

Give Them VINOL

Good for the aging folks and the weak ones.

This palatable preparation benefits by building a resistance to the destructive disease forces which are most active on "Sun-Set" side of life—it keeps the well strong and strengthens the weak.

Good For The Children

When little bodies—weakened by study or some other cause—stand in the shadow of those contagious which can best be prevented by resisting power from within give Vinol. There's nothing so effective.

Do You Know

That we operate the only Lens Grinding Plant on P. E. Island?

That we employ a skilled Surface Grinder, and are daily grinding from the rough glass—the most complicated kinds of lenses?

Those are facts, which mean a good deal to the Glass wearing public, doing away with the annoying delays caused by sending away for special lenses.

Send your glasses in by mail, you'll get them back promptly and in perfect condition.

Call in and look over our plant.

THE ST. GEORGE'S SCHOOL FAIR

The climax, of the event which required much labor and enthusiasm both on the part of the teachers and the pupils was reached when the Saint George's School Fair committee held their first fair in the Saint George's school. The class room was artistically decorated for the occasion with maple leaves, flags, wreaths, etc. The display of exhibits were both in quality and quantity was good. Special mention should be made concerning the plain and fancy sewing, manual training, and also the tempting appearance of the cooking which occupied the centre table. The judging being completed, a dainty lunch was served by the ladies of the different districts. In spite of the disagreeable weather, the sports in the adjoining field were enjoyed by all present. The interesting affair was brought to a close by encouraging words from the ratepayers, followed by the National Anthem. The teachers take this opportunity to tender their hearty thanks to Mr. Cairns, the inspector, for his interesting efforts and also to the parents for their co-operation and presence at the fair.

SCHOOL EXAMINATION.

Semi-annual examination which took place in Cross River's on Dec 19th, was one of rare interest. The examination was held at night and there was a large crowd present. Despite the fact the children had to face such a number they answered their questions very promptly. They were examined in the different subjects by Rev. J.A. McDonald, John J. McIntyre, Mrs. Jos. McKinnon, Misses, H. H. Brown, and Margaret McDougall. There was a very pretty Xmas tree well loaded with presents for children and teachers, and Santa Claus entered at the close of examination and soon gave each his or her own. An address was then read to the teacher and they were each presented with useful gifts.

The following is the address:—
To Miss Lucille McNeill, Principal and Miss Bernetti Melvor, Asst. Dear Teachers:—We your pupils of Cross Rivers School take this opportunity of extending to you the greetings of the season and wish you both a Merry Xmas and a Happy and Prosperous New Year. We all rejoice with you this Xmas that peace has again spread her mantle over this war weary world and that our brothers and dear friends may again spend their Xmas and New Year at home with us to celebrate it as we did before the war.

Although you have been our teachers for only a few months we hope that the good will and friendship that have sprung up between us may be still further increased and strengthened by the New Year that is now dawning. We thank you for and ask you for a continuation of the same interest in our welfare for the year 1919. We feel that it was owing to your help and kind interest that our first school fair was such unqualified success. Kindly accept the accompanying gifts not for their intrinsic value but as a token of esteem and a small Xmas remembrance, from your pupils of Cross Rivers School.
