"I AM CLOSING my present hair dressing shop on Sept. 1 and will re-open in my new premises in adjoining building on Sept. 15. Mrs. J. P. Beer, Montague.

**Bristol  
And Vicinity**

Mr. James Arnold suffered a bad loss last week when he lost a valuable milk cow.

Mr. Charles Mosher, who is starting to build a new home here had his cellar dug with a bulldozer the other evening.

The schools here and Morell will open next Thursday after a two months vacation.

Miss Lottie Hughes, has arrived from Boston on her annual vacation to her old home here she loves so well.

Mrs. M. Eldershaw, left last week for Halifax, N. S., to visit her daughter Mary for some time.

Cucumbers grown here for the plant in the city seem to grow faster than they can be picked and taken away. Hundreds of bags are piled along the road.

Mr. and Mrs. Louis Kelly will leave this week for Montreal to attend a ceremony where their daughter will take her vows in the sisterhood.

Some changes are expected in Bristol school district this fall when it is expected some families who are sending children to this district will be accepted into the Bristol school.

Mr. and Mrs. Pius Duffy have left on return to their home in Boston after a month visiting old friends here after an absence of fifty years. Mr. Duffy is a retired railway man.

Miss Eunice MacDonald who has been home from Montreal for a month visiting her parents received a telegram from her employer this week asking her to return as soon as possible.

A car owned by a man from the city went over the bank at the old starch factory bridge Wednesday night and landed in the deep ditch many feet below.

Stores here are buying blueberries at present for five cents per pound trade and about four cents cash. Quite a difference from twenty cents in the city markets.

Mr. Teddy MacEwen, left last week for Toronto, to visit his mother who has been employed in that city for a number of years. His sister Marjorie, who was returning to her duties in Ottawa made the trip with him.

Mr. Valentine MacDonald, who was employed at Kitchener, Ont., for a few months, has decided to remain on the Island and has returned to his former job with one of the large building firms in the city.

Miss Mabel O'Brien, and her sister, Mrs. F. R. Sinnott, have returned home from Halifax, after spending three weeks with their sister and other friends there.

Frost for the first time was reported in this vicinity last Thursday morning when railway section men reported the ties along the track as covered with frost. One man reports ice in his horse tub but that seems doubtful as potatoes and gardens are still green.

Welcome visitors here at present are Mr. and Mrs. Walter Munroe, from Medford, Mass. They are visiting Mrs. Munroe's sisters, Mrs. James F. MacDonald and Margaret Findlay. Mr. Munroe, a stranger in those parts, is a very fine man and has made many good friends during their stay. They will leave late this week on return.

Another in a series of dances was held in the old Morell hall on Friday night and was well attended. This old hall dating back before our memory started will soon close its doors to sport and dances along with memories of fights, hair pulling, etc. The hall was sold by auction last week to Mr. Leo Rossiter, Morell business man, who it is understood will turn the building into a show room for farm machinery, the first of its kind around here.—B.
