ANGLO-ITALIAN AGREEMENT PREDICTED

BRITISH CABINET TO DRAFT POLICY TODAY

Accord Likely To Be Concluded By Saturday Is View

Italian Troops Withdrawn From Libya As Negotiations Near Vital Stage.

ROME, March 21—(AP)—British Embassy officials tonight asserted drafting of an Anglo-Italian friendship accord was under way as negotiations virtually were completed. Informed sources predicted the pact, which would ease tension between the two countries, would be concluded by Saturday. Britons said main points had been agreed upon in principle and confirmed the accord would embody: 1. An agreement on Mediterranean issues. 2. A British agreement to support recognition of Italy's conquest of Ethiopia through the League of Nations. 3. An Italian agreement to withdraw Italian fighters in Spain through the international "hands-off Spain" committee.

WITDRAWN FROM LIBYA. Meanwhile there arrived in Naples the first detachment of soldiers being withdrawn from Libya, Italian colony in North Africa, as a concession to Britain. It included almost 4,000 officers and men. Anglo-Italian negotiations to settle differences were launched after Prime Minister Chamberlain adopted a "realistic" foreign policy which on Feb. 20 caused the resignation of his Foreign Secretary, Anthony Eden.

ETHIOPIAN PROBLEM. It was expected here that Britain's weight would be sufficient to lead to final solution of the issue of Italian sovereignty over Ethiopia since a number of Europe's smaller nations already have indicated they were favorable to recognition. Complete withdrawal of Italian forces from Spain under the aegis of the Non-Intervention Committee would be accompanied by Germany's withdrawal of her nationalistic fighting there, official circles believe. No financial provisions will be embodied in the accord, it was stated, but Italy expects that the way will be opened for long-term loans from British capital for development of her Empire.

President Rejects Resignation Of Lithuanian Cabinet. (C. P. by Guardian's Special Wire) KAUNAS, Lithuania, March 21.—Lithuania, just recovering from the shock of a possible Polish invasion, learned tonight that its cabinet had submitted its resignation rather than negotiate details of resumption of normal Polish-Lithuanian relations. Developments marked time until the return to Kaunas of Premier Jonas Tubelis, who was undergoing treatment for a severe illness in Switzerland and last week when Warsaw's 48-hour ultimatum was served on his government. The Commerce and Communications Minister, Jukobas Staniskis, acting Premier, gave the resignation to President Antanas Smetona, who was expected to accept it until Premier Tubelis returned. The resignation had been predicted as a possible result of Lithuania's acceptance of Warsaw's ultimatum demanding establishment of regular diplomatic and consular relations between the two countries.

World Naval Experts Confer In London. (A.P. by Guardian's Special Wire) LONDON, March 21.—Naval experts from the United States and France conferred today concerning construction plans in view of Japan's refusal to disclose whether she is building battleships larger than the 35,000 ton limit set by the London Naval Treaty of 1936. No decision was announced.

DIES IN MONTREAL. (C. P. by Guardian's Special Wire) MONTREAL, March 21.—Lieut.-Col. Herbert Molson, C. M. G., M. C., prominent Canadian business executive and president of the brewery company bearing his name, died here tonight.

Social Crediter Wins By-election

Orvis A. Kennedy Retains Federal Seat For Party In Alberta Contest.

(By The Canadian Press) EDMONTON, March 21—Orvis A. Kennedy, 30-year-old hardware store clerk, was elected to the House of Commons in the Edmonton East by-election today, retaining the riding for the Social Credit Party by a plurality of 1,985 votes over his nearest opponent. Complete, unofficial returns from 142 polls gave Kennedy, Social Credit, 9,895 votes; Robert C. Marshall, Liberal, 7,934; and Walter Cleveley, Conservative, 2,468. The plurality compared to the 832-vote lead the late Dr. W. S. Hall had in the 1935 general election when six candidates were in the field. The total vote of 20,301 was about 71 per cent of the possible vote, 28,600 in the constituency. In 1935, a total vote of 18,112 was polled. The by-election was necessitated by the death of Dr. Hall last January. Mr. Kennedy, a follower of Social Credit since Premier Albert Hart began to organize Alberta early in 1935, contested the six-seat Edmonton riding in the 1935 provincial elections but was defeated.

