## For the Children.

To Keep Their Digestion Perfect Nothing is so Safe and Pleasant as Stuart's Dyspepsia Tablets.

Thousands of men and women have found Stuart's Dyspepsia Tablets the safest and most reliable preparation for any form of indigestion or stomach trouble.

Thousands of people who are not sick, but are well and wish to keep well take

Stuart's Tablets after each meal to insure perfect digestion and avoid trouble.

But it is not generally known that the Tablets are just as good and wholesome for their little folks as for their elders.

Little children who are pale, thin and have no appetite, or do not grow or thrive, should use the tablets after eating and will derive great benefit from them.

Mrs. G. H. Crotley, 538 Washington St. Hoboken, New Jersey, writes: "Stuart's Dyspepsia Tablets just fill the bill for children as well as for older folks. I've had the best of luck with them. My three-year old girl takes them as readily as candy. I have only to say 'tablets' and she drops everything else and runs for them."

A Buffalo mother, a short time ago, who despaired of the life of her baby, was so delighted with the results from giving the child these tablets that she went before the notary public of Erie Co., N. Y., and made the following affidavit:

Gentlemen:—Stuart's Dyspepsia Tablets were recommended to me for my two-months-old baby, which was sick and puny and the doctors said was suffering from indigestion. I took the child to the hospital, but there found no relief. A friend mentioned the Stuart's Tablets and I procured a box from my druggists and used only the large sweet lozenges in the box and was delighted to find they were just the thing for my baby. I feel justified in saying that Stuart's Dyspepsia Tablets saved my child's life.

Mrs. W. T. DETHLOPE.

HENRY KAIRNS.

Notary Public in and for Erie Co., N. Y.

For babies, no matter how young or delicate, the tablets will accomplish wonders in increasing flesh, appetite and growth. Use only the large sweet tablets in every box. Full sized boxes are sold by all druggists for 50 cents, and no parent should neglect the use of this safe remedy for all stomach troubles if the child is ailing in any way regarding its food or assimilation.

Stuart's Dyspepsia Tablets have been known for years as the best preparation for all stomach troubles whether in adults or infants.
