THE NEW OVERLAND

As Water Cushions the Canoe, Overland 4 is Cushioned from the Road by the Hundred and Thirty Inch Spring Base

The exclusive new Slanting Springs give Overland 4 a degree of Riding Comfort formerly thought impossible in a light car. They make all roads SEEM smoother. They free passengers from fatigue and discomfort. They preserve the car from strain and wear.

These Springs, diagonally attached at the ends of a 130-inch Spring-base, gives the Overland 4 the riding ease and road steadiness of large, heavy cars of long wheel base.

Yet Overland 4 has all the driving ease of 100-inch actual wheel base.

The thorough quality and endurance of this unusual car have been proved in 250,000 miles of tests under every possible condition.

Equipment is complete from Auto-Lite Starting and Lighting System to Demountable Rims.

You must ride in the New Overland 4. The longer you ride in it the more you will like it, and praise it.

WE BELIEVE THAT THE NEW OVERLAND 4 IS THE BEST CAR OF ITS CLASS IN THE WORLD. WE ARE STRONG IN THIS BELIEF. BEST IN ITS CLASS IS A STRONG PHASE, ISN'T IT? BUT NOT TOO STRONG TO SUIT THE CAR.

The Car alone of all cars built in Canada meets the demand for the inherent advantages of the small car-lightness, economy of operation and upkeep, and driving ease. It is built throughout of the very finest materials and with the quality of workmanship heretofore associated only with a small group of cars of extreme size and weight.

No Car takes precedence over the New Overland 4 in ultra-smartness of design, beauty of finish and completeness of equipment. You will appreciate the performance of this car with the new 130-inch Spring Base and the deadening effects, with which the Slanting Spring takes a blow from the road.

FOR THE FARMER, FOR THE MILLER

or for ANY PERSON who needs to carry goods or produce, in the Car. The upholstering in the rear compartment can all be snapped out or replaced again in a few seconds, and the car is again ready for passengers. It's the only car we know of in which this can be done. It is the only car we know of with springs which cannot be broken except with a sledge.

The price of the five-passenger New Overland 4 Touring Car, with spare tire and tube, and complete set of tools, jack and pump is.....$1355.
The New Overland Four Roadster, with the same equipment is the same price. The Two-passenger Coupe, $2105, and the Sedan.....$2255
We have opened an office at 130 Great George Street, near Crabb's Corner; also a Show Room at the McKinnon Drug Co. Corner. At either place we shall be glad to meet you, and to show you the finest line of cars and trucks in the province.

ANGLO RUSTICO SCHOOL

The semi-annual examination of Anglo Rustico School was held on December 23rd. The school was tastefully decorated for the occasion, and the large number of visitors and ratepayers present indicated the interest taken in pupils and teacher. The various classes were examined in the different subjects: English, Spelling, Arithmetic History, and Latin by their teacher Miss Ruth Moffatt, assisted by Mr. John H. Buntain. The ready and correct answers showed that they fully understood the subjects studied.

The closing exercises consisted in a programme of choruses, recitations and dialogues which were rendered in a satisfactory manner.

The teacher was then presented with a beautiful Xmas gift by Bessie Stevenson in behalf of the pupils, while Edna LePage read the following address:

Dear Teacher:—We the pupils of Anglo Rustico School feel that we cannot let the Xmas season pass without showing in a small measure our appreciaion for you.

As a teacher you have been patient and untiring in your efforts to train our minds for future usefulness; and in asking you to accept this small gift, we hope our relation to you as teacher will continue to be both pleasant and profitable.

Wishing you a very Merry Christmas and a Happy New Year.

Signed in behalf of the pupils.

EMBARGO ON IMMIGRANTS

MONTREAL, Jan. 13.—Attention of shipping companies has been called to order in Council No. P. C. 2429, which lays an embargo on the entrance into Canada for the time being of immigrants who are mechanics, artisans or laborers, skilled or unskilled, unless they possess a monitary qualification of $550 as well as transportation to destination. This restriction operates from the 31st of December last and will remain in force until March 31st, unless otherwise ordered.

Viscount Grey Arrives Home

SOUTHAMPTON, Jan. 13.—Viscount Grey, British Ambassador to the United States, arrived here this morning on board the White Star liner Adriatic. He said he had no official statement to make, but was prepared to return to America in either an official or private capacity.

Says a Corn Acts Like Electric Bell

TELLS WHY A CORN IS SO PAINFUL AND SAYS CUTTING MAKES THEM GROW

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of freezone. This will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn, shrivels up so it lifts right out, root and all, without pain. This drug never inflames or even irritates the surrounding tissue or skin.

Think of it

There is hardly a stage of our existence when a really good Photo is not a welcome gift to some one, or is needed for some distant relative, or for a thousand and one other reasons.
