YESTERDAY'S STOCK AND BOND QUOTATIONS

MARKET GOSSIP

(By John L. Cooley, Associated Press Financial Writer)

NEW YORK, N. Y., Jan. 11—Financial markets picked up the thread of the advance again today, although only the railroad securities could follow it very far.

Rail stocks and bonds, obviously affected by the approaching conference in Chicago, quite outstripped other divisions which were subject to profit-taking and to speculate uncertainties as to earnings, past, present and future. Nevertheless, the share market exhibited a firm tone and final quotations on pivotal industrial and utilities generally closed with moderate gains. The turnover was 1,801,266 shares.

The United States Steel Corporation's unfilled tonnage statement was doubtless a market influence in the early dealings, which brought numerous declines of 1 to 2 points. The rails began their advance around the end of the first half hour and sellers elsewhere withheld their offerings, giving the entire list a lift. Extreme advances for the rails ranged from 1 to 7 points and for others about 1 to 2, although all were shaded by late realizing.

Union Pacific, after rising 7, reduced its gain to 3¾, which was also Santa Fe's net improvement. Atlantic Coast Line was up 5¼, Southern Pacific 2⅞, New York Central 1⅞ and a large number of others a point or more. U. S. Steel dropped 2⅜ in the initial selling, more than recovered and then closed ⅝ off. American Telephone's advance of 2⅝ was cut to ¾, although it had been 1¾ lower.

A sag in German marks was attributed to the imminence of midmonth payments on foreign bank deposits. Sterling and the Canadian dollar were fractionally off, but the French and Dutch exchanges firmed.

WHAT THE STOCK MARKET DID:

Produce Market

(Canadian Press)

MONTREAL, Que., Jan. 11—Butter and egg prices were lower on the produce and dairy market here today while cheese quotations advanced and potato prices held unchanged.

Regraded no. 1 pasteurized butter, in carlots, lost a quarter of a cent at 21 cents a pound. To retailers solids and prints were both down a cent at 23 cents and 24 cents a pound respectively. Receipts were 36 boxes.

On the egg market, British Columbia fresh extras, in carlots, declined two to three cents at 30 to 31 cents with firsts dropping the same amount at 25 to 26 cents and pullets being off a cent at 24 to 25 cents a dozen. Carlot prices of Ontario fresh eggs were from one to two cents lower, extras at 29 cents and firsts at 24 cents both losing two cents. Pullets were unchanged at 23 cents and seconds declined a cent at 19 cents a dozen. Storage extras, in carlots, were two cents lower at 20 to 21 cents a dozen. To retailers quotations of eggs, in cartons were reduced from one to two cents as previously announced. Receipts totalled 1,029 cases.

Current cheese gained a quarter of a cent at 9¾ to 10 cents a pound while summer make held unchanged at 12 to 12½ cents a pound. Receipts were 36 boxes.

The potato market was steady, quotations per 80 pound bag being 30 to 40 cents for Quebec whites and 50 to 55 cents for Quebec and New Brunswick green mountains.

SUGAR

NEW YORK, N. Y., Jan. 11—Raw sugar was unchanged today at 3.20 for spots.

The demand for nearby sugar was still in evidence, but it was not as urgent as at the close of last week, while offerings for late January and early February arrival were more liberal.

No sales were reported but buyers would probably have paid 3.20 for sugars in nearby positions; these were held at slightly higher levels, and no interest was shown in February arrivals.

Approximate sales 9,150 tons. Jan. closed 1.05, Mar. 1.08, May 1.12, July 1.16, Sept. 1.21, Dec. 1.28.

The refined market was unchanged at 4.20 for fine granulated but one of the local refiners announced an advance to 4.25 at the close tomorrow. A southern refiner announced an advance to 4.30. Other local refiners are expected to follow, and in advance of this, a better inquiry was reported.

COTTON

NEW YORK, N. Y., Jan. 11—Cotton futures closed steady. Closing bids: Jan. 639; Feb. 644; Mar. 650; Apr. 658; July 684-85; Aug. 693; Sept. 701; Oct. 709; Nov. 717; Dec. 725. Spot closed quiet, middling 655.

