RECORD BREAKING

(Continued from page 1.)

onto nearby areas saw the best vaudeville performance that has ever displayed its talents here. Hank Snow with his inimitable cowboy songs drew much applause. There were feats of daring and of consummate skill which could only be rivalled in the larger American centres. The fireworks display was particularly fine, and the youngsters went wild over the antics of the funny Scotchman as he maintained his equilibrium on the top of a fast rolling rubber ball. Never did the management more richly deserve the highest praise for the trouble they have undergone in bringing to Charlottetown such a varied assortment of high class vaudeville.

Highlight of the vaudeville was Lou Skuce, cartoonist extraordinary, who kept the crowd guessing as to what he was drawing. The concluding act of the night's entertainment was that of the American Eagles a troupe composed of two men and a girl who did spectacular feats of balancing on a tight rope high in the air.

Live Stock

The live stock display is another big attraction.

The following is but a partial list of the different classes of animals which will be judged today with a few of the larger exhibitors:

Percherons will be shown by Chester Hayes, Alberton; D. A. McFayden, C. M. Rear and Stephen Gillis of Miscouche.

Drafts will be shown by John Gillespie, Milton; Herbert Tremere, Kensington; and S. C. Stewart and Son, City.

New Record In Divorces For Que., P.E.I.

By JACK WILLIAMS

OTTAWA, Aug. 15—(CP)—The senate divorce committee has this year established a new record in the number of divorces handled, but with parliament adjourned there is no indication of action on repeated suggestions that steps be taken to relieve the senate of this work.

The suggestions have cropped up periodically over a long period of years and received attention on two or three occasions last year, but were not mentioned during the session just completed.

The senate divorce committee—a nine man group with three as a quorum—functions on almost identical lines to a court in handling divorce applications from Quebec and Prince Edward Island. All other provinces have empowered their own courts to handle divorce actions.

There have been two proposals for a change—that Quebec courts establish their own machinery for handling divorces or that the exchequer court take over the job. Prince Edward Island has had authority for divorce courts since 1873, but has never exercised it. Last session only three of the divorce actions which came before the senate were from that province.

The advocates of a change argue that it is unfair to require people seeking a divorce to journey to Ottawa. On the other hand, Que. senators particularly have argued that the great majority of people of Quebec, as Roman Catholics, are opposed to divorce and so would object to divorce duties being thrust on their courts.

This year's new high of 110 divorces dealt with by the committee compares with 92 the previous session and 73 in 1942. While divorces granted by the senate have been increasing the same condition is true of the general divorce situation in Canada.

Latest available figures are for 1942 and show a total of 3,069 divorces. With a few minor exceptions the trend has been steadily upward since 1918. In that year divorces totalled 114 for all Canada, by 1928 they had climbed to 790 and in 1936 to 2,226.

Reds Close In On East Prussia

LONDON, Aug. 15 — (AP) — Red Army troops have crossed the Biebrza river in Northern Poland on the last 15-mile route to German East Prussia, covered by swarms of Russian armored fighter-bombers which sprayed German positions at Grajewo, only two miles from the frontier, Moscow dispatches said tonight.

The Soviet High Command bulletin remained silent on this sector, where Associated Press Moscow correspondent Daniel De Luce said an invasion of Germany was likely in the next 72 hours.

One hundred miles to the southwest another Red Army, the 1st White Russian under Marshal Konstantin K. Rokossovsky, beat down German counter-attacks east of Praga, industrial suburb of Warsaw. The Russians last were reported within 11 miles of the Polish capital.

In Memoriam

In loving memoriam of our dear Mother,

MRS. MICHAEL McCAUGHEY

who died August 16, 1941.

This day brings back to memory
A dear one laid to rest,
And those who think of her today
Are the ones that loved her best.
The flowers we place upon your grave
May wither and decay
But the love for you who sleeps beneath
Will never fade away.

Canadian Druggists In Session

TORONTO, Aug. 15 — (CP) — Dispensing standards in the Canadian army now have been raised to meet civilian requirements, with registered pharmacists replacing unqualified personnel in army dispensaries, Capt. Noel A. Farrow of Calgary said today at the annual meeting of the council of the Canadian pharmaceutical association.

The new status of the 1,150 pharmacists in the Canadian army stems from representations made to Defence Minister Ralston, Capt. Farrow said. However, the pharmaceutical association is still pressing for the establishment of a Canadian pharmaceutical corps embracing pharmacists now serving with the three armed forces.

Other members of the council's committee on pharmacists in the services, under chairmanship of Capt. Farrow, include Lt. Col. D. A. MacKinnon of Charlottetown and Capt. R.D. Russell, Oxford, N.S.

The council endorsed a Canadian-wide drug store war saving stamp drive next month and laid plans for a three-day convention of Canadian druggists next year in Vancouver.

The council elected Foster S. Chittick of Halifax as president and G.A. Lapointe of Montreal as vice-president. Executive members include: R. Dagenais, Montreal; J. E. Dalton, Summerside, P.E.I.

Among Old Home Week visitors are Messrs. G. A. Rhuland, Richard W. Smith, Capt. Joseph Smith and Albert W. Himmelman, of Lunenburg, N.S. Messrs. Rhuland and Richard Smith are founders of the well known shipbuilding firm which built the famous fishing schooner "Bluenose". Two years ago, on the retirement of these master builders, the two sons of Mr. Rhuland, John and Fred, entered into partnership and took over the yard.

Last week the firm celebrated the 44th anniversary of its founding and the launching of the 200th craft—a government tug — from the yard.

The "Bluenose", built in 1920, is now on the run between the West Indies and the United States, Mr. Rhuland informed a Guardian reporter yesterday. He fame as a racing schooner was known throughout the world. Capt. Walters its former master, has gone into the dairy business in Nova Scotia.

Capt. Joseph Smith is president of the well known fish processing and packing firm of W. C. Smith and Company, which has branches in several parts of the Maritimes with headquarters at Lunenburg. Capt. Smith anticipates active post war business in building, equipping and operating of trawlers for the Maritime fishery industry after the war. He referred to the present shortage of manpower and stated that a large number of fishermen now employed are Newfoundlanders.

Set in the picturesque landscape of woods, hills, lawns and lakes, Eaton Hall, home of Lady Eaton, has been loaned to the Royal Canadian Navy for use as a convalescent home for officers and ratings who are expected to return to active service. The location offers opportunities for swimming, boating, hiking, tennis and other outdoor recreations, with facilities for billiards, moving pictures and music for inclement weather and evenings. Eaton Hall is a stone, tiled-roofed mansion of 35 rooms, located 25 miles north of Toronto in King County, not far from the town of Aurora.
