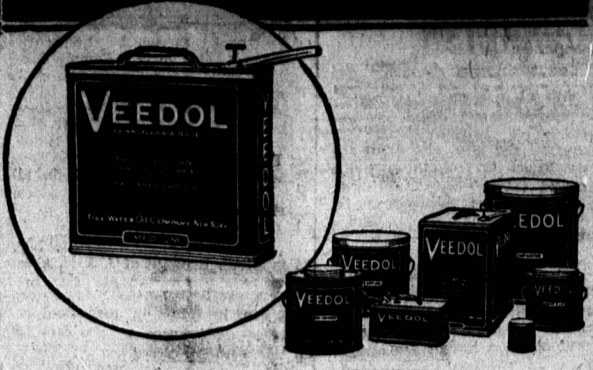

DICKY DIPPY'S DIARY

SATURDAY: FLUFFY PHONED ME YESTER-
DAY: "DICKY, COME UP TONIGHT.
PAPA IS VERY ANXIOUS TO SEE YOU."
"AWA," THOUGHT I, AS I DRESSED FOR
THE OCCASION, "THE OLD MAN AT
LAST LOOKS ON ME WITH FAVOR!"

WHEN I REACHED THERE FLUFFY
SAID: "HURRY! PAPA IS WAITING
FOR YOU IN THE CELLAR!"
"THE CELLAR!" QUOTH I. "HE
SURELY LIKES ME WHEN HE IN-
VITES ME TO HIS CELLAR!"

I FOUND PAPA IN THE CELLAR
WHEN HE SAW ME, HE SAID:
"COME ON YOUNG FELLER,

TAKE OFF YOUR COAT
AND HELP ME PUT UP
THIS FURNACE PIPE!"

Have You Tried This
Automobile Oil?

There are two ways to tell
how good any lubricating oil is.
One way is to make a test in
the laboratory. The other way
is to put it in your car and try
it out under actual service con-
ditions.
Then make a test run over a
familiar road including steep
hills and straight level
stretches. You will find your
motor has acquired new pick-
up and hill-climbing ability.
It will have less vibration and
will give greater gasoline mile-
age.
We know that Veedol will in-
crease your mileage and save
anywhere from \$50 to \$115 a
year in operating expense.
Prove that out for yourself.
Here's how you can do it.
Clean out your automobile
crankcase. Fill with kerosene.
Run your motor about thirty
seconds under its own power.
Drain out all kerosene and
refill with Veedol.

FASHIONS FOR CANADIANS

The little frock shown in the

sketch is made of navy serge with
side panels of black satin finished
with deep silk fringe. The buttons
are black satin covered and pipings
of the satin are set on the bodice
to simulate a redingote. The sleeves
are long, closely fitted and but-
ton trimmed. This dress features
the low waistline so strongly com-
mended for the coming season, and
it is interesting because, like many
others now being brought out, it
immediately opens up possibilities
to the economically inclined woman
who is trying to make a last season
dress into one of this year's
vintage.

A panel of one sort or another
added here or there, a novel sash,
girde or belt—if the dress is of the
type to stand that sort of rejuven-
ation—new buttons, vest, collar and
cuffs, etc., and lo, an old frock be-
comes a new one, economy is serv-
ed and the ingenious woman ac-
complishing all this magic is well
dressed.

The fancy for fabric combinations
in tailored frocks so evident this
season in an excellent economy aid.
Coat, jacket, or blouse of navy
serge or trotting over a black
satin skirt is a style decidedly ap-
proved, and plain and plaid wool
fabrics are combined in many good
looking tailored dresses.

By price cutting sales and in-
numerable outbursts on the sub-
ject of profiteering and profiteers
who were being chased to their
lairs and suppressed, the public has
been led to look for lower prices
on merchandise of all kinds for the
coming fall and winter. But
unless some miracle happens to
force such a reduction, their hopes
will not be realized. Isn't it wise,
then, to take stock of what you al-
ready have on hand before going
on a shopping orgy, and if you
have a dress or two that may be
made over, tackle the job or sum-
mon the home dressmaker?
