SALEBRATUS IS THE BEST. E.W. GILLET COMPANY LIMITED TORONTO, ONT.

You know the action of fruit.

Apples, on the kidneys—oranges, for stomach and appetite—prunes and figs for the bowels. But—fresh fruit won't CURE these organs when diseased; they can only HELP to keep them well.

Fruit-a-tives

or Fruit Liver Tablets
can—and DO—cure. They are fruit juices—but changed chemically and medicinally, by our secret process. So remarkable is this conversion, that "Fruit-a-tives" cure all Stomach, Liver, Kidney and Skin Diseases, where the fresh fruit would have no effect on the trouble. See a box. At all druggists.

FRUITATIVES, Limited, OTTAWA.

THE GUARDIAN COVERS THE FIELD

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community.

Charlottetown has a population of 12,000 and Prince Edward Island has 103,000. The Guardian's daily circulation is therefore as 1 to 13 of population in the city in which it is published, or 1 to 13 of the population of the Province. This is, the management believes, unequalled by any daily newspaper published in Canada.

Take only two comparisons with other leading newspapers in other cities and provinces:

St. John has a population of 40,000 and the Province of New Brunswick 330,000. St. John has five newspapers and among these The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000, or say 1 to 5 of the population of that city and 1 to 40 of the population of the Province.

Or again: Toronto has a population of some 250,000 and the Province of Ontario about 2,225,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 50,000. That is as 1 to 5 of the population of Toronto and 1 to 44 of the population of Ontario.

The point is this, that The Guardian covers the field of its circulation three

and a half times as well, if compared with population of the city, and over three times as well, taking the population of its Province, as the best New Brunswick and Ontario newspapers, and these are admittedly among the best in Canada.

These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons alike. They have a right to know how completely their favorite journal is endorsed by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this City and Province.

HOW SHALL WE ESCAPE?

The Scriptures may be a dangerous weapon to put into the hands of those who pervert their meaning, either intentionally or through want of understanding. Every one has heard how Lorenzo Dow, having resolved to preach a sermon against women's tall bonnets, took for his text the words "Topknot, come down," which he had ingeniously perverted from the lines, "Let him which is on the housetop not come down."

Less artful than this, but quite as amusing, was the unconscious error made by a young student of theology at Wilbraham seminary, whose case was related by an old divine. The student went out one Saturday to preach his trial sermon. When he returned Monday the venerable Dr. X. said to him:

"Well, how did you get along?"
"Oh, very well, I thought."
"Glad to hear it. What was your text?"

"How shall we escape if we neglect so great salvation?"
"Very good text, very good text. How did you handle it?"

"Well, first I showed them how great this salvation was."
"That's right. And then?"
"And then I told them how they might escape if they neglected it."

Some Comical Bulls.

A very absentminded German professor named Johannes Amer once lived in Vienna, and the following are a few of his remarkable bulls:

"Julius Caesar, disguised as a slave, swam naked across the Tiber."
"Covered with innumerable wounds, Caesar fell dead near Pompey's statue. With one and he covered his face with his toga, with the other he called for help."
