### MISSION IN CANADA.

LONDON, August 22.—A deputation from the Congregational Union of England and Wales left Liverpool yesterday for Canada, where they promise conducting an important mission work. The delegation consists of Revs. Alfred Rowland, London; G. D. Jones, Bournemouth; Dr. Lambert, Lincoln, and Edward Smith, Beadly. The object of the visit is to consult with the home mission society in regard to more aggressive work in Canada.

### The Torture of Itching Piles

Mr. John Harvey, Mayor of Arnprior, Ont., states:—"Only persons who have experienced the torture of itching piles can form any idea of what I suffered from this horrible disease. I was advised to try Dr. Chase's Ointment, and can positively say that it has completely cured me. I tried very many so-called cures for piles, and can truthfully say that there is no remedy on the face of the earth like Dr. Chase's Ointment for this purpose. I would not be without it for any amount of money, and can heartily recommend it to all sufferers, as it is the best thing I ever used."

There are several imitations of Dr. Chase's Ointment, but so far it is the only preparation extant which is a positive and certain cure for piles of every form. You can rely on it absolutely, and it is only a waste of time and money to try substitutes. 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

### WHEN LIFE IS NOT LIFE

"Without health life is not life: it is only a state of languor and suffering—an image of death." The use of Dr. Chase's Nerve Food gives the weak, languid and discouraged a new hold on life. It makes the blood pure and rich, creates new nerve force and instills new energy and vitality into the whole being. It makes weak and sickly people strong and well by building up the system.

### FIVE WATERSPOUTS OFF CAPE MAY.

CAPE MAY, N. J., Aug. 24.—Between 11 and 12 o'clock today five waterspouts were seen about five miles off shore. These were single shafts of water, formed during the confluence of two electrical storms and a small sized hurricane almost in the nature of a cyclone.
