VENDOR RECOVERED.—Mr. R. F. Maddigan, Vendor under the Prohibition Commission has been recovered from his recent severe illness and is again able to take up his business activities.

ISLAND ARTISTS HEARD.—In the Maritime concert to be broadcasted on Friday night, May 8th from Radio Station C.N.R.A. Moncton, N. B., Mrs Bert Hyndman, St. Peters and Miss Laura Wightman, Montague, P. E. I., are among the artists broadcasting.

SCOTCH COAL.—The Steamer 'Feveril' sailed from Glasgow, Scotland with 2000 tons high grade Scotch Coal for A. Pickard & Co. This is the first shipment of Coal ever imported to the Island from Scotland. A Pickard & Co., say their customers must have the best. 799-5-4M81.

LIVELY WATER FRONT.—Early yesterday afternoon the Marine Department Dredge No. 4, Capt. MacLeod, docked at Pickard's wharf. Out of St. John, N. B., and bound for Bonaventure, Que., she is accompanied by two tugs, the Socnada, Capt. Gregor Fraser, which is equipped with wireless, and the Helena, Capt. Read. Both tugs are steel built and their maneuvers in the harbor yesterday after they had docked the dredge helped give a more than usually animated business like appearance to the water front. Dredge No. 4 put into this port for shelter from the rising wind and weather.

PERSONALS Mr. John A. Messervy has gone on a trip to Kitchener, Ont. Dr and Mrs H. T. Colvin have returned from a month's visit to Boston and Chicago. Mr Raymond Smallwood, Mount Stewart, passed through the city yesterday on his way home from a visit to the United States.

Mr. Colin McKay, East Bedouque who has been visiting in the city for a few days leaves today by the S. S. Harland for Victoria and Tryon where he will spend some days.

Her many friends will regret to learn of the serious illness from pneumonia of Mrs. James M. Duffy of Kinkora. Her son, Mr. C. G. Duffy, K. C. of this city, was called to her bedside this morning.

Mr. and Mrs. John N. McLean, (nee Miss Florence Smith) left yesterday morning for Sydney. Mr. McLean who has been Assistant Manager of the Harris Abbot Co., for the past few months, has been transferred to his home town.

Receiver Appointed

(Canadian Press) LONDON, May 5.—A Receiver was appointed today for the Gould Steamships and Industrials Limited ship builders, ship owners and iron workers with a capital of 3,000,000 sterling.

Alleged Bootlegger Allowed Appeal

(Canadian Press) OTTAWA, May 5.—The Supreme Court of Canada today gave unanimous judgment allowing the appeal of Cecil Smith of Windsor, Ont., against the judgment of the Exchequer Court which ruled that his profits from bootlegging were subject to income tax.

Many New Yachts Will be Launched

Interest in yachting is on the increase and owners of yachts are now busily engaged getting their boats in readiness for the season's activities. Sunday afternoon two new yachts, built by Mr. Malcolm Irwin with the assistance of their owners, were on the river for their initial spins. Mr. Malcolm Irwin had his new boat 'Zenith' out and she made a great showing. Messrs. Jack King and Arthur Campbell, joint owners of the 'Pinaud' had their boat out also. The 'Pinaud' is called after her designer Mr. John Pinaud who is an Islander but is now residing in the United States.

Keep Your Baby Happy And Smiling

Don't let baby's tender skin become chafed or chapped. Be sure that it is always kept clean and dry and that plenty of good talcum powder is used.

ARRIVES SAFELY.—Miss Veronica Rosella MacMillan has arrived safe in South Portland on the twelfth of May, she leaves there for South Carolina.

MANY THANKS.—At the Annual meeting of the Anti-Tuberculosis Association the following resolution was unanimously adopted: That the thanks of the Anti-Tuberculosis Association be tendered the Guardian Publishing Co. for many favours received during the year. M. I. Dewar, Secretary.

