D. W. Ross, Bayview, P. E. Co. N. S. pur chased a pair of yearling Southdown ewes from the winning flock of Robert Farne's Vernon River, P. E. I. One of these was first at Charlottetown. The main difficulty experienced by Mr. Furness is in raising them fast enough. He also has the Dominion fattening station at Vernon River and has unbounded faith in the poultry business. —Marie Farmer.

THE Maritime Farmer and Co-operative Dairymen speaking on the question of cool curing of cheese says:—It is daily becoming more evident that the cheese of the future is that which has been cured in a cool room. Buyers and scientific experts frequently point out this as the reason for the present ascendancy of Prince Edward Island cheese, that their natural conditions are a much nearer approach to what it is now claimed is best than can be found elsewhere.

On the eve of his departure Tuesday Oct. 13th the members of Hampshire Methodist choir assembled at the home of Winnie Proud for the purpose of showing their appreciations to him for his valuable services rendered as a member of their choir. H. McLean being present on the occasion made known in his usual genial and eloquent manner the object of their gathering. James McLeod then treated the assemblage to some rare violin music after which a short address was read by G. McNeill of the high esteem in which Mr. Proud was held by all who knew him. To this Mr. Proud made an appropriate reply. A stump speech by Thomas Bowman caused much mirth, song by Miss C. Stewart, "The Boy Behind the Plough," Dialogue by Alva C. Bowman and Mabel Tremere; May Stewart then entertained the company by singing some good old selections one of which was "Should Auld Acquaintance be Forgot?" M. S. Edward presiding at the piano. This happy meeting was then brought to a close by the choir singing "God be With You till We Meet Again." Mr. Proud leaves for Humboldt, Minn., where he has secured a lucrative position as book-keeper in the firm of Gordon & Ironside, Hampshire, Oct. 21st.

**FREE TO EVERYONE.**

A Priceless Book Sent Free for the Asking.

"There be books and books," some edifying, others entertaining, and still others instructive. The average man is so busily engaged in the labor of money making that he has little time and less inclination for books which instruct; hence when he feels out of sorts, either he gives no heed to Nature's warning, or he consults a physician, at an expense which a little knowledge would have enabled him to avoid. There is probably no complaint upon which the public is so little informed, as hemorrhoids, or piles; this little book tells all about their nature cause and cure; it treats of the different forms of blind, itching and protruding piles describes their symptoms, and points the way to a cure so simple and inexpensive, that anyone can understand and apply. The importance of promptness and thoroughness is vital, for the disease will not cure itself, and Nature, alone, unaided, will not accomplish a cure, while the consequences are too painful for detailed description. You are told how piles originate, the reason for their appearance usually being that some of the rules of correct living have been violated, and (what is more to the point) how you may rid yourself of this bane of human existence. All affections of the rectum are treated in simple plain language, so that all may understand, and learn how the cause may be removed. Many people suffer from piles, because after trying the numerous lotions, ointments and salves that are on the market, without relief, they come to the conclusion that a surgical operation, is the only thing left to try and rather than submit to the shock and risk to life of an operation, prefer to suffer on. This little book tells how this may be avoided, and a cure be effected without pain, inconvenience or detention from business. Write your name and address plainly on a postal card, mail to the Pyramid Drug Co., Mer-hall, Mich., and you will receive the book by return mail.