Bomb Thrower Pleads Guilty

MONTREAL, Que., Jan. 11. (By the Canadan Press)—Having pleaded guilty of attempting to blow up a club in which the Hungarion Roman Catholic Church of St. Emerick Choir was practicising, Joseph Mascuha, 31, was sentenced to one year in jail and deportation by Judge Marin in arraignment court.

A home made but powerful arrangement of gunpowder and nitroglycerine, the gunpowder in tomato cans with a string as fuse, and other explosive in a bottle, the whole sufficient to wreck the building housing the St. Emerick Club, was found in a basement underneath the room in which the choir was practising on Friday night. The janitor made the discovery when attracted by noise in the basement, doused the lighted candles that would have set fire to the fuses, and grabbed Mascuha, holding him until aid arrived.

In his confession Mascuha stated that jealousy and a desire to "get back' at a former friend, a member of the choir, were the motives. The court did not press for details of a love triangle at which Mascuha hinted.

BOSTON, Mass., Jan. 10.—Answering rumors circulated recently concerning affairs of the Atlantic National Bank of Boston, 100 prominent New England men last night arranged for the subscription of $10,000,000 new capital for the bank.

The rumors which federal and local officers have been investigating were to the effect that the bank could not meet its obligations.

LEISURELY LUNCHEONS FOR FRENCH DEPUTIES

PARIS, January 11.—Members of the French Chamber of Deputies insist on having plenty of time to enjoy and digest their meals. A good two hours or more is what they demand and usually they got it.

Normally their morning sittings, begun at nine-thirty, finish about noon. The national "dejeuner" or lunch, can never be negotiated before three o'clock.

When a night session is needed, the Chamber adjourns shortly before eight and does not meet again until ten. The deputies come back to the Palais Bourbon often in aggressive mood and some of the best eloquence is produced at those after dinner seances—also some of the worst.

If a night debate drags on unduly, the deputies always have recourse to their own buffet, which they support by a contribution levied on their salaries.

Reparations Payments Cause Indignation

VIENNA, Jan. 11.—(A.P.)—Newspapers of central and south eastern Europe put the whole reparations problem up to the United States to solve in their comment today on Chancellor Bruening's declaration that Germany was unable to make further payments.

The Vienna Reichs Post said it was impossible "to predict the consequences to the whole of Germany's step."

"War debts and reparations can not any longer be separated and this primarily concerns America, who holds the key to the situation," the newspaper said.

WINNIPEG

WINNIPEG, Man., Jan. 11—(By the Canadian Press)—Light offerings coupled with firmness in outside markets gave a lift to what prices in the grain pit here today. May and July deliveries closed ½ cent higher than Saturday's level.

May closed at 63⅛ and July at 64⅛.

Sentiment was quite friendly and it required very little support to advance the market. Broomhall reported dearer offerings from Argentine shippers and a weaker sterling market, both of which were factors in the firmness in Liverpool wheat.

An increase of one and a half million bushels in the world shipments of wheat and wheat flour and reports that stocks of Russian wheat in store at British ports were steadily passing into consumption gave the foreign news a more bullish tone.

Cash wheat trade was indifferent and trading in coarse grains slow. Prices were fractionally higher in sympathy with wheat.

CHICAGO

CHICAGO, Ill., Jan. 11—Late bulges in grain values resulted today from stock market rallies and from 1,183,000 bushels decrease of the United States wheat visible supply.

The visible supply decrease contrasted with an increase of 1,774,000 bushels at this time last year. Primary domestic receipts of wheat continued to be surprisingly small, and this circumstance more than offset dearth of export demand.

Wheat closed firm ⅝-1⅛ higher than Saturday's finish, corn ¼-½ up, oats unchanged to ⅜ advanced, and provisions unchanged to a rise of 5 cents.

Advocate Creation Dept. of Bankruptcy

CALGARY, Alta., Jan. 11—(By The Canadian Press)—Creation of a department of bankruptcy in the federal government is advocated in the report of a special committee appointed by the Canadian Bar Association in 1930, which has just completed an inquiry into the workings of the Bankruptcy act. Several important changes are recommended in the report to eliminate prevalent abuses of the act.