HORSE RUNS AWAY.—Just before five o'clock yesterday, a farmer's horse standing outside N. Rattenbury's on Water Street, suddenly became frightened and dashed down towards the station. Some plucky attempt was made to stop the run-away which endangered the lives of some youngsters playing at the road side. Attempting to turn Hillsboro Street corner the horse fell and slid into the curb, where it was recaptured. The animal was apparently uninjured, but the shafts of the heavy cart to which it was harnessed were badly smashed and splintered.

BUSY MARKET.—Although the inside market attendance was not much greater than usual yesterday, the produce side of the market square presented a busy appearance all morning and much of the afternoon. Much of this was due to the presence in this port of the Canadian Sapper, for which Mr. Teed, the city weigher was kept busy weighing cattle. Hay sold at 67c-70c; straw 40c; oats 60c-65c; red potatoes 22c; blue potatoes 25c; turnips 20c-22c; young pigs \$8.00-\$10.00. Butter 35c-40c; eggs 30c; fowl \$1.00-\$1.50; turkeys 5c-6c each; beets 20c; carrots 20c.

POTATO EXPORTS.—A total of 150,632 tons of potatoes was shipped from New Brunswick between April 1, 1924, and March 31, 1925, according to the official records of G. H. Vroom of Middleton N. S., district fruit and vegetable inspector for the Maritime Provinces under the Dominion Department of Agriculture. Prince Edward Island shipped 36,277 tons during the same time and Nova Scotia sent out 6,187 tons. Thus New Brunswick is shown to be far in the lead of the Maritime Provinces in potato shipments. The list of places taking part of the crop and the number of barrels follow: Lunenburg, 889,672; Liverpool, 290,676; Manchester, 180,929; Glasgow, 94,749; Cardiff, 46,954; Hull, 33,080; Newcastle, 12,625; Southampton, 29,277 and Hamburg 18,657. Total overseas, 1,103,980. Newfoundland, 16,710; West Indies, 3,372; Boston, 650; Ontario 7,416; Quebec, 66,332; St. John, local, 20,076; other New Brunswick points, 9,270; P. E. Island, 422; Halifax, local, 20,754; other Nova Scotia points, 25,345.

IN MEMORIAM

MISS BESSIE KEEPING

The sad news was received by Dr. Benjamin Keeping, of Vernon River Bridge, Monday evening of the death of his sister, Miss Bessie Keeping in Worcester, Mass., where she has been training as a nurse in the City Hospital. Miss Keeping, who was only twenty-two years of age, was a young lady of most charming personality and a great favourite with all who knew her. Her passing away on the very threshold of womanhood comes as a great blow to the other members of her family and will be greatly deplored by a wide circle of friends. She is a daughter of Mr and Mrs William Keeping of Murray Harbour. Before taking up training for a nurse she graduated from Prince of Wales College, after a successful career as a student; and subsequently taught school at Melville.

NATURE'S REMEDY

We all need a tonic in the Spring of the year. Our systems want building up. DR. WILSON'S

Herbine Bitters

has been the standard blood purifier for generations. It is the great spring tonic.

Crop Report

Below will be found a brief synopsis of telegraphic reports received at the Head Office of the Bank of Montreal from its Branches. The Branch Managers have complete and up-to-date knowledge of each local situation and in close touch with Crop conditions in all sections of the districts mentioned.

The presentation of 'Whoa Bill' at the Prince Edward last evening drew another crowded house, despite the inclemency of the weather. As in the previous night's performance the players were all in excellent form so that the performance last evening was also a great success. The musical numbers by the Casino Orchestra and the kiddies and ladies and gentlemen proved great hits and received great applause. It is learned that the company has been engaged to produce 'Whoa Bill' in Summerside. If this is decided on undoubtedly they will meet with a wonderful reception there.

Supreme Court Opens

The Easter Term of the Supreme Court opened this morning at eleven o'clock, Chief Justice Matheson, Justice Hazard and Justice Arsenault on the Bench. The first case was an appeal from a judgment by a Magistrate, Alex. J. McDonald, appellant, Leo Praught respondent. The action arose over the cutting down of a fence which the respondent put on his land to stop traffic. A number of witnesses were examined and at 5 o'clock adjournment was taken until 10.30 this morning when the hearing will be resumed.

