HOWLETT - CAMPBELL WEDDING

A wedding of much interest took place on Tuesday morning, June 21 in St. Columbia Church when Mary Monica, youngest daughter of Mr. and Mrs. Howard Campbell, Campbells' Cove, because the bride of William (Billie) Howlett, son of Fabian Howlett and the late Mrs. Howlett, Gowan Brae.

Rev. Finley Mullally, Sturgeon, uncle of the groom performed the nuptial Mass assisted by the pastor, Rev. R. J. MacDonald. During the Mass appropriate music was rendered by Mrs. Alfred Rose.

Mrs. Lawrence MacPhee, sister of the bride, acted as bridesmaid and the groom was supported by his brother James.

The bride's gown of white slipper satin was fashioned in princess style with fingertip veil of tulle illusion hung from a halo of orange blossoms. She carried a white prayer book adorned in white streamers and roses. The bridesmaid was gowned in pink chiffon with sweetheart neckline fashioned on long flowing lines and carried and old fashioned bouquet of pink and white carnations.

Following the wedding ceremony a reception was held at the home of the bride's parents. The dining room was prettily decorated with spring flowers and the serving table was covered with a white linen cloth and centred with a wedding cake adorned with a miniature bride and groom. Music was furnished by the Chassian Orchestra, Bear River.

Later Mr. and Mrs. Howlett left on a short wedding trip. For travelling the bride chose a grey sharkskin suit with matching accessories and wore a corsage of American Beauty roses.

On their return a reception was held at the home of the groom. Supper was served to friends and dancing was enjoyed.

Mr. and Mrs. Howlett will reside in Gowan Brae where the groom is a prosperous farmer.

Accident At Montague Dock

An unfortunate accident took place recently when the Ulna, transportation boat to Sydney, N. S., was leaving the dock at Montague, and refuse churned up from the river bottom fouled her propeller. Unable to move ahead or backwards under her own power, the boat was finally hauled to the wharf where work was begun on clearing the propeller, so that the boat might resume its schedule the next day. The accident occurred at low tide when the water level is quite low owing to the heavy silt fill-in which has taken place during the past number of years in which the river has not been dredged. This unfortunate circumstance has prevented many heavy draught ships from coming into the port, and has hindered trade to some degree. Now that commerce with Newfoundland is on the increase, it is expedient that the river be dredged soon, so that their vessels may be able to call at this port in large numbers as they have done in the past.

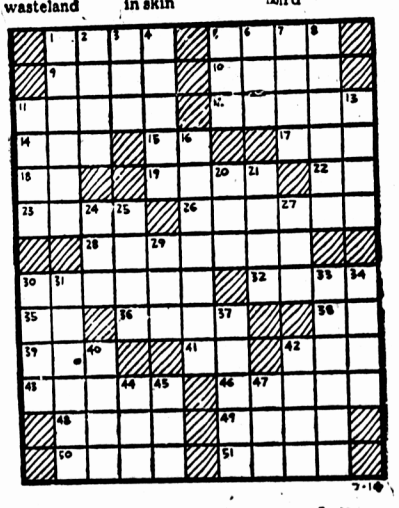
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

'BPXKVIXKP LS GUMB XK BLL TLLI SLA MRN QHB MRTWUAK, LA JUAN PLRUKBIGUR—EMWBLR.'

Yesterday's Cryptoquote: BUT BY REMEMBERING GOD, SAY SOME, WE KEEP OUR HIGH IMPERIAL LOT—WATSON.