Five amendments, suggested in the committee's report, follow: (1) That a department of bankruptcy be created; (2) That a policy of licensing trustees be adopted; (3) That the office of custodian be abolished; (4) That when a receiving order has been made, by the court, after hearing the views of the principal creditors, a licensed trustee be appointed as trustee of the estate; (5) That the official receiver when accepting an assignment should do so with power to the creditors at the first meeting either to confirm the appointment of the trustee or appoint another.

The report also advocated that every dector should be compelled to undergo an examination before the registratar or judge. This should be a thorough examination of conditions leading up to bankruptcy, the court declares.

The Calgary Boad of Trade is studying the report on the request of the committee which seeks its comment on the advisability of the proposed change.

Entombed Miners All Rescued

BEUTHEN, Germany, Jan. 11 — (A.P.)—Given up for dead, seven of fourteen miners entombed Monday when an earthquake rattled tons of dirt into a coal pit were rescued today and this tiny community was seized with hysterical joy.

Rescue workers, who have been on the job constantly for 144 hours, renewed their efforts to reach the others, who it was hoped were still living.

Women who thought they were widows dragged their children to the mine while the men were brought to the surface.

Montreal Market Sidelights

MONTREAL, Que., Jan. 11—(By the Canadian Press)—Failing to respond to strength in other financial centres, the Montreal Stock Exchange today went through a quiet session in which the principal interest centred in the moderate activity and fractional advance of Canadian Pacific Railway in line with strength in carrier stocks at New York.

International Nickel, Brazilian Traction, Smelters, Canadian Car, Massey Harris and other popular stocks moved in narrow limits to close with little change from Saturday. Total trading, at 4,389 shares was fully 2,500 shares under last Friday's total.

Canadian Pacific assumed the active leadership with sales in 1,421 shares to advance to 16½ with the close at 16¼, up ¼ on the day. Other changes, to which little significance could be attached, included: Massey Harris, up ¼ at 4½; Nickel, up ⅛ at 10⅛; Cockshutt, off ½ at 4½; Smelters, off ½ at 70½; Canadian Car Preferred, off ½ at 15½; Brazilian, off ¼ at 11¾.

In the bond division, Conversion, 1956, closed at $88.50, off $2.50. National Service Loan, 1941, lost 25 cents at $96. Total sales were $13,500.

Sterling closed at $4.02 5-6 and United States at a premium of 18¾ per cent.

The exchange announced that effective tomorrow minimum prices would be removed from a number of stocks including Cockshutt Plow, Winnipeg Electric, Lake of the Woods, B. C. Power "B" and others.

MONTREAL, Que., Jan. 11—The Montreal Stock Exchange announced a further list of stocks, which the minimum prices will be removed tomorrow morning.

This list includes:—Atlantic Sugar Preferred, B. C. Power "B", Cockshutt Plow, Lake of the Woods, McKinnon Steel Common and Preferred, Sherwin-Williams, Viau Biscuit and Winnipeg Electric.

Revisions are to be made effective tomorrow morning in the following list:—Canada Cement Preferred from 64¼ to 60; National Steel Car, 12½ to 10; Ontario Steel Products Common, from 13 to 10, Preferred, from 105 to 103, Southern Canada Power, from 29 to 25; Steel of Canada, 21¾ to 20; Montreal Cottons Preferred, from 100 to 95.

(Canadian Press)

MONTREAL, Que., Jan. 11—Encouraged by the continuation of last week's firmer market in today's trading on the Wall Street market, the local list continued to present a steady appearance, even while volume and interest remained at the low ebb of recent times. The average price of twenty representative stocks advanced .04, with all movements confined within the narrowest of limits, C. P. R. and International Nickel, of the inter-listed issues, advancing small fractions, while Brazilian was off ¼ at the close here. The immediate prospect for security markets appears bound up with international affairs and much can be hoped for in the forthcoming conferences on debts and reparations, because the present critical situation calls for more or less immediate and constructive attention.

In a general sense, life insurance institutions are least affected by depressions. Life insurance is a long-term proposition and rather than sell during depressions, insurance companies must hold their securities. Insurance companies own outright all their securities, and they are not interested in market values but returns. Investments are semi-permanent, and insurance companies as a whole, every year, have a large excess of income over expenditures to invest. Rather than liquidate in depression times insurance companies are, therefore, investing funds.

