SPEAKING OF THE TARIFF,

opinions vary as to the wisdom of high protective duties; one thing we know, applying tariff terms to prices on furniture, the people want good goods, but the price asked must be for revenue only, big profit prices are not wanted. We have revised the tariff, deal with us, we will tax you lightly.

Local and Other Notes

Gleaned by the Morning Guardian Reporters.

FUR GOODS, best value.—BEER BROS The Ladies Hockey Club are preparing for play. I O O F.—Regular meeting of St. Lawrence Lodge to night.

The Rose Publishing Company of Toronto is in financial difficulties. EVANGELIST Meikle began a series of meetings in St. Lawrence last Friday.

It is understood the Local Govt and their supporters will have a meeting here about the middle of the month. REMEMBER the meeting of the Charlotte Sanitary Association at Mr Chas E Robertson's old stand lower Queen street, this evening at 8 o'clock.

The session of the Mock Parliament tomorrow night promises to be one of special interest. Hon. D. Laird gives an address on Confederation. MESSRS. G. J. Hamilton & Sons, of Picton, Canada's best known biscuit and confectionery manufacturers, have favored us with a serviceable calendar.

It is said there are about thirty applications for the position of Keeper of the Dominion Post Office Building. It is worth about \$450 a year with free rent, fuel, etc.

The receipts at the city courts for the year were, for fines, \$1032 42; police court \$953 96; city court \$189 70; dog tax \$335; total \$1918 54. Defaulted witness fees \$308 22. Deposited in Bank \$1809 96.

The Teachers' Institute did not meet on Saturday night as intended owing to the necessary absence of some of the members. It stands adjourned until next Saturday night when Mr. Theophilus MacLeod will give an interesting address.

MESSRS. Wesley Myers CR and Theo McKinnon RS on behalf of Court Westmorland No 1105 I O. F. have presented Mr Jabez Lea of Victoria with the copy of a sympathetic resolution of condolence passed by the Court on the 2nd inst. respecting the lamented decease of his wife.

In our notice of the Dedication of Orient Division's new school our reporter omitted the fact that the ceremony was performed by the G W P Rev Mr Kirby, assisted by P G W P Rev Mr Fisher. The ceremony of dedicating the splendid new room to Love, Purity and Fidelity was very impressive.

An electrical storm of startling suddenness and sharpness passed over this vicinity Thursday night. The lightning was the most vivid ever seen and the crashes of thunder were terrific. It was heaviest South of St. Lawrence. It only lasted a few minutes. Thos. Reid's house at St. Lawrence was struck and considerably injured.—New Glasgow, N S Enterprise.

The Concert in Eldon Hall on Friday the 5th inst. was quite a success. The programme was well rendered throughout. The same committee intend giving another entertainment.—A Scotch Concert on Friday the 12th inst.—a special feature of which will be the dancing of "Gillie Callum" by Dan McDonald Esq. in Highland costume. A full house is expected.

We are glad to notice that the Charlotte Sanitary Association have secured the spacious room on lower Queen Street, formerly occupied by Mr. Charles E Robertson as a store, whereto hold their meetings. The object of the Association is a good one and should receive the hearty co-operation of the citizens, generally. The meetings cannot fail, at least, to bring out much important information on the subject of Sewerage and kindred matters. It is hoped that a large attendance at their meeting this evening will encourage the praiseworthy efforts of the Association.

A VERY successful basket social and entertainment was held in the hall at Mowbray on New Year's night, under the auspices of the Young Men's Society of Christian Endeavor. The handsome sum of \$97 was realized. Several very nice recitations were delivered. A solo by Mr. Geo Hooper with organ accompaniment; also is worthy of honorable mention; also a solo by Mrs Howard deserve special praise. The most amusing part of the entertainment, was a dialogue (Pat and the M'gistrate) by Mr Aylmer McEwen and Mr Howard McEwen. These two gentlemen represented their several characters in a creditable manner, and received great applause. The committee beg to thank all those who attended the social and helped to make it such a success.

The long search for body of Mrs. Charles Brown was found unexpectedly on Saturday morning. Mr Joseph Cunniff, a customer dealer of this city, was the person who found it. It was lying on the ice near Massey's Point, and, as it happened, directly opposite Kensington Range where the unfortunate woman was declared to have been seen on the morning she was missed. When Mr McGregor learned of the fact he proceeded with the party procured a wood sleigh which they hauled themselves. The corpse was frozen quite stiff. There was nothing on it but a thin dress and a pair of shoes. A question was held as Dr McLeod who was consulted in the matter deemed it entirely needless. Mrs Brown's funeral took place yesterday afternoon at 2 o'clock from Mr McGregor's to the People's Cemetery.

TRAY WEEKS & Co, for black dress goods CUT out the coupon in Stanley Bros' ad. HOO'S SERRAPILLA has cured many afflicted with rheumatism, and we urge all who suffer from this disease to give this medicine a trial.

WE have but one set of Chamber's Encyclopedia left and it will be given with three months' subscription to the Morning Guardian for \$3.

