THE CHRISTMAS FARMER'S ADVOCATE.

"The Golden Fields are waving,
The sun sets golden red.
A sleeping Empire's waking,
An Empire's day is breaking,
A maiden Empire's making
A mother Empire's bread."

The above lines were written by Cy. Warman, the clever American author who makes his home in Canada, for the beautiful colored frontispiece of the Christmas Farmer's Advocate, of London, Ont., to which the readers of that ever-popular periodical have been treated. Some idea of the magnitude of the issue may be seen from the fact that it actually required over 16½ tons of paper to print it! Some 30 or 40 specially-written articles on every phase of agriculture and kindred themes by the most eminent writers on this continent and in Great Britain, appear in its 80 pages' which are embellished with 160 photogravures and reproductions of many of the best of modern paintings. It is a unique production, every page disclosing something of interest and value. We congratulate the Farmer's Advocate on its success, and the farming interests of this country on having such a splendid exponent. With a large and competent staff thoroughly understanding the practical needs of all departments of agriculture, the Advocate has laid plans for 1903 that make it indispensable to the man who wants a reliable and high-class farm paper at a very modest outlay.

THE I. C. R. MUST PAY.

TRURO, Dec. 24.—A prominent lawyer, a leading liberal, tells The Mail, that if there are grounds for action he will sue the government for damages in connection with the death of Charles McNutt, who was killed at the I. C. R. coal chute at this place while coaling an engine on the 24th of November last. He would do it for the sake of the widow and family, who are in poor circumstances. At all events the gentleman is going so inquire into the matter, and it is not at all unlikely that action will be brought.

ON Xmas eve Dec. 24th at the home of Murdock Graham, Bradalbane was the scene of a very pretty wedding, when their eldest daughter Flora Ann was united in marriage to Alex M. Leod of Hazelville. The ceremony preformed by the Rev. J. W. McLean of Strathalbyn in the presence of a host of friends and acquaintances. The bride was very neatly and tastefully attired in a suit of light blue cloth trimmed with white silk and appliques and was attended by Euphemia McLear, sister of the groom while the groom was ably supported by Angus Graham, brother of the bride. After congratulations all repaired to the dining room where a sumptuous repast was prepared in the best style to which all did ample justice. The bride was the recipient of many handsome and costly presents, among them being a fur coat from her father.

IN the death of B. F. Dennison, Esq. of Philadelphia the order of the Sons of Temperance has lost one of its most gifted and honored leaders. In the year 1884 he was elected to the position of Most Worthy Patriarch of North America. He attended the National Division at its session in Charlottetown in July 1901, and was one of the speakers at the public meeting of welcome held at that time in the First Methodist Church. In the language of a prominent writer in Halifax, we can truly say, Bro. Dennison was a gifted and most devoted Son of Temperance, a warm hearted christian and citizen and foremost in every good work for the uplifting of humanity. His death took place on Monday the 15th of December, instant.

SEVERAL travellers arrived yesterday in Sackville, via the Maritime express, which reached here about 4 o'clock, too late to allow these belated travellers to proceed towards Charlottetown via the N. B. & P. E. I. Railway, as they had fondly hoped to do. We cannot truthfully say that their curses were "loud" or even "deep," but we have reason to believe they might be. At Moncton they sought satisfactory information as to the Capes route, but they failed to elicit any. The idea expressed that employes of private roads were more apt to fulfil their obligations to the travelling public than those of government roads. About this we were unprepared to make a statement and could only deplore our utter helplessness at the hands of these brass buttoned officials. To which we received the vigorous reply "what about the press of the country? has the "pen" no power? We meekly suggested that the "sword" might be more effective.—Sackville Post.

HAMILTON'S PILLS CURE CONSTIPATION

THE death took place at Hartsville, Strathalbyn, on December 15th, of Elizabeth, relict of the late John Macleod, in the 95th year of her age. Deceased was an exemplary christian woman, a humble and devoted follower of Jesus, she ever sought to adorn the doctrine of God her Saviour in all things. Though having attained to such an age she retained the use of her faculties to the end. During the last six months she was not confined to her bed one day and rarely failed to breakfast with the other members of the family. It was while in the act of dressing in the early morning that the summons came and in a few minutes she peacefully passed away. Her husband, two sons and two daughters preceded her. Five sons remain, one of whom is the Rev. A B. Macleod of Coldstream, N. S.

NOBODY IS EXEMPT.

A New Preparation Which Everyone Will need Sooner or Later.

Almost everybody's digestion is disordered more or less, and the commonest thing that they do for it is to take some one of the many so called blood purifiers, which in many cases are mearly strong cathartics. Such things are not needed. If the organs are in a clogged condition, they need only a little help and they will right themselves. Cathartics irritate the sensitive linings of the stomach and bowels and often do more harm than good.

Purging is not what is needed. The thing to do is to put the food in condition to be readily digested and assimilated. Stuart's Dyspepsia Tablets do this perfectly. They partly digest what is eaten and gives the stomach just the help it needs. They stimulate the secretion and excretion of the digestive fluids and relieve the congested condition of the glands and membranes. They put the whole digestive system in condition to do its work. When that is done you need take no more tablets, unless you eat what does not agree with you. Then take one or two tablets give them needed help and you will have no trouble.

It's a common sense medicine and a common sense treatment and it will cure every time. Not only cure the disease but cure the cause. Goes about it in a perfectly sensible and scientific way.

We have testimonals enough to fill a book, but we don't publish many of them. However—Mrs. E. M. Faith, of Bird's Creek, Wis., says:

"I have taken all the Tablets I got of you and they have done their work well in my case, for I feel like a different person altogether. I don't doubt if I had not got them I should have been at rest by this time."

H. E. Willard, Onslow, Ia., says: "Mr. White of Canton, was telling me of your Dyspepsia Tablets curing him of Dyspepsia from which he suffered for eight years. As I am a sufferer myself I wish you to send me a package by return mail."

Phil Brooks, Detriot, Mich., says: "Your Dyspepsia cure has worked wonders in my case. I suffered for years from dyspepsia but am now entirely cured and enjoy life as I never have before, I gladly recommend them.

It will cost 50c to find out just how much Stuart's Dyspepsia Tablets will help you. Try them—that's the best way to decide.

Ring out the Old, "Ring in the New." Happy New Year to you.
