ALTHOUGH it was announced in an Ottawa paper a day ago that Miss Georgina Pope superintendent of the nurses in South Africa, was returning to Ottawa this week, that lady has been back in Ottawa and the guest of her brother Mr. Joseph Pope, for at least two weeks which shows that the young lady who so ably filled the important positions held with the Canadians at the war is like "Bobs" and "does not advertise" Miss Pope owing to National mourning and to private mourning for her sister, has been seldom seen in public since her return from South Africa, however, it is hoped that when she returns from Prince Edward Island in the Autumn, for she intends spending the summer in the Island, Ottawa society may have a chance of showing more attention to this distinguished Canadian "Florence Nightingale."—Ottawa Press.

Stomach Troubles.

Few People Ever Escape—Reason Why
Dodd's Dyspepsia Tablets are so Highly Spoken of—Mrs. Eliza Brown's Letter.

Mrs. Eliza Brown, Metcalf street, Trathroy, is one of the vast leg on who have found for themselves that Dyspepsia and Stomach troubles must not be trifled with.

The health of the stomach means in all ordinary cases the health of the whole body; the ill-health of that important organ means nothing short of Dyspepsia. Those who have suffered it do not need to be told what a blight on life Dyspepsia is, and it is to be hoped those who have not, never will.

Now Mrs. Eliza Brown, of Strathroy, who recommends Dodd's Dyspepsia Tablets so highly, for a long time didn't think heartburn after eating, and pain in the chest, anything more than a mere annoyance of no particular importance. She complained of unpleasantness and inconvenience, but the full meaning as to what these symptoms were was not borne upon her until she felt her general health beginning to suffer.

She began to lose spirits and energy; a feeling of heaviness grew upon her. Her tongue became coated, she grew pale, nervous and found her daily duties an almost insupportable burden. She had neglected the first warnings of Dyspepsia. Heartburn, Pain after Eating, sure signs that the stomach is failing and digestion is not going on perfectly.

"I could not get any relief," writes Mrs. Brown. "I don't know what to do. I was in misery. I heard of Dodd's Dyspepsia Tablets and got a box at Mr. Dyas drug store to try."

"How delighted I was when I found the very first Dodd's Dyspepsia Tablets I took stopped the heartburn and sour gas that had tormented me so long. I kept on using them regularly after every meal. The distress after eating immediately disappeared and gradually my general health improved."

"My digestion is now perfect, my rest sound, and I feel strong and bright. I am no longer taking the Tablets, for I no longer need them. But I will always own up to the fact that if it hadn't been for Dodd's Dyspepsia Tablets I would have been a sickly, sallow-faced woman the rest of my life."