Waterways Project Rejected By U. S.

OTTAWA, March 21—(CP)—The United States has rejected the dual project of Premier Hepburn of Ontario of diverting water from Long Lake to Lake Superior and connecting the two lakes by an electrical energy to New York consumers, unless such projects form part of an international agreement on the whole Great Lakes-St. Lawrence waterways scheme. Providing a sensational development in the power export debate now in progress in the House of Commons here and in the recent controversy between the Ontario and Dominion governments over water division, Prime Minister MacKenzie King, just before adjournment tonight, tabled the United States pronouncement on these two questions.

JAPANESE MASS HEAVY GUNS

Plan To Blast Way Across Grand Canal. (By The Associated Press) SHANGHAI, March 22—(Tuesday)—Japanese heavy artillery was massed today in two sectors close to the north bank of the Grand Canal to blast paths across the ancient waterway where hand-to-hand assaults and light artillery failed to achieve gains. Big guns were placed near the intersection of the canal and the Tientsin-Pukow Railway, a twin-track road which runs from the east end of the canal to Su-chow, and at Tientsin, to the east, from which another column hoped to cut the Langhai railway east of Su-chow. Capture of Su-chow, junction of the Tientsin-Pukow and Lunghai railways, would turn the Chinese eastern flank. The Chinese reported that Zank

Whirlwind Campaign Mapped For Austro-German Plebiscite

Berlin, March 21—(AP)—The propaganda machine of the Nazi Party was mobilized today for a whirlwind campaign for the April 10 plebiscite on Austrian-German union. The goal is to achieve for Reich Chancellor Hitler an endorsement in both Germany and her new province that will be as close to 100 per cent as possible. Separate appeals by leaders of various Nazi formations were featured in the press. Each formation was commanded to do its utmost during the campaign and ordered to report for propaganda purposes Wednesday when the opening oratorical gun in Deutschland Hall. Throughout Greater Germany, formations will issue a Goebbels' speech is broadcast. During enbu-

Succumbs To Injuries In Collision

SYDNEY, N. S., March 21—(CP)—James Forrester, one of three men injured when an automobile crashed into a Canadian National Railway freight train at a level crossing just inside the Sydney city limits, died last night, a few hours after the crash. Philip Payne, one of Forrester's companions, was in a critical condition in hospital. Both had suffered fractured skulls in addition to multiple cuts and bruises and possible internal injuries. George Pearce, third man in the auto, was treated at a hospital for minor injuries and shock and then went home.

Is Appointed To Federal Position

REGINA, March 21—George Spence, Minister of Public Works, will resign from the Saskatchewan Cabinet Tuesday to accept a post with the Federal Government to direct Prairie Farm Rehabilitation Act work in the three Prairie Provinces. His appointment was announced today by Hon. J. G. Gardiner, Federal Minister of Agriculture.

It's Spring KING WINTER BOWS OUT

(C. P. by Guardian's Special Wire) Name nature, ushering in spring year, served varied weather diet for Canadians across the Dominion. Snow and sleet chilled Vancouver residents. Victoria's day was bright and warm. On the mainland snow remained in the back country. Alberta saw light falls of snow, but not enough to delay farmers planning to get on the land shortly. Bright token of hope for agricultural Saskatchewan, rains marked the first day of spring. Rain came at Winnipeg from low-lying clouds but mild weather continued. Rapidly rising flood waters sent three families from their Sudbury district homes. Flood threats were seen also in western Ontario. Thousands of tons of ice jammed for a mile above Fergus, north of Guelph. Huge blocks of ice washed over the banks on the Grand River, blocking the Fergus-Orangeville road. Toronto basked in bright sunshine and winter coats began disappearing. Quebec residents enjoyed bright sunshine, mild weather, and higher temperatures. Overcast skies and comparatively warm temperatures were reported from the Maritimes. Temperatures rose to 48 at Saint John, the highest so far this year. Fifty-degree-weather prevailed at Halifax.