Favors Idea of Cancellation

LONDON, Jan. 11—War debts and reparations will be paid either in something other than gold, or at the cost of the economic collapse of the entire western world, Sir William Beveridge, British economist, said in a speech here today..

"Nationalism," Sir William added, "is bad economics, as well as bad humanity."

The speaker expressed the hope that the United States would decide this year to participate in what he termed "necessary International co-operation," to pull the world out of its present economic lethargy."

Sir William said he favored the cancellation of past obligations, especially those connected with the Great War and therefore "more political than economic," following which he would "tackle the problem of controlling money and making prices more stable."

Matrimonial Record Claimed For Manitoba

WINNIPEG, Man., Jan. 11—(By The Canadian Press)—A new record, matrimonially speaking, is claimed in Manitoba today that will take some beating. Nothing quite so speedy has ever before occurred in this province.

On April 14 last year Rose Doriman and Max J. Chavin were united in the silken bonds by Judge St. G. Stubbs in a civil ceremony at the law courts building. One month later, Max apparently tired of his lady love, sought a separation.

Petition for divorce was started immediately and today the knot was partially untied. The final decree will go into effect six months from today when each will be free to set sail once more on the sea of matrimony, if they so desire.

Manitoba's Grand Old Lady 105

WINNIPEG, Man., Jan. 11—(By The Canadian Press)—The "Grand Old Lady of Manitoba" is a title well merited by Madame Joseph Gladu, of High Bluff, Man. On Christmas day she celebrated her 105th birthday by assisting in the midnight mass. Familiar figure in the community, she often is seen driving about the countryside in her buggy.

Born in Vancouver in 1825 Josephine Le Braine she was adopted and taken to the Peace River territory at the age of nine years. Later she moved with her family via Edmonton and Fort Simpson to Norway House, on Lake Winnipeg, to Middlechurch, Man. Here she married. Five of ten children survive.

People with nothing to do seem to make a cult of being behind time, just as busy people consider punctuality a god.

Preparing For Lake Placid Sports

CAMBRIDGE, Mass., Jan. 11. (By the Canadian Press)—Alfred Winter, United States olympic hockey coach is sounding out Harvard Athletic officials regarding the availability of Captain Charley Cunningham and Berry Wood, stars on the crimson's sextet, for the international contests at Lake Placid from Feb. 4 to 13. Harvard has withdrawn from the elimination series. Windsor announced that the University of Minnesota entry in the Olympic hockey elimination series would invade Boston either next Wednesday or Saturday to oppose the Boston-New York team.

The game between Minnesota University and the Boston-New York All Stars has no direct bearing on the team to be chosen to represent this country at Lake Placid, however, in New York, R. J. Trimble, chairman of the Olympic committee, stated the team would be chosen Jan. 20 and will be made up of stars from various clubs.

"Sergeant of Verdun" Honored

PARIS, Jan. 11. (A.P.)—Andre Maginot "Sergeant of Verdun" who served his country in the trenches during the war and later as Minister of War devised great defensive projects on the eastern frontier of France, was honored in death yesterday with the highest homage of the French nation.

Within the shadow of Napoleon's tomb, the man who served as a private was given a national funeral similar to those of Marshals Joffre and Foch.

France's three last marshals followed the coffin from the Ministry of War to the Church of the Invalides. There Cardinal Verdier pronounced absolution and Premier Laval paid homage to M. Maginot as a simple soldier patriot in a eulogy during which he stressed France's love of peace.

"A soldier of Verdun, wounded in the war, died on duty' 'was the way in which the premier summed up the life of the late war minister.

Grave Feeling Over Native's Action

WASHINGTON, D. C., Jan. 11. (By the Canadian Press)—Possibility developed last night of a congressional investigation into the tense situation at Honolulu growing out of assault on a naval officer's wife and killing of a native.

Representative Britten of Illinois who was chairman of the House Naval Committee under Republican regime, said he was seeking more information on conditions in Hawaii, but thought a congressional airing would be desirable.

He would oppose, he said, any effort by the navy to deal by court martial with those held for killing of a Hawaiian.

Briten said he was particularly opposed to permitting the situation to interfere with the scheduled naval manoeuvres around Hawaii next month.
