## Practical Fashion Hints

There are quite a few new touches to distinguish the separate blouse of today from its predecessors of some seasons ago. Although they are charmingly simple, more attention is given to the details, collars, cuffs and sleeves than ever before.

Number 7713 combines a drop shoulder with a raglan sleeve. This may be in full length or in elbow length with turn back cuff, as illustrated. The stitched tucks down the front and the sailor collar are other effective points.

Crepe de Chine has been one of the most popular materials for these blouses this season, and cotton crepe is also favored because of its wearing and washing qualities.

The most practical way of setting in the sleeve, where the waist has a drop shoulder, is to stitch it before closing the underarm seam of the blouse and the inside seam of the sleeve. These may then both be joined in one long seam after the sleeve has been adjusted. This method makes it much easier to get the line of stitching around the armhole even and neat.

To make this design in size 36 it requires 2 1/2 yards of 36 inch material. The pattern is cut in 6 sizes; \$2 to 42.

This is a Perfect Pattern.

Be sure to state right size, measuring over the fullest part of the bust for dimensions.

It may be obtained by filling out the coupon and enclosing 15 cents in stamps or coin to the Pattern Department of this paper.

## VICTORIAS WIN DOUBLE HEADER

### Closely Contested and Clean Senior Game. Intermediate Game Marked with Unnecessary Roughness.

The 2nd last game scheduled to be played in the Island League series took place last night at the Charlottetown Arena, in the presence of a small number of spectators. The game although lacking the interest attached to a championship match, was perhaps the most closely contested one of the series, although the total score might indicate otherwise. At half time the result was a tie, at which it remained until, within 5 minutes before the end, the teams seemed to be very evenly matched, the Victorias plying the same team as on a previous occasion, while the Abbies were mixed two of their regular men, including their star goal tender, Van Idersing, both of whom were unable to play. This perhaps would point to the fact that they might otherwise have done better.

Both teams however have played their last games this season in the Island League, the Vics winning 3 and losing 3 games. The Abbies on the other hand met with rather hard luck losing all 6 games.

It was not until 8:55 o'clock that both teams were ready for action last night, owing to a delay on the part of the Abbies in getting their team together. The game in starting was up to the usual standard and some whirlwind rushes along with frequent combinations marked a somewhat exciting period in the first half. On a combination run from end to end of the rink, 3 minutes after commencement the Abbies scored the first goal, followed in 4 minutes by another, which resulted from clean stick handling of Lou Campbell. This made the Vics sit up and take notice, and by a nice combination run they scored the first goal, 3 minutes later. "Larry" Frowse evened the score. Play continued very evenly, the puck traveling from one end of the rink to the other, when it was captured by Gordon and after a brilliant rush the length of the rink, notched 3 for his team. One minute later Lou Campbell, by a long shot from centre ice made the sign read, Abbies 4, Vics 2. The play during this time was free from any of the usual tripping and roughness seen in previous games and it was not until after 20 minutes play that Phillips received a light penalty for tripping. Cheverie now took a hand and in one of his end scored the Vics 3rd goal, and soon after in a mix-up the Vics added another, which ended the first half, the score being 4-4. After the usual interval play was resumed at 9:45 and immediately, Rodd, who has won a reputation in hockey circles this winter, took the puck to the Abbies end and tallied the leading goal. Cheverie, at this stage was penalized for tripping. Phillips now took a hand at scoring and from a well-directed shot from centre ice found the net for the Abbies, evening

the score again. C. Campbell took a turn on the boards for tripping. About 5 minutes later the Vics scored another, followed shortly after by the Abbies, evening the score again, 6-6. At this stage, intense interest prevailed with about 5 minutes to play and the score a tie, when the Vics suddenly took a scoring streak, Cheverie adding number 7, by another of his excellent runs. Shortly after they scored two in succession, thus ending the game, Abegweits, 6; Victorias, 9. The excellent stopping of Morgan in goal was an interesting feature of both games last night, he having played his first senior game replacing Van Idersing, Phillips another intermediate man did well, and the other players of both teams played an excellent game. The line-up follows:—

VICS	Goal	ABBIES
Moran	Point	Morgan
Cheverie	C. Point	Whitlock
W. Frowse	R. Wing	C. Campbell
Milford	L. Wing	McTague
L. Frowse	Rover	Phillips
Callaghan	Centre	Gordon
Rodd		L. Campbell

The Intermediate game was a decided victory for the Victorias by the score of 7 to 1. This game was more of an "old time wood chopping frolic" than a real hockey match. The players indulged too freely in "dirty work," two fistic engagements made a disgusting spectacle for the onlookers, one of which ended in the participants, one from each team, being removed for the remainder of the game. This kind of "sport" has already been referred to in the press, but at this stage the spectators can judge as to who were the "real sports" in last night's intermediate match. The Vics again played their regular men in this game, while the Abbies had 3 changes from their former team. The following was the Intermediate line-up:—

VICS	Goal	ABBIES
McNair	Point	Morgan
Blanchard	C. Point	Burke
R. Gillis	Rover	Phillips
Murley	Centre	Power
Lane	R. Wing	Nelson
Gregory	L. Wing	Smith
R. Gillis		Phillips
Messers Herrall and Murnaghan		referred both games in their usual satisfactory manner.

## CHESS

The eighth meet of the Charlottetown Chess tournament was held in the usual place last night. The attendance was fairly large and the enthusiasm was rampant. The result of last night's play is as follows:—Woodman licked Ross and May; Tanton trounced Louison, which aroused the latter's ire to such a pitch that in the next round he got his pom-poms and other heavy artillery to bear upon Tanton's cavalry with such effect that the latter was routed horse, foot and artillery. This is the second time in the whole contest that Tanton's cavalry brigade has been squelched. Worthing out amongst the doctor's blue pills failing to take effect. May succeeded in plucking three bouquets out of Gardner's horticultural preserves. Honors are now pretty even between Woodman's foxy axe and the Tantonian phalanx. The others are trailing behind and hoping that the future may have something in store for them with which they can administer a drubbing to the gladiators. The tournament will be continued in the Dalton offices nightly. All lovers of chess are always welcome, and ladies doubly so.

P. S. It should be noted that Tanton and Louison shook hands when the battle was over. Lay on McDuff, etc. etc.

### Kidneys Wrong?

If they are you are in danger. When through weakness or disease the kidneys fail to filter the impurities from the blood, trouble comes at once. Backache, Rheumatism, Sciatica, Gravel, Diabetes, Gall Stones and the deadly Bright's Disease are some of the results of neglected kidneys. Dr. Morse's Indian Root Pills contain a most effective diuretic which strengthens and stimulates the kidneys so that they do their work thoroughly and well. Try Dr. Morse's Indian Root Pills.

## Look Cheerful

The greater part of one's time is spent within the home, therefore the home should be as Bright and Cheerful as possible. Perhaps you are amongst those who in the past have found it difficult to obtain the services of just the Painter & Decorator you would like, one who understands his work thoroughly, and will carry out your wishes in detail, as well as being capable of giving practical suggestions, when needed, gained from several years of experience coupled with a study of the painting trade, and one who moves forward with the times.

It will be interesting to any who are contemplating the decorating of the homes, to know that such a firm is now open for business in Ch'town and solicits a share of the patronage.