NO IMMEDIATE WAR PREDICTS BEAVERBROOK

SAINT JOHN, N. B., March 21—(C. P.)—The Telegraph-Journal will publish in its news columns tomorrow the following cable from Lord Beaverbrook, New Brunswick-born owner of the London Daily Express, explaining his recent prediction there would be no war in Europe for at least two years. "There will be no war in Europe this year, or next year for that matter. And if we keep the peace for two years we probably can escape war for a long time. For national animosities are reconciled quickly. History proves it. Only a few years ago we looked on Russia as an enemy who menaced our Empire. We feared Russian attack on the frontiers of India. And when the Russians came near to Afghanistan there was a crisis in Britain. "Now we do not look on the Russians with any fear. We do not think that Stalin holds a threat over India. And tomorrow we may have forgotten the alarm which has been felt lately about other countries in Europe. "Conditions for war do not exist among European nations. The French will not fight. They are a nation of pacifists. The Germans cannot fight. Their army would in present conditions be crushed by the French alone. "Italy is a second rate power. She must play a subordinate part either to Germany or Britain. Russia has an air force bigger than Germany's and manned by better pilots. But the Russians did not war on Germany. If they did so in the future, the country would break out in an immediate struggle for power in Moscow. "As for Britain, we have no intention of fighting at all and besides we give a hostage to our enemies in London which can be bombed at the will of foreign powers. But of course the destruction of London from the air would not cripple Britain's offensive power by sea. That power is strong enough to strangle any European nation that might challenge our empire. Our strength in the sea is possible enemies in Europe far outstrips what we possessed in 1914. "So I look with confidence to a long era of peace with growing employment on account of preparations for war. Chamberlain's enemies here of course wish to live always in crisis. They spread these evil rumors about our helpless condition and hopes prosper. But I am confident that British in Barcelona were advised by their consul-general to evacuate the city Wednesday. The capital was heavily last week by insurgent planes.

TRIO COMMITTED TO STAND TRIAL

PLASTER ROCK, N. B., March 21—Plus Boucher, 24, Stephen Vasseur, 24, and Vincent Long, 25, all of Grand Falls, were committed for trial by Magistrate G. B. Fugie here today on charges of having been armed with an offensive weapon, and conspiring to murder. The trio were committed to the custody of the N. B. station agent here, on a night of March 21. They were ordered held without bail in the county jail at St. John's to await trial. J. M. Keefe, St. John's, was prosecuting attorney today, and C. J. Mesereau, Perth, appeared for the accused. Mr. Keefe requested that a joint charge be laid by the informant in order to avoid three separate hearings. This was done.

Japanese Naval Officers Detained

BOSTON, March 21—Two Japanese naval officers were detained for several hours today for questioning by police after they were making photographs in the vicinity of a bridge over the Charles River. The men, who identified themselves as Lieut.-Comm. Yuyi Mishimura and engineering officer S. Ito, explained that they were photographic enthusiasts and that the pictures they made were without military significance. Police accepted the explanation.

Imprisoned Social Credit Member Ordered Released

OTTAWA, March 21—The Government announced tonight it had telegraphed instructions to the warden of the provincial jail at Fort Saskatchewan, Alta., that the Governor-General had authorized immediate release of Joseph Unwin, Social Credit member of the Alberta legislature for Edmonton, serving a three-months sentence for defamatory libel. The 42-year-old Government communications made no mention of G.F. Powell, British adviser to Premier William Aberhart's Social Credit Administration, who is serving a six-months sentence on a similar charge. The announcement was at 9 p.m. AST to synchronize with the opening of polls in the Edmonton East by-election today. It was understood the Government did not wish to make the announcement in advance of the election as it might