The Teachers And The Vote

Reports coming in from various sections of the Province, indicate that the teachers are giving splendid assistance in the taking of the vote on the Restricted Area Plan. It has been suggested that the time of attending to the taking of the vote be during the present week from May 4th to May 9th. In many sections the cattle owners of the district will attend to this work in co-operation with the teacher. In many other districts, the whole responsibility will be left with the teacher. In any case the latter is asked to exercise his or her full influence and power in order that a full vote may be recorded on this question. A great deal of time may be saved by asking the rate payers to hold a meeting at which the petition forms in the hands of the teacher should be presented for signatures. If there are any cattle owners, who are not in attendance at such a meeting they should be called on later by the teacher and their signatures solicited. It is to be earnestly hoped that all our teachers and breeders are fully alive to the great importance and value of this question, and will give it their full support.

C. N. R. PROGRAM

WEDNESDAY, MAY 6, 1925

CNRO (435 Metres, OTTAWA, ONT 7 p. m. (E. S. T.)

Chateau Laurier Dance Orchestra direct from Grill Room, Chateau Laurier Hotel. 864

GENERAL

EDMONTON DISTRICT—Seeding somewhat delayed owing to recent heavy rains but seed bed in excellent condition. CALGARY DISTRICT—From 10 to 50% seeding has been done. Moisture ample. LETHBRIDGE DISTRICT—Recent heavy rains delayed operations but seeding is now progressing under favourable conditions, moisture ample. In irrigated districts in the south six thousand acres are ready for sugar beets. REGINA DISTRICT—Cold showery weather retarded initial seeding operations in the south, but seeding is now well under way under excellent conditions. Spring ploughing is well advanced. There is no material change in wheat acreage although indications point to slight increase. SASKATOON DISTRICT—Seeding has been considerably delayed by rains and is not likely to be general for another week. There may be a slight decrease in acreage. WINNIPEG DISTRICT—Weeding seeding is well under way varying from 5 to 90% in different localities. Moisture ample. The early spring froil and seeding has not yet started. This year's potato acreage will probably be 25% less than last year. Apple trees have wintered well.

PRAIRIE PROVINCES

EDMONTON DISTRICT—Seeding somewhat delayed owing to recent heavy rains but seed bed in excellent condition. CALGARY DISTRICT—From 10 to 50% seeding has been done. Moisture ample. LETHBRIDGE DISTRICT—Recent heavy rains delayed operations but seeding is now progressing under favourable conditions, moisture ample. In irrigated districts in the south six thousand acres are ready for sugar beets. REGINA DISTRICT—Cold showery weather retarded initial seeding operations in the south, but seeding is now well under way under excellent conditions. Spring ploughing is well advanced. There is no material change in wheat acreage although indications point to slight increase. SASKATOON DISTRICT—Seeding has been considerably delayed by rains and is not likely to be general for another week. There may be a slight decrease in acreage. WINNIPEG DISTRICT—Weeding seeding is well under way varying from 5 to 90% in different localities. Moisture ample. The early spring froil and seeding has not yet started. This year's potato acreage will probably be 25% less than last year. Apple trees have wintered well.

MARITIME PROVINCES.

Conditions in the Maritime Provinces generally are favourable, the season is about two weeks earlier than last year but the ground is still cold and seeding has not yet started. This year's potato acreage will probably be 25% less than last year. Apple trees have wintered well.

PROVINCE OF QUEBEC

In eastern and southern districts, owing to favourable weather, farmers have been able to commence their work on the land earlier than last year and the work in many parts is well advanced. Seeding should soon be general. Fruit trees, meadows and pastures wintered well. Maple syrup and sugar production were below average owing to mild weather. In lower St. Lawrence and northern districts the season is generally two to three weeks later than in other districts and the weather and ground is yet too cold to permit the farmers getting on the land.

PROVINCE OF ONTARIO

Farmers are well advanced with their work. The soil is in excellent working condition. Seeding operations are progressing favourably and will be finished shortly. Fall wheat has wintered well and is larger acreage than usual. Pasture and hay meadows need rain and warmer weather.