MISS CARRIE HASLAM, who has been visiting friends in Boston and New York, returned on Friday evening. Her numerous friends will be pleased to see her looking so well.

MONEY will buy any of the good things we sell—suits, overcoats, ulsters, reefers, furnishings, and you can get that money back if what you buy turns out not to be the sort you like it for. J.S. PATON & Co.

THE GUARDIAN management is working hard to have all its accounts closed in readiness for its annual meeting. Those of our patrons indebted to us, will confer a great favor by settling accounts without waiting to be called on.

MAYOR OF MONTAGUE.—The Social at the re-opening of the fine new Hall at Montague on the 4th inst., was a grand affair. The election for the Mayorship between Mr. John J. McDonald and Mr. John D. Bell was quite exciting, resulting in 461 votes for the former and 319 for the latter. The proceeds came to the handsome sum of \$102.

POTATO SHIPMENTS.—Bangor Whig: A large quantity of potatoes is being shipped through this city at the present time from Anson County to Boston and other places, and the heavier cars are in demand. One train yesterday had 28 cars loaded with pommes de terre. As each car contained 800 bushels it can easily be seen that that train had a few potatoes aboard.

After the Drugist.

OTTAWA, JAN 4.—Twenty-seven chemists from all over the country have been challenged for selling adulterated pharmaceutical tinctures.

Sending Sheep to Winnipeg.

Winnipeg Free Press: There seems to be something of a fallacy in the 'how' made by some of the eastern farmers about ruinous competition in the North west. On the contrary the exportation of sheep from the maritime provinces to Manitoba seems to be on the increase. Even now at this season, after the Christmas rush, there are two carloads of dressed sheep on the road, one to Gallagher & Sons of this city, from St. John, N. B.

Cardinal Gibbons.

LETTER CONCERNING HIS VIEWS ON LABOR AND PUBLIC SCHOOLS IN A LONDON PAPER.

LONDON, Jan. 2.—Raymond Blathwayt, who has passed two years in the United States studying the condition of the Catholic church there, has written a letter to the Chronicle on Cardinal Gibbons' attitude toward the labor question. The letter is intended to refute a recent article in the Chronicle which reflected upon the cardinal's sympathy with the efforts of the working people to better themselves. Mr Blathwayt says: "During my recent study of American Catholicism I came into personal communication with Cardinal Gibbons, Archbishop Corrigan, Archbishop Ireland and Bishop Keane. With the exception of Archbishop Corrigan, who is somewhat of a reactionist in his ideas, I found them men of singularly open minds.

Cardinal Gibbons said to me that, although he deplored strikes, he nevertheless believed that recourse to them might be justified by the exigencies in particular cases. The church recognized the fact, he said, that labor had sacred rights, and he believed that paramount among the natural franchises of the laborers was the right to organize societies for natural protection. Both Cardinal Gibbons and Archbishop Ireland desired any desire to interfere with the schools in the States at present constituted. On the contrary, they gloried in them. "Withered be the hand raised to destroy them," said Archbishop Ireland to me.

Important Appointment Contemplated.

The Manitoba Guaranty and Accident Insurance Company of Canada propose establishing a Provincial Agency here. Its desire is to give the appointment to a citizen of this Province. This company is now doing the Accident business of this country. Its Premium income last year was the largest reported to the Dominion Government by any Canadian Company. It now has the lead and is determined to maintain it. District agents also wanted. For further information, apply to J. B. PATON, Charlottetown, Office, McLeod, Morson & Co., 114, Queen St.—Jan 2, 1894.

Business Briefs.

Environment.

Yesterday afternoon in the Y.M.C.A. R. R. Fitzgerald, Esq. gave the initial one of the new series of talks to be tried in the Sunday meetings for a while. Mr. Fitzgerald remarked that the attendance lately at these meetings had not been such as is desired, and that he thought the cause to be that the churches supplied the very food the Y.M.C.A. meetings were always endeavoring to supply and thus there was no consideration to draw young men especially to listen to the Sunday afternoon addresses. The addresses would, therefore, take on a different character during the next month or two as an experiment.

The topic chosen by Mr. Fitzgerald was Environment. An excellent selection was read from Professor Henry Dunning's Essay on Environment which was listened to with great appreciation. It is in every man's power to control his environment and to make it that he will. Thus an unspendable responsibility and an unspendable privilege is given to every son of man.

Our Environment is in our hands—that means the power to mould our career for good or ill. Every day around us, friends, scenery, the accidents of pleasure or pain, and never cease to act, when at the same time the great ability with a man to take only what is best for him, rejecting the evil—even as we see plants doing. Then coming to the spiritual life, God himself is our environment in it. We just as often live, however, as if he were not, and we could substitute in an environment our own weak will, but it would suffice for our spiritual well-being.

At the close of the reading, Mr. Percy Pope and one or two others offered a few remarks on the topic. Mr. P. P. said it was an interesting consideration how we could make our everyday environment could make our life and be cheerful; world will laugh with us and be cheerful; but if we go forth scolding and grumblers, then we will surely find our reflection in the treatment we shall get from every one around us.
